ANNUAL REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen is pleased to submit this annual report for the year ending December 31, 2010.

As the Town of Westport entered the second decade of the 21st Century, the Board of Selectmen continued to confront the fiscal challenges of one of the worst economic downturns in American history.

Despite this, through teamwork and cooperation, the Board of Selectmen worked with departments, boards and commissions throughout the Town to provide quality services to Westport citizens. In January, Selectmen joined the Trustees of the Westport Free Library in opening a major addition to the library made possible by the generosity of the Manton Foundation. The Board salutes the Manton Foundation as an exceptional community citizen and the Library Trustees for their hard work and dedication.

Ushering in a new sense of cooperation between Town Departments and the Schools, February saw the introduction of a joint budget by the Town Administrator and School Superintendent. The Board also worked with the School Committee in advocating for the transfer of funds to support vital educational programs for the school system. This culminated in a special town meeting in March with one of the largest number of attendees in recent memory.

In late March and early April, Westport found itself in a state of emergency prompted by excessive flooding. Members of the Westport Police, Fire and Highway Departments worked endless hours during the emergency. Westport Emergency Management personnel spearheaded recovery efforts along representatives of the Board of Health, Conservation Commission and Building Department. The Board salutes the dedication, professionalism and service of all involved.

In late April, the Board faced a flood of a different kind- red ink- when a proposed \$1.5 Million override failed at the polls. Immediately, the Board of Selectmen again implemented a process known as consensus budgeting to cooperatively formulate a strategy. Voters in April also elected Richard Spirlet to the Board. The Board wishes to thank outgoing Selectmen Gary Mauk for his service.

The month of May was highlighted by budget deliberations. Central to the success in dealing with the defeat of the override was the creation by the Board of Selectmen of the Budget Subcommittee. The Budget Subcommittee, composed of two Selectmen, two members of the Finance Committee and two School Committee members, helped bridge differences and build consensus. Hard work, teamwork and cooperation with the Finance Committee and School Department resulted in a compromise budget that was successfully passed at the Annual Town Meeting in June.

With the cooperation of Town departments and leadership by the Board of Selectmen, the Annual Fourth of July parade was held despite earlier fears that it would fall the victim of budget cuts. Later in July, the Town celebrated the grand opening of Fire Station No 1 on Hixbridge Road. This project came in on time and under budget. The Board of Selectmen wishes to commend the Fire Station Building Committee for their hard work and dedication.

In August, the Board of Selectmen joined state legislative leaders and the Commissioner of the Department of Conservation and Recreation in making another milestone in the ongoing improvements to Horseneck Beach. These investments have not only upgraded the facilities but have led to an increase in the amount of monies that the state provides the town.

As the Labor Day holiday in September marked the close of summer, Westport Emergency Management personnel once again demonstrated their professionalism in responding to the crisis caused by the approach of Hurricane Earl. Although we were grateful that the storm missed Westport, it was originally forecast to hit our Town prompting a full evacuation of East Beach. Once again, the Board of Selectmen wishes to commend Police, Fire and Highway personnel for a job well done.

Despite ongoing fiscal challenges, in October, the Department of Revenue positively certified Free Cash for Town of Westport. It is significant to note that nearly all of the Free Cash certified was attributable to budget

turnbacks by all Westport departments including the schools. This speaks volumes about the professionalism and managerial acumen of our department heads.

This dedication was once again put to the test in November. As the Town prepared to set the tax rate, declining revenues in the prior fiscal year failed to meet estimates. Once again, the Town was forced to turn to consensus budgeting with its departmental managers and the Budget Subcommittee to deal with the budget gap. At the December Special Town meeting, citizens voted to close the budget gap and to go forward with Boards initiative to fully explore the feasibility of erecting a wind turbine on land behind the new fire station. The Town Meeting also supported the preservation of the White Cadman Handy House.

As the year came to a close, the Board of Selectmen looked to advent of 2011. Following the recommendation of the Budget Subcommittee the Board of Selectmen provided guidance to all Town departments in developing level funded budgets for the next fiscal year. The Board recognized that this would not be an easy task but faced the New Year with the confidence and pride that the members of "Team Westport" would answer the challenge.

Respectfully submitted,

Steven J. Ouellette, Chairman
 Brian T. Valcourt, Vice-Chairman
 Paul A. Schmid, III
 Craig J. Dutra
 Richard M. Spirlet, Clerk
 BOARD OF SELECTMEN

COMMONWEALTH OF MASSACHUSETTS TOWN OF WESTPORT WARRANT FOR SPECIAL STATE ELECTION JANUARY 19, 2010

BRISTOL, SS.

To either of the Constables of the Town of Westport: GREETINGS:

In the name of the Commonwealth you are hereby directed to notify and warn the inhabitants of said town who are qualified to vote in Elections and Town Affairs, to assemble at the respective polling places, namely:

PRECINCT A	American Legion Hall	489 Sanford Road
PRECINCT B	Town Hall Annex	856 Main Road (rear)
PRECINCT C	Alice A. Macomber School	154 Gifford Road
PRECINCT D	Fire Station	85 Briggs Road
PRECINCT E	Westport High School	19 Main Road

On Tuesday, the 19th day of January, 2010 from 7:00 a.m. to 8:00 p.m. for the following purpose:

To cast their votes in the Special State Election for the candidates for the following office:

Senator in Congress.....For the Commonwealth

Hereof and fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said voting.

Given under our hands at Westport this 21st day of December in the year two thousand nine.

Steven J. Ouelette, Chairman
Brian T. Valcourt, Vice-Chairman
Gary Earl Mauk
Paul A. Schmid, III
Craig J. Dutra
BOARD OF SELECTMEN

Marlene Samson
Town Clerk
Westport, MA 02790

On this 23rd day of December 2009, I posted 7 true attested copies of the forgoing warrant in the following named places:

Briggs Road Fire Station
State Road Package Store
Senior Center
Central Village Fire Station
Briere's Inc. a.k.a. Country Liquor & Variety
Town Hall
Lees Supermarket

Daniel P. Sullivan
Constable of Westport

**SPECIAL STATE ELECTION
Westport, Mass.
JANUARY 19, 2010**

Agreeable to the foregoing warrant the voters of the Town assembled at the polling places in their respective voting precincts on the above date. Ballots were given in for the following persons, assorted, counted and public declaration made thereof in open meeting, the total result of the balloting from the five precincts as certified by the Precinct Officers, being as follows:

Senator In Congress

Scott P. Brown had three thousand two hundred three	3203
Martha Coakley had two thousand eight hundred ninety-eight	2898
Joseph L. Kennedy had seventy-seven	77
Blanks, four	4

A true record,
Attest:

Marlene M. Samson
Town Clerk

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WESTPORT
SPECIAL TOWN MEETING WARRANT
MARCH 9, 2010**

To either of the Constables of the Town of Westport in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Westport qualified to vote in elections and Town affairs, to assemble at the Westport High School on Tuesday, March 9, 2010 at 7:00 p.m., and then and there to act on the following articles, viz:

Agreeable to the warrant calling said meeting, the voters of the Town of Westport assembled at the Westport High School on the above date. The meeting was called to order at 7:55 p.m. by Moderator Steven Fors who appointed Charles Goldberg, Richard Tongue, Raymond Elias, Kevin Shea, James Coyne, Nick Friar, Larry Cote and Deb Borges to acted as Tellers and they were duly sworn before the Town Clerk. Due to the large turn out of voters, the Moderator appointed Brad Brightman (Cafeteria), Elaine Ostroff (Media Center) and Elizabeth Collins (Gymnasium) to serve as Assistant Moderators for this meeting and they were duly sworn before the Town Clerk. Bernadette Oliver acted as Timekeeper for the meeting in accordance with a by-law adopted under Article 45 of the Annual Town Meeting of 1963. All in attendance stood to salute the flag of our nation.

Motion and second: That if a two-thirds vote is required by statute, the Moderator be authorized to declare a 2/3 vote in the same manner as a majority vote is declared; provided however, that if a vote so declared is immediately questioned by seven or more voters, the Moderator shall verify it be taking a count.

VOTED: Moderator Fors declared the vote Carried in the Auditorium.
Assistant Moderator Brightman declared the vote Unanimous in the Cafeteria.
Assistant Moderator Ostroff declared the vote Unanimous in the Media Center.
Assistant Moderator Collins declared the vote Unanimous in the Gymnasium.

VOTED: Carried.

Article 1

To see if the Town will vote to transfer from the Stabilization Fund an amount not to exceed \$150,000 to supplement the appropriation for the Westport Community Schools for the fiscal year beginning July 1, 2009, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second: That the town increase the appropriation for the Westport Community Schools for the fiscal year beginning July 1, 2009 from \$14,646.438 to \$14,787,541 funded by transfer of \$141,103 from the Stabilization Fund.

VOTED: Moderator Fors declared the vote carried by 2/3 in the Auditorium.
Assistant Moderator Brightman declared the vote carried by 2/3 in the Cafeteria.
Assistant Moderator Ostroff declared the vote carried by 2/3 in the Media Center.
Assistant Moderator Collins declared the vote carried by 2/3 in the Gymnasium.

VOTED: The Moderator declared the motion passed by 2/3 vote.

Motion and second to adjourn and dissolve the Special Town Meeting at 8:20 p.m.

VOTED: Unanimously.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WESTPORT
ANNUAL TOWN MEETING
JUNE 8, 2010**

BRISTOL, SS.

To either of the constables of the Town of Westport in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Westport qualified to vote in elections and Town affairs, to assemble at the Westport High School on Tuesday, June 8, 2010 at 7:00 p.m., and then and there to act on the following articles, viz:

Agreeable to the warrant calling said meeting, the voters of the Town of Westport assembled at the Westport High School on the above date. The meeting was called to order at 7:06 p.m. by Moderator Steven Fors who appointed Elizabeth Collins to serve as Assistant Moderator and James Bernard, James Coyne, Charles Goldberg, Timothy Harrenstein, Robert McCarthy and Betty Slade to act as Tellers and they were duly sworn before the Town Clerk. Bernadette Oliver acted as Timekeeper for the meeting in accordance with a by-law adopted under Article 45 of the Annual Town Meeting of 1963. All in attendance stood to salute the flag of our nation.

The Moderator recognized and thanked former Selectmen Gary E. Mauk for his service to the Town and welcomed new Selectman Richard M. Spirlet to the Board.

Motion and second to dispense with the reading of the warrant and the constables return of service of the warrant and the Moderator not be required to read articles of the warrant verbatim but be allowed to refer to articles by number and subject matter. Voted: Unanimously.

Motion and second to authorize the Moderator to declare that a two-thirds vote has been achieved according to General Law, Chapter 39 §15. Voted: Unanimously.

Motion and second to recess the Annual Town Meeting at 7:30 p.m. and open the Special Town Meeting. Voted: Unanimously.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WESTPORT
SPECIAL TOWN MEETING WARRANT
JUNE 8, 2010**

To either of the Constables of the Town of Westport in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Westport qualified to vote in elections and Town affairs, to assemble at the Westport High School on Tuesday, June 8, 2010 at 7:15 p.m., and then and there to act on the following articles, viz:

Article 1

To see if the Town will vote to raise and appropriate and/or transfer from available funds and/or transfer from

various line items within the current appropriations such sums of money necessary to supplement the budgets of various departments for the fiscal year beginning July 1, 2009, and/or to take any other action relative thereto.

BOARD OF SELECTMEN

FROM:	TO:	AMOUNT
Planning Board Personal Services	Planning Board Expenses	\$ 6,500.00
Town Clerk Expenses	Town Clerk Personal Services	300.00

Article 6

To see if the Town will vote to accept the provisions of Chapter 44, Section 53F½ of the Massachusetts General Laws establishing the Transfer Station as an enterprise fund effective the 3rd quarter of Fiscal Year 2011, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 6. Voted: Carried.

Article 7

To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of \$14,500.00 for the first phase of obtaining funding for a wind turbine, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to appropriate \$14,500.00 from Taxation. Voted: Carried.

Motion and second to advance articles 8, 9, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20 and 21 and that the provisions of these articles be adopted with Article 10 funded with \$1 from taxation and Article 11 funded with \$770 from taxation. Voted: Unanimously.

Article 8

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow from time to time in anticipation of revenue of the fiscal year beginning July 1, 2010 in accordance with the provisions of the General Laws, Chapter 44, Section 4, and to issue a note or notes, payable within one year, and to renew any note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the General Laws, Chapter 44, Section 17, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Voted: Unanimously.

Article 9

To see if the Town will vote to raise and appropriate and/or transfer from other available funds and/or borrow a sum of money to be used in conjunction with, and/or in addition to any funds allocated by the Commonwealth and/or County for the engineering services, construction, reconstruction, and/or improvements of Town roads, and/or take any other action relative thereto.

HIGHWAY DEPARTMENT

Voted: Unanimously.

Article 10

To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of \$1.00 for the purpose of maintaining during the ensuing year the mosquito control work as estimated and certified by the State Reclamation Board in accordance with the provisions of Chapter 112 of the Acts of 1931 and/or to take any other action relative thereto.

BOARD OF SELECTMEN

Voted: Unanimously \$1.00 from taxation.

Article 11

To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of \$770.00 to contract for environmental services directly related to Buzzards Bay, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Voted: Unanimously \$770 from taxation.

Article 12

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Council on Aging into which will be paid all receipts from health care promotion, recreational and social programs for seniors, except for receipts from the social day care program, from which costs not to exceed the sum of \$20,000.00 for these same services may be expended without further appropriation by the Council on Aging and Board of Selectmen, and/or take any other action relative thereto.

COUNCIL ON AGING

Voted: Unanimously.

Article 13

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Council on Aging into which will be paid all receipts from the Social Day Care Program, from which costs not to exceed the sum of \$65,000.00 for these same services may be expended without further appropriation by the Council on Aging and Board of Selectmen, and/or take any other action relative thereto.

COUNCIL ON AGING

Voted: Unanimously.

Article 14

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Council on Aging into which will be paid all receipts from income-generating activities, except receipts from health care promotion, recreational and social

programs, transportation activities, and the social day care program which are the source of receipts for other revolving funds, to support the Westport Senior Center from which costs not to exceed the sum of \$5,000.00, for building operating/maintenance expenses, excluding salaries and wages of all full-time and part-time employees who are employed at said Senior Center, may be expended without further appropriation by the Council on Aging and Board of Selectmen, and/or take any other action relative thereto.

COUNCIL ON AGING

Voted: Unanimously.

Article 16

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Westport Fire Department into which will be paid all receipts from Ambulance Fees, from which costs not to exceed \$110,000.00 for the purchase of an ambulance, ambulance equipment and/or any incurred ambulance-related expense, not to include salaries, which may be expended without further appropriation by the Fire Department, and/or take any other action relative thereto.

FIRE CHIEF

Voted: Unanimously.

Article 17

Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Westport Fire Department into which will be paid all receipts from Haz-Mat Fees, from which costs not to exceed \$50,000.00 for the purchase of Haz-Mat equipment and/or any incurred Haz-Mat related expense, not to include salaries, which may be expended without further appropriation by the Fire Department, and/or take any other action relative thereto.

FIRE CHIEF

Voted: Unanimously.

Article 18

To see if the Town will vote to establish and reauthorize pursuant to the provisions of M.G.L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Electrical, Plumbing & Gas Inspectors, into which will be deposited all receipts from fees and fines paid for electrical, plumbing and gas permits, from which costs not to exceed \$85,000.00 for inspections performed, mileage, schooling, supplies, clerical wages, equipment and other related miscellaneous expenses may be expended without further appropriation by the Electrical, Plumbing and Gas departments. Any fund balance in excess of \$40,000.00 at the end of the fiscal year will be transferred into the General Fund, and/or take any other action relative thereto.

BUILDING DEPARTMENT

Voted: Unanimously.

Article 19

To see if the Town will vote to establish and reauthorize pursuant to the provisions of M.G.L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Board of Selectmen into which will be paid receipts from the additional License Fee, from which costs not to exceed \$100,000.00 for cable services, equipment and/or supplies may be expended without further appropriation by the Board of Selectmen, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Voted: Unanimously.

Article 20.

To see if the Town will vote to establish and reauthorize pursuant to the provisions of M.G.L. Chapter 44

Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Planning Board into which will be paid all portions of filing fees and other fees collected for the purpose of maintaining the assessors parcel GIS database. These funds may be expended for costs not to exceed \$20,000, and solely for purposes related to maintaining the GIS database, and may be expended without further appropriation by the Planning Board, and/or take any other action relative thereto.

PLANNING BOARD

Voted: Unanimously.

Article 21

To see if the Town will vote to establish and reauthorize pursuant to the provisions of M.G.L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Westport Police Department into which will be paid all receipts from Police Cruiser Fees associated with private details, from which costs not to exceed \$50,000.00 for the purchase of cruisers, associated equipment and/or any incurred police cruiser-related expense, not to include salaries, which sum may be expended without further appropriation by the Westport Board of Selectmen, and/or take any other action relative thereto.

POLICE CHIEF

Voted: Unanimously.

Article 15

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Council on Aging into which will be paid all receipts from transportation for seniors, from which costs not to exceed the sum of \$30,000.00 for these same services may be expended without further appropriation by the Council on Aging and Board of Selectmen and/or take any other action relative thereto.

COUNCIL ON AGING

Motion and second to change the sum of \$30,000.00 to \$70,000.00. (No vote was taken on the motion in order for Town Counsel to research whether the motion is allowable)

Motion and second to lay Article 15 on the Table at this time and to bring the Article back before the close of the meeting. Voted: Unanimously.

Article 22

To see if the Town will vote to raise and appropriate or transfer from available funds \$125,000.00 to operate the Harbor Enterprise, and/or take any other action relative thereto.

Salaries	\$ 50,036.00
Expenses	\$ 63,964.00
Capital Outlay	<u>\$ 11,000.00</u>
Total	\$125,000.00

and that \$125,000.00 be raised as follows:

User Charges	\$125,000.00
BOARD OF SELECTMEN/HARBORMASTER/WHARFINGER	

Motion and second to adopt the provisions of Article 22 as described in the warrant.

Voted: Unanimously.

Article 23

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to operate the Waterline Enterprise, and/or take any other action relative thereto.

Salaries	\$ 5,000.00
Capital Outlay	\$ 5,000.00
Expenses	<u>\$ 85,000.00</u>
Total	\$ 95,000.00

and that \$95,000.00 be raised as follows:

User Charges \$95,000.00

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 23. Voted: Unanimously.

Article 24

To see if the Town will vote to transfer the sum of \$15,000.00 from the Cemetery Lots and Graves account for the maintenance and upkeep of cemeteries, avenues, paths and structures situated therein, and/or take any other action relative thereto.

CEMETERY DEPARTMENT

Motion and second to adopt the provisions of Article 24. Voted: Unanimously.

Article 25

To see if the Town will vote to raise and appropriate and/or transfer from available funds, a sum of \$40,000.00 to be used by the Board of Assessors to fund fees and expenses to update the Revaluation program mandated by Chapter 797 of the Acts of 1979 to place the Town on a 100% valuation assessment basis, and/or take any other action relative thereto.

BOARD OF ASSESSORS

Motion and second to pass over Article 25. Voted: Unanimously.

Article 26

To see if the Town will vote to appropriate a sum of \$30,000.00 from receipts reserve for the purpose of closure costs and environmental monitoring expenses at the Landfill site, and/or take any other action relative thereto.

BOARD OF HEALTH

Motion and second to adopted the provisions of Article 26. Voted: The motion was defeated.

Article 27

To see if the Town will vote to appropriate and/or transfer from available funds \$34,000.00 to pay for eelgrass transplanting and bird monitoring of Town Beach as required by federal and state permits for recently completed dredging projects in the Town of Westport.

HARBORMASTER

Motion and second to transfer from Dredging Surcharge account the sum of \$34,000 and to transfer from the Municipal Waterways Account the sum of \$26,400 to pay for eelgrass transplanting and bird monitoring of Town Beach as required by federal and state permits for recently completed dredging projects in the Town of Westport. Voted: Carried.

Motion and second to remove Article 15 from the table. Voted: Unanimously.

Article 15

To see if the Town will vote to establish and reauthorize pursuant to the provisions of G. L. Chapter 44 Section 53E-1/2 for Fiscal Year 2011, a revolving fund for the Council on Aging into which will be paid all

receipts from transportation for seniors, from which costs not to exceed the sum of \$30,000.00 for these same services may be expended without further appropriation by the Council on Aging and Board of Selectmen and/or take any other action relative thereto.

COUNCIL ON AGING

Motion and second to adopt the provisions of Article 15 as presented. Voted: Unanimously.

Article 28

To see if the Town will vote to hear and act on the report of the Community Preservation Committee on the FY2011 Community Preservation budget and to appropriate from the Community Preservation Fund a sum of money to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for the Fiscal Year 2011; and further to reserve for future appropriation a sum of money for the acquisition, creation and preservation of open space excluding land for recreational use; a sum of money for acquisition, preservation, restoration and rehabilitation of historic resources; and a sum of money for the acquisition, creation, and preservation of community housing; and further to appropriate from the Community Preservation Fund a sum or sums of money for Community Preservation projects or purposes, all as recommended by the Community Preservation Committee, and/or take any other action relative thereto.

Motion and second to appropriate or reserve from the Community Preservation Fund's annual revenues and available funds the amount recommended by the Community Preservation Committee, with each item to be considered a separate appropriation.

Motion and second to approve all funds except the Westport Affordable Housing Trust Initiative in the amount of \$110,700. Voted: Unanimously.

Motion and second to approve the Westport Affordable Housing Trust Initiative in the amount of \$110,700. Voted: Carried.

Motion and second to adjourn the Town Meeting until tomorrow night at 7 p.m.
Voted: Unanimously.

There were 869 registered voter and 16 press, visitors and guests in attendance

A true record,
Attest:

Marlene M. Samson
Town Clerk

June 9, 2010

The adjourned Annual Town Meeting was called to order at 7:00 p.m. by Moderator Steven Fors who appointed Charles Goldberg, Robert McCarthy and Betty Slade to act as Tellers and they were duly sworn by the Town Clerk. Bernadette Oliver acted as timekeeper for the meeting. All stood to salute the flag of our nation.

Article 29

To see if the Town will vote to appropriate a sum of money for the cost of various capital expenditures in accordance with the Town's Fiscal Year 2011 Capital Improvement Planning Program, to determine whether this appropriation shall be raised by borrowing or otherwise, and/or to take any other action relative thereto.

CAPITAL IMPROVEMENT PLANNING COMMITTEE

Motion and second to pass over Article 29. Voted: Unanimously.

Article 30

To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of \$6,500.00 necessary to provide for economic planning and coordination services, and/or take any other action relative thereto.

WESPORT ECONOMIC DEVELOPMENT TASK FORCE

Motion and second to pass over Article 30. Voted: Unanimously.

Article 31

To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of \$10,000.00 for follow-up environmental maintenance work at the Westport Town Hall as required by the Department of Environmental Protection, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second that the Town appropriate from taxation the sum of \$10,000.00 for follow-up environmental maintenance work at the Westport Town Hall as required by the Department of Environmental Protection. Voted: Unanimously.

Article 32

To see if the Town will vote to accept the provisions of Massachusetts General Law Chapter 32B, Section 18, so that the Town shall require that all retirees, their spouses and dependents who are enrolled in Medicare Part A at no cost to a retiree, their spouse or dependents, or eligible for coverage thereunder at no cost to a retiree, their spouse or dependents, be required to enroll in a Medicare health benefits supplement plan

offered by the Town, and/or take any other action relative thereto.

FINANCE COMMITTEE

Motion and second to adopt the provisions of Article 32. The provisions of Article 32 were defeated.
Voted: Yes: 57 No: 92

Article 33

To see if the Town will vote to transfer from the Board of Selectmen for such purposes as it is presently held, to the Board of Selectmen for general municipal purposes, which shall include the purpose of lease, the care, custody, management and control of that portion of Main Road shown as "Proposed Lease Area, 1615±" on a plan entitled: "Main Road, Pedestrian Safety Project: Lees Supermarket Parking Spaces", dated May 2010, which plan is on file with the Town Clerk, and to authorize the Selectmen to lease such parcel or any lesser portion thereof for parking purposes serving Lees Supermarket for no less than one (1) dollar per year, upon such terms and conditions as the Selectmen shall deem appropriate; and further to authorize the Selectmen to petition the General Court for such approval as is necessary to allow for such transfer and lease, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 33. Voted: The Moderator declared Article 33 carried by a 2/3 vote.

Motion and second to advance Article 41. Voted: Unanimously.

Article 41

To see if the Town will vote to authorize the Board of Selectmen to acquire, by gift, purchase, eminent domain, or otherwise, and upon such terms and conditions as the Board of Selectmen shall deem appropriate, such interests in land as are necessary to complete the Central Village Pedestrian, Bicycle and Traffic Improvements project on Main Road, which are on file and can be viewed at the Town Clerk's office in Town Hall, and/or take any other action relative thereto.

CENTRAL VILLAGE PUBLIC IMPROVEMENTS COMMITTEE

Motion and second to adopt the provisions of Article 41. Voted: Unanimously.

Article 34

To see if the Town will vote to amend "Article 2, Administration, 2.0, Enforcement, 2.0.4" of the Zoning By-Laws by deleting:

"Penalty for non-compliance with any lawful order of the Inspector of Buildings pertaining to the Zoning By-Laws shall be punished by a fine of twenty (\$20.00) dollars; provided that nothing herein shall be construed to prohibit such law from providing that each day such violation continues shall constitute a separate offense."

and replacing it with:

"Penalty for non-compliance with any lawful order of the Inspector of Buildings pertaining to the Zoning By-Laws shall be punishable by a fine of \$300.00, in accordance with the requirements of G.L. c.40, ss21D; provided that each day such violation continues shall constitute a separate offense" and/or take any other action relative thereto.

PLANNING BOARD/BUILDING INSPECTOR

Motion and second to adopt the provisions of Article 34. Voted: The Moderator declared Article 34 carried by a 2/3 vote.

Approved by Attorney General 10/1/10

Article 35

To see if the Town will vote to amend the Zoning By-Law, Article 6, "Westport Flood Plain Districts," for the purpose of the acceptance of the official Flood Insurance Rate Map (FIRM) from the Federal Emergency Management Agency to approve the boundaries depicted in the official FIRM as shown on the Bristol County Flood Insurance Rate Maps dated July 7, 2009 to be in compliance with Title 44, Chapter I, Part 67, Code of Federal Regulation. This change is a condition of continued eligibility in the National Flood Plain Insurance Program (NFIP). And further, to make certain other related amendments to the Zoning By-Law, all as set forth below:

Item 1

To see if the Town will vote to amend Article 6, Section 6.2, "Westport Flood Plain Districts," for the purpose of amending Section 6.2, to allow for the acceptance of the official Flood Insurance Rate Map (FIRM) from the Federal Emergency Management Agency to approve the boundaries depicted in the official FIRM as shown on the Bristol County Flood Insurance Rate Maps dated July 7, 2009.

Item 2

To see if the Town will vote to amend Article 6, Section 6.2.1, Floodway Data, for the purpose of applying Subsection 6.2.1 in a manner consistent with the State Building Code by deleting:

"In Zones A, A1-30, and AE, along watercourses that have not had a regulatory floodway designated, the best available Federal, State, local, or other floodway data shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge."

and replacing it with:

"In Zones A, A1-30, and AE, along watercourses that have not had a regulatory floodway designated, the best available Federal, State, local, or other floodway data consistent with the State Building Code as stated in 780 CMR, 7th Edition, Appendix 120.G301.1, Item 3, shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge."

and/or take any other action relative thereto.

PLANNING BOARD

Motion and second to adopt the provisions of Article 35. Voted: Unanimously.

Approved by Attorney General 10/1/10

Article 36

To see is the Town will vote to amend Article 1 "Purpose and Definitions" of the Zoning By-Laws.

Item 1

To amend section 1.1.F by deleting:

- F. **Affordable Unit** - A dwelling unit that can be purchased or rented at an annual cost that is deemed affordable for a household that is earning no more than 70% of the area median income as reported by the U.S. Department of Housing and Urban Development and/or DHCD. Sales prices, rents, and rent increases shall be restricted to ensure long-term affordability to eligible households, to the extent legally possible. All affordable units are intended to be eligible for inclusion in the Town's Subsidized Housing Inventory pursuant to Chapter 40B of the General Laws, and shall meet all requirements of DHCD, as they may be amended from time to time.

and replacing it with:

- F. **Affordable Housing Unit** - A housing unit that by deed restriction is and shall remain permanently affordable by being available, upon sale or resale, for purchase or rent to purchasers or renters so

that the unit shall count towards the Town's Subsidized Housing Inventory as maintained by the Department of Housing and Community Development.

Item 2

To amend Section 1.1 by adding:

- H. **Area Median Income** - Median income as reported by the most recent information from the United States Department of Housing and Urban Development and/or DHCD for the Providence-Fall River, RI-MA HUD Metro FMR Area.

and/or take any other action relative thereto.

PLANNING BOARD

Motion and second to adopt the provisions of Article 36. Voted: unanimously.

Approved by Attorney General 10/1/10

Article 37

To see if the Town will vote to amend "Article 13, Inclusionary Housing" of the Zoning By-Laws by deleting it in its entirety and replacing it with the following:

13.0 INCLUSIONARY HOUSING

13.1 PURPOSE AND INTENT

The purpose of this By-Law is to outline and implement a coherent set of policies and objectives for the development of affordable housing in compliance with the Town of Westport Master Plan, The Westport Planned Production Plan, or any superceding Westport Housing Production Plan and MGL c.40B sec. 20-23, and in tandem with on-going Town of Westport programs to promote a reasonable percentage of housing that is affordable to low and moderate-income households. It is intended that the affordable housing units that result from a special permit issued under this By-Law be considered as Local Initiative Program (LIP) dwelling units in compliance with the requirements for the same as specified by the Massachusetts Department of Housing and Community Development (DHCD) and that said units count toward the Town's requirements under MGL c.40B, sec 20-23. It is intended that this By-Law provide a mechanism to compensate for those decreases in the town's percentage of affordable housing that are directly caused by increases in the Town's overall housing stock.

13.2 APPLICABILITY

13.2.1 Division of Land: This By-Law shall apply to the division of land held in single ownership as of June 1, 2005 or anytime thereafter into ten (10) or more lots, whether said ten (10) or more lots are created at one time or are the accumulation of ten (10) or more lots created from said land held in single ownership as of June 1, 2005. This By-Law shall apply to Town of Westport Open Space Residential Development, "conventional" or "grid" divisions allowed by M.G.L. Chapter 41, Section 81-L and Section 81-U, as well as those divisions of land that do not require subdivision approval per G.L. c. 41, §81P.

13.2.2 Multi-Family Dwelling Units and Duplexes: This By-Law shall apply to the construction of ten (10) or more multi-family dwelling units or duplexes, whether on one or more contiguous parcels in existence as of June 1, 2005.

13.2.3 Exemption: The provisions of Article 13.3.1 hereof shall not apply to the construction of ten (10) or more single-family dwelling units on individual lots, if said ten (10) or more lots were in existence prior to June 1, 2005 nor to Assisted and Independent Living Facilities.

13.2.4 Administration: The Planning Board shall be the Special Permit Granting Authority (SPGA) for all special permits under this By-Law.

13.3 MANDATORY PROVISION OF AFFORDABLE UNITS

The SPGA shall, as a condition of approval of any development referred to in Article 13.2, require that the applicant for special permit approval comply with the obligation to provide affordable housing pursuant to this By-Law and more fully described in Article 13.4. Any special permit granted hereunder shall contain a condition that a regulatory agreement, executed by DHCD, the Town of Westport, and the applicant is recorded at the Registry of Deeds and a copy provided to the Inspector of Buildings and the Planning Board prior to issuance of a building permit, except as provided through special permit in accordance with Article 13.5.

13.4 PROVISION OF AFFORDABLE UNITS

The SPGA shall deny any application for a special permit for development if the applicant for special permit approval does not comply, at a minimum, with the following requirements for affordable housing:

13.4.1 At least 10% of the units in any residential development and any division of land subject to this By-Law shall be established as affordable housing units. Fractions of a lot or dwelling unit shall be rounded up to the nearest whole number, such that a development proposing ten (10) dwelling units shall require one affordable unit, a development proposing eleven (11) dwelling units shall require two (2) affordable units, and so on, except as provided through Article 13.5.

13.4.2 The affordable unit(s) shall be constructed or rehabilitated on the locus property, except as provided through Article 13.5.

13.5 ALTERNATIVES AND INCENTIVES

The SPGA is authorized, by grant of a Special Permit, to allow the following alternatives and incentives to the provisions of 13.3 and 13.4.

13.5.1 **Off-Site Alternative:** An applicant subject to this By-Law may develop, construct or otherwise provide affordable units equivalent to those required by Article 13.5 off-site. All requirements of this By-Law that apply to on-site provision of affordable units, shall apply to provision of off-site affordable units. In addition, the location and design of the off-site units to be provided shall be approved by the Special Permit Granting Authority as an integral element of the special permit review and approval process.

13.5.2 **Cash Contribution:** As an alternative to the requirements of Article 13.5, and as allowed by law, an applicant may contribute funds to the Westport Affordable Housing Trust Fund to be used for the creation of affordable housing in lieu of construction and offering affordable units within the locus of the proposed development. For the purposes of this Bylaw, the cash payment per affordable unit required shall be equal to the difference between the median single-family home sales price in Westport for the most recent calendar year as determined by the SPGA and the price affordable to a qualified purchaser as determined by the SPGA, based on applicable guidelines of the DHCD, Local Initiative Program (LIP). Where the calculation of affordable units results in fractional units, a cash payment may be made as provided in this section on a pro rata basis. The cash payment formula and timetable may be adjusted by the SPGA from time to time through the issuance of guidelines or regulations. If the SPGA issues a Special Permit to authorize a cash payment in lieu of units and the Board of Trustees of the Westport Affordable Housing Trust Fund votes to accept said contributions, the payment shall be paid to the Westport Affordable Housing Trust Fund prior to the issuance of any building permits for the development or prior to the sale of any lots, if applicable. Alternatively, the SPGA may allow payment of said contributions according to a specified timetable in proportion to the rate of development or sale of lots. This cash

contribution alternative shall apply only to homeownership developments and division of land and shall not apply to rental developments.

13.5.3 **Donations of Land:** An applicant may offer, and the Board of Trustees of the Westport Affordable Housing Trust Fund (Trustees) with the approval of the SPGA, may accept donations of land in fee simple, on or off-site, that the SPGA and Trustees determine are suitable for the construction of an equivalent number of affordable housing units. The SPGA may require the applicant to submit an appraisal or other data relevant to the determination of suitability for an equivalent number of affordable housing units. If the SPGA issues a Special Permit to authorize donations of land in lieu of units and the Board of Trustees of the Westport Affordable Housing Trust Fund votes to accept said donations, the donation shall be made to the Westport Affordable Housing Trust Fund prior to the issuance of any building permits for the development or prior to the sale of any lots, if applicable.

13.5.4 **Combination of Alternatives:** The applicant may offer, and the SPGA may approve the acceptance of, any combination of the alternatives provided in sections 13.6.1-13.6.3 provided that in no event shall the net result of the combination provided be less than the equivalent number or value of affordable units required by this By-Law.

13.5.5 **Density Bonus:** The SPGA may allow the addition of two market rate units for each affordable unit provided as part of compliance with this By-Law, provided that the expanded development complies with the open space requirements, design standards, and all other provisions of Article 18 Open Space Residential Development of the Westport Zoning By-Law. In addition, a development that exceeds the minimum affordable housing requirements of this By-Law may receive the same density bonus benefits; however the net increase in housing units as a result of this By-Law and Article 18 shall not exceed fifty percent (50%) of the original property yield before any density bonuses were applied.

13.6 PROVISIONS APPLICABLE TO AFFORDABLE HOUSING UNITS ON OR OFF-SITE

13.6.1 Siting of affordable units: All affordable units constructed or rehabilitated under this By-Law shall be situated so as not to be in less desirable locations than market-rate units in the development and shall, on average, be no less accessible to public amenities, such as open space, as the market-rate units.

13.6.2 Minimum design and construction standards for affordable units: Affordable housing units within market-rate developments shall be integrated with the rest of the development and shall be compatible in design, appearance, construction and quality of materials with other units.

13.6.3 Timing of construction or provision of affordable units or lots: The Special Permit Granting Authority shall impose conditions on the special permit requiring construction of affordable housing according to a specified time table, so that affordable housing units, whether on the locus property or off site, shall be provided coincident to the development of market-rate units, but in no event shall the development of affordable units be delayed beyond the schedule noted below:

<u>Market-Rate Units</u>	<u>Affordable Housing Units</u>
Up to 30%	At least one unit
30% plus 1 unit	At least 10%
Up to 50%	At least 30%
Up to 75%	At least 50%
75% plus 1 unit	At least 70%
UP to 90%	100%
*Any fractions of an affordable unit shall be rounded up to a whole unit.	

13.7 LOCAL PREFERENCE

To the extent permitted by law, the SPGA may require the applicant to comply with local preference requirements, if any, as may be established by regulations promulgated hereunder.

13.8 MARKETING PLAN FOR AFFORDABLE UNITS

Applicants under this By-Law shall submit a marketing plan (or other method approved by the SPGA) to the SPGA and DHCD, which describes how the affordable units will be marketed to potential homebuyers/tenants. If applicable, this plan shall include a description of the lottery or other process to be used for selecting buyers/tenants. The plan shall be in conformance to any applicable guidelines issued by DHCD, and shall be subject to the prior review and approval of Town Counsel at the applicant's expense.

13.9 PRESERVATION OF AFFORDABILITY; RESTRICTIONS ON RESALE

Each affordable unit created in accordance with this By-Law shall be subject to a deed restriction in form and substance acceptable in to Town Counsel and the Massachusetts Department of Housing and Community Development ("DHCD"). The deed restriction shall run with the land in perpetuity or for the longest period of time allowed by law unless the SPGA determines that a shorter period of affordability will facilitate the development of affordable housing. The deed restriction shall limit the resale price of any ownership units or, in the case of rental property ensure the continued availability of affordable rental units, consistent with the regulations and guidelines issued from time to time by DHCD. Prior to the issuance of any occupancy permits for affordable or market rate units, the deed restriction(s) for each affordable unit constructed in accordance with the provisions of 13.6.3 shall be recorded at the Bristol County (S.D.) Registry of Deeds or Registry District of the Land Court. The deed restriction shall survive any bankruptcy or foreclosure.

13.10 REGULATIONS

The Special Permit Granting Authority shall adopt regulations for the orderly administration of this By-Law.

13.11 EXPIRATION

Any special permit issued pursuant to this Article shall be recorded with the Registry of Deeds or Registry District of the Land Court. A special permit shall lapse within two years from the date of issuance, not including time required for appeals or challenges pursued under G. L. c. 40A Section 17, if substantial use has not been made or if construction has not begun within that time period except for good cause.

13.12 SEVERABILITY

If any portion of this By-Law is declared to be invalid, the remainder shall continue to be in full force and effect.

and/or take any other action relative thereto.

PLANNING BOARD/WESTPORT AFFORDABLE HOUSING TRUST FUND

Motion and second to adopt the provisions of Article 37. Voted: The Moderator declared Article 37 carried by a 2/3 vote.

Approved by Attorney General 10/1/10

Article 38

To see if the Town will vote to amend "Article 15, Site Plan Approval, 15.5, Administration, Section 2," of the Zoning By-Laws by deleting:

“The Planning Board may adopt reasonable Rules and Regulations governing Site Plan Approval including administrative procedures and requirements, and design and construction standards.”

and replacing it with:

“The Planning Board shall adopt reasonable Rules and Regulations governing Site Plan Approval including administrative procedures and requirements, and design and construction standards.”

and/or take any other action relative thereto.

PLANNING BOARD

Motion and second to adopt the provisions of Article 38. Voted: Unanimously.

Approved by Attorney General 10/1/10

Article 39

To see if the Town will vote to amend its By-Laws & Regulations, Article LVI, Section 5601 “Westport Affordable Housing Trust Fund” by deleting:

- A. There shall be a Board of Trustees for the Trust, comprised of five members, at least one of whom shall be a Selectman. The Board of Selectmen shall appoint the Board of Trustees for rotating terms not to exceed two years. Vacancies shall be filled by the Board of Selectmen for the remainder of the unexpired term. Any member of the Board of Trustees may be removed for cause after the opportunity for a hearing.

and replacing it with:

- A. There shall be a Board of Trustees for the Trust, comprised of no more than nine nor less than seven members, at least one of whom shall be a Selectman. A quorum of the Board of Trustees shall be a majority of the trustees as are then appointed and serving. The Board of Selectmen shall appoint the Board of Trustees for rotating terms not to exceed two years. Vacancies shall be filled by the Board of Selectmen for the remainder of the unexpired term. Any member of the Board of Trustees may be removed for cause after the opportunity for a hearing.

and/or take any other action relative thereto.

PLANNING BOARD/BOARD OF SELECTMEN/AFFORDABLE HOUSING TRUST

Motion and second to adopt the provisions of Article 39. Voted: Unanimously.

Approved by Attorney General 10/1/10

Article 40

To see if the Town will vote to amend the Town By-Law XXII, “Dog Officer and Restraint of Dogs”:

Item 1

To amend “Section 2201, Definitions” by deleting under “Dog Pound” the word “all animals” and replacing it with the word “dogs”.

Item 2

To amend “Section 2201, Definitions” by deleting “Kennel” in its entirety and replacing it with:

“Kennel – any person, group of persons or corporation housing over 3 dogs, not for commercial purposes.”

Item 3

To amend "Section 2201, Definitions" by adding the following language:

"Commercial Kennel – Any person, group of persons or corporation engaged in the commercial business of breeding, buying, selling or boarding dogs."

Item 4

To amend "Section 2207, Redemption of Impounded Animals" by deleting the word "animals" and replacing it with the word "dog" and deleting the language contained in the By-Law in its entirety and replacing it with:

"The owner shall be entitled to resume possession of any impounded dog except as hereinafter provided in the cases of certain dogs or payment of a twenty dollar (\$20.00) reclaiming fee to the Town of Westport and a fifteen dollar (\$15.00) per day maintenance fee for each day or part thereof of the dogs impoundment, payable to the Town."

Item 5

To amend "Section 2208" by deleting the words "seven (7) days" and replacing it with the words "ten (10) days".

Item 6

To amend "Section 2208" by deleting the word "animal" and replacing it with the word "dog".

Item 7

To amend "Section 2209, Emergency Treatment" by deleting the word "cat".

Item 8

To amend "Section 2209, Emergency Treatment" by "deleting the words "twenty dollars" and replacing it with the words "one hundred dollars (\$100.00)".

DOG OFFICER

Motion and second to amend Article 40 Item 4 to change the word "or" in the second line to "on".

Voted: Unanimously.

Motion and second to adopt Article 40 as amended. Voted: The Moderator declared Article 40 carried by a 2/3 vote.

Approved by Attorney General 10/1/10

Article 42

To see if the Town will vote to amend the Personnel By-Law by deleting under Schedule A – Planning Board, the following:

<u>Position</u>	<u>Group</u>	<u>Hours</u>	<u>Pay Basis</u>	<u>Type</u>
Principal Clerk	2	-30	K - A	PT

and inserting therein:

<u>Position</u>	<u>Group</u>	<u>Hours</u>	<u>Pay Basis</u>	<u>Type</u>
Principal Clerk	2	35	K - A	FT

and/or take any other action relative thereto.

PLANNING BOARD

Motion and second to adopt the provisions of Article 42. Voted: Carried.

Article 43

To see if the Town will vote to amend the Personnel By-Law by deleting under Schedule A – Registrar of Voters, the following:

<u>Position</u>	<u>Group</u>	<u>Hours</u>	<u>Pay Basis</u>	<u>Type</u>
Principal Clerk	2	+20	K - A	PT

and inserting therein:

<u>Position</u>	<u>Group</u>	<u>Hours</u>	<u>Pay Basis</u>	<u>Type</u>
Assistant Registrar	2	+20	K - A	FT

And if necessary to raise and appropriate and/or transfer from available funds the sum of \$1,862.00 to the Election/Registration budget therefore, and/or take any other action relative thereto.

BOARD OF REGISTRARS

Motion and second to adopt the provisions of Article 43 with the amount of \$1,862.00 from Taxation.

Voted: Carried

Article 44

To see if the Town will vote to reduce the amount of real estate and personal property taxes to be assessed for the fiscal year beginning July 1, 2010 by an amount equal to \$2,000,000.00, and/or take any other action relative thereto.

BY PETITION

Motion and second to pass over Article 44. Voted: Carried.

Article 45

To see if the Town will vote to revoke Article 20 of the April 2001 Annual Town Meeting and the March 11, 2002 Town Election, which was as follows:

To see if the Town will vote to accept Sections 3 to 7, inclusive, of Chapter 44B of the General Laws, otherwise known as the Massachusetts Community Preservation Act, by approving a surcharge on real property for the purposes permitted by said Act, including the acquisition, creation and preservation of open space, the acquisition and preservation of historic resources, the acquisition, creation and preservation of land for recreational use, the creation, preservation and support of community housing, and the rehabilitation and restoration of such open space, historic resources, land for recreational use and community housing that is acquired or created as provided under such Act, to determine the amount of such surcharge on real property as a percentage of not more than three percent of the annual real estate tax levy against real property, such surcharge to be imposed on taxes assessed for fiscal years beginning on or after July 1, 2002; to determine whether the Town will accept any of the exemptions from such surcharge permitted under Section 3(e) of said Act; and/or take any other action relative thereto.

BY PETITION

Motion and second to pass over Article 45. Voted: Carried.

Article 46

To see if the Town will vote to accept the layout as a public way of Hidden Glen Lane, a copy of which is on file in the office of the Town Clerk, and authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, land or rights in land within said way as so laid out, for all purposes for which public ways are used in the Town of Westport, and/or take any other action relative thereto.

BY PETITION

Motion and second to adopt the provisions of Article 46. Voted: Unanimously.

Article 47

To see if the Town will vote to accept the layout as a public way of Chestnut Hill Drive, a copy of which is on file in the office of the Town Clerk, and authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, land or rights in land within said way as so laid out, for all purposes for which public ways are used in the Town of Westport, and/or take any other action relative thereto.

BY PETITION

Motion and second to adopt the provisions of Article 47. Voted: The motion was defeated.

Article 48

To see if the Town will vote to accept the layout as a public way of Brushwood Circle, a copy of which is on file in the office of the Town Clerk, and authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, land or rights in land within said way as so laid out, for all purposes for which public ways are used in the Town of Westport, and/or take any other action relative thereto.

BY PETITION

Motion and second to adopt the provisions of Article 48. Voted: The provisions of Article 48 were unanimously defeated.

Article 49

To see if the Town will vote to accept the layout as a public way of Harvest Hill Road, a copy of which is on file in the office of the Town Clerk, and authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, land or rights in land within said way as so laid out, for all purposes for which public ways are used in the Town of Westport, and/or take any other action relative thereto.

BY PETITION

Motion and second to adopt the provisions of Article 49. Voted: Unanimously.

Article 50

To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to the Stabilization Fund and/or take any other action relative thereto.

BOARD OF SELECTMEN/FINANCE COMMITTEE

Motion and second to pass over Article 50. Voted: Unanimously.

Motion and second to adjourn and dissolve the Annual Town Meeting at 9:10 p.m.

There were 178 registered voters and 6 press, guests and visitors in attendance.

A true record,
Attest:

SHERIFF BRISTOL COUNTY
COUNTY COMMISSIONER BRISTOL COUNTY

Question 1: Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

Summary

This proposed law would remove the Massachusetts sales tax on alcoholic beverages and alcohol, where the sale of such beverages and alcohol or their importation into the state is already subject to a separate excise tax under state law. The proposed law would take effect on January 1, 2011.

A YES VOTE would remove the state sales tax on alcoholic beverages and alcohol where their sale or importation into the state is subject to an excise tax under state law.

A NO VOTE would make no change in the state sales tax on alcoholic beverages and alcohol.

Question 2: Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

Summary

This proposed law would repeal an existing state law that allows a qualified organization wishing to build government-subsidized housing that includes low- or moderate-income units to apply for a single comprehensive permit from a city or town's zoning board of appeals (ZBA), instead of separate permits from each local agency or official having jurisdiction over any aspect of the proposed housing. The repeal would take effect on January 1, 2011, but would not stop or otherwise affect any proposed housing that had already received both a comprehensive permit and a building permit for at least one unit.

Under the existing law, the ZBA holds a public hearing on the application and considers the recommendations of local agencies and officials. The ZBA may grant a comprehensive permit that may include conditions or requirements concerning the height, site plan, size, shape, or building materials of the housing. Persons aggrieved by the ZBA's decision to grant a permit may appeal it to a court. If the ZBA denies the permit or grants it with conditions or requirements that make the housing uneconomic to build or to operate, the applicant may appeal to the state Housing Appeals Committee (HAC).

After a hearing, if the HAC rules that the ZBA's denial of a comprehensive permit was unreasonable and not consistent with local needs, the HAC orders the ZBA to issue the permit. If the HAC rules that the ZBA's decision issuing a comprehensive permit with conditions or requirements made the housing uneconomic to build or operate and was not consistent with local needs, the HAC orders the ZBA to modify or remove any such condition or requirement so as to make the proposal no longer uneconomic. The HAC cannot order the ZBA to issue any permit that would allow the housing to fall below minimum safety standards or site plan requirements. If the HAC rules that the ZBA's action was consistent with local needs, the HAC must uphold it even if it made the housing uneconomic. The HAC's decision is subject to review in the courts.

A condition or requirement makes housing "uneconomic" if it would prevent a public agency or non-profit organization from building or operating the housing except at a financial loss, or it would prevent a limited dividend organization from building or operating the housing without a reasonable return on its investment.

A ZBA's decision is "consistent with local needs" if it applies requirements that are reasonable in view of the regional need for low- and moderate-income housing and the number of low-income persons in the city or town, as well as the need to protect health and safety, promote better site and building design, and preserve open

space, if those requirements are applied as equally as possible to both subsidized and unsubsidized housing. Requirements are considered "consistent with local needs" if more than 10% of the city or town's housing units are low- or moderate-income units or if such units are on sites making up at least 1.5% of the total private land zoned for residential, commercial, or industrial use in the city or town. Requirements are also considered "consistent with local needs" if the application would result, in any one calendar year, in beginning construction of low- or moderate-income housing on sites making up more than 0.3% of the total private land zoned for residential, commercial, or industrial use in the city or town, or on ten acres, whichever is larger.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would repeal the state law allowing the issuance of a single comprehensive permit to build housing that includes low- or moderate-income units.

A NO VOTE would make no change in the state law allowing issuance of such a comprehensive permit.

Question 3: Law Proposed By Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

Summary

This proposed law would reduce the state sales and use tax rates (which were 6.25% as of September 2009) to 3% as of January 1, 2011. It would make the same reduction in the rate used to determine the amount to be deposited with the state Commissioner of Revenue by non-resident building contractors as security for the payment of sales and use tax on tangible personal property used in carrying out their contracts.

The proposed law provides that if the 3% rates would not produce enough revenues to satisfy any lawful pledge of sales and use tax revenues in connection with any bond, note, or other contractual obligation, then the rates would instead be reduced to the lowest level allowed by law.

The proposed law would not affect the collection of moneys due the Commonwealth for sales, storage, use or other consumption of tangible personal property or services occurring before January 1, 2011.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would reduce the state sales and use tax rates to 3%.

A NO VOTE would make no change in the state sales and use tax rates.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.

Given under our hands at Westport this 4th day of October in the year two thousand ten.

Marlene M. Samson
Town Clerk
Town of Westport
816 Main Road
Westport, MA 02790

Dear Marlene:

By this letter, I resign my office of Selectman effective April 12, 2011. I have enjoyed my service to the town and hope that I can continue to serve Westport in my new job as State Representative, 8th Bristol District.

Sincerely yours,

Paul Schmid

COMMONWEALTH OF MASSACHUSETTS TOWN OF WESTPORT SPECIAL TOWN MEETING WARRANT DECEMBER 7, 2010

To either of the Constables of the Town of Westport in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Westport qualified to vote in elections and Town affairs, to assemble at the Westport High School on Tuesday, December 7, 2010 at 7:00 p.m., and then and there to act on the following articles, viz:

Agreeable to the warrant calling said meeting, the voters of the Town of Westport assembled at the Westport High School on the above date. The meeting was called to order at 7:05 p.m. by Moderator Steven Fors. Bernadette Oliver acted as timekeeper for the meeting in accordance with a by-law adopted under Article 45 of the Annual Town Meeting of 1963. All in attendance stood to salute the flag of our nation.

Motion and second to dispense with the reading of the warrant and the constables return of service of the warrant and that the Moderator not be required to read articles of the warrant verbatim but be allowed to refer to articles by number and subject matter. Voted: Unanimously.

Motion and second to allow the Moderator to declare that a two-thirds vote has been achieved according to General Law, Chapter 39, § 15. Voted: Unanimously.

Article 1

To see if the Town will vote to amend the vote taken under Article 5 of the June 8, 2010 Annual Town Meeting appropriating funds necessary to defray the Town's expenses for a twelve month period beginning July 1, 2010 and appropriating the same to several departments for Town and general municipal purposes connected therewith for Fiscal Year 2011, by raising and appropriating or transferring from available funds, including but not limited to free cash, insurance proceeds and overlay surplus, such as are needed to balance said budget, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to amend the vote taken under Article 3 of the June 8, 2010 Annual Town Meeting appropriating funds necessary to defray the Town's expenses for a twelve month period beginning July 1, 2010 and appropriating the same to the several departments for Town and general municipal purposes connected therewith for Fiscal Year 2011, by reducing the amount raised and appropriated therefore by the sum of \$272,000, and by transferring the sums of \$180,000 from free cash and \$92,000 from overlay surplus to balance said budget.

Motion and second to amend the figure of \$180,000 to \$115,000. Voted: The motion was defeated.

Motion and second to amend the Article number in the first line from Article 3 to Article 5.
Voted: Unanimously.

Motion and second to accept the provisions of Article 1 as amended. Voted: Carried.

Article 2

To see if the Town will vote to reduce the amount appropriated under Article 5 of the June 8, 2010 Annual Town Meeting for various Fiscal Year 2011 departmental operating budget line items to balance the Fiscal Year 2011 operating budget, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to reduce the amount appropriated under Article 5 of the June 8, 2010 Annual Town Meeting for Interest Payments on Long Term Debt from \$227,420.00 to \$201,745.00.
Voted: Unanimously.

Article 3

To see if the Town will vote to raise and appropriate and/or transfer from available funds and/or transfer from various line items within the current appropriations such sums of money necessary to supplement the budgets of various departments for the fiscal year beginning July 1, 2010, and/or take any other action relative thereto.

VARIOUS DEPARTMENTS

<u>From:</u>	<u>To:</u>	<u>Amount</u>
Highway Department Personnel Services	Highway Department Expenses	\$ 7,822.96
Planning Board Personnel Services	Planning Board Expenses	\$13,000.00

Motion and second to make the transfers among line items within the current appropriations for the fiscal year beginning July 1, 2010 as listed above. Voted: Unanimously.

Article 4

To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of \$11,876.09 to be returned to the Highway Department expense budget for line striping and overtime and/or any other action relative thereto.

HIGHWAY SURVEYOR

Motion and second to appropriate from free cash the sum of \$11,876.09 to supplement the Highway Department expense budget for the fiscal year beginning July 1, 2010.
Voted: Unanimously.

Article 5

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$7,400.00 for the supplemental Fiscal Year 2011 assessment to the Town from the Bristol County Agricultural High School, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to appropriate from free cash the sum of \$7,400.00 to supplement the budget for Regional School Assessments for the fiscal year beginning July 1, 2010.

Motion and second to amend Article 5 to correct to Fiscal Year '11. Voted: Carried.

Motion and second to accept Article 5 as amended with the sum of \$7,400.00 from free cash.
Voted: Unanimously.

Article 6

To see if the Town will vote to:

(a) Amend Article XXII of the Town of Westport By-Laws, "Dog Officer and Restraint of Dogs" by:

Item 1

Deleting the words "Dog Officer" appearing in the title and throughout the text of said article and inserting in place thereof, in each instance, the words, "Animal Control Officer:"

Item 2

Reordering the definitions appearing in Section 2201 alphabetically as a result of said amendment.

Item 3

Revising the definition of "Dog Officer" in Section 2201 by inserting, after the words "relating to dogs," the following, "; said Animal Control Officer shall report to and be supervised by the Board of Health"; and (b) Raise and appropriate or transfer from available funds the sum of \$15,000.00 to fund the position of Animal Control Officer for the remainder of Fiscal Year 2011.

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 6 with the sum of \$15,000 from free cash.

The Moderator declared Article 6 carried by a 2/3 vote.

Approved by Attorney General 12/14/10.

Article 7

To see if the Town will vote to raise and appropriate, transfer or borrow the sum of \$19,137.50, more or less, for the Town's share of a wind measurement/feasibility study, including all necessary and related expenses, for the siting of a 1500 MW wind turbine for the benefit of the Town at Town-owned property located at 54 Hix Bridge Road, otherwise known as the Town Forest, for which the Town has also received a grant from the Massachusetts Clean Energy Center in the amount of \$57,412.50, and/or take any other action relative thereto.

ENERGY COMMITTEE

Motion and second to adopt the provisions of Article 7 with \$19,137.50 from Free Cash.
Voted: Carried.

Article 8

To see if the Town will vote to transfer the sum of \$11,455.00, more or less, from the Town's Municipal

Waterways Fund to the Harbor Enterprise Fund to cover a deficit in that amount, and/or take any other action relative thereto

HARBORMASTER

Motion and second to adopt the provisions of Article 8. Voted: Unanimously.

Article 9

To see if the Town will vote to amend the vote taken under Article 6 of the June 8, 2010 Annual Town Meeting establishing a Transfer Station Enterprise Fund effective the 3rd quarter of Fiscal year 2011, to provide that such fund shall instead be created effective "Fiscal Year 2012," and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 9. Voted: Carried.

Article 10

To see if the Town will vote to authorize the Board of Health to enter into a contract with a waste disposal facility for up to five (5) years for the purpose of establishing a set fee for trash disposal and/or take any other action relative thereto.

BOARD OF HEALTH

Motion and second to adopt the provisions of Article 10. Voted: Unanimously.

Article 11

To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of \$160,528.00 to be used by the Board of Health to fund personal services and expenses for the operation of the Transfer Station for the remainder of Fiscal Year 2011 and/or take any other action relative thereto.

BOARD OF HEALTH

Motion and second to increase the Fiscal Year 2011 appropriation for Sanitary Landfill Personal Services to \$126,405 with \$63,226 from free cash and increase the Fiscal Year 2011 appropriation for Sanitary Landfill Expenses to \$128,595 with \$31,774 coming from receipts Reserve.

Voted: Unanimously.

Article 12

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for payment of bills incurred in prior fiscal years, including, but not limited to, those set forth below, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Frank Corp. Environmental Services	\$ 1,955.86
Kopelman and Paige, P.C.	\$24,575.93 (FY09)
Kopelman and Paige, P.C.	\$51,437.35 (FY10)

Motion and second to pass over Article 12. Voted: Unanimous

Article 13

To see if the Town will vote to raise and appropriate, transfer or borrow the sum of \$100,000.00, more or less, for the purpose of constructing improvements and remodeling, constructing, reconstructing, and making extraordinary repairs including design, site improvements, equipment, furnishings and costs incidental thereto, of the Highway Barn, located at 820 Main Road, including all necessary and related expenses; provided however, that the amount appropriated hereunder shall be expressly contingent upon approval by the voters of a so-called capital expenditure exclusion, pursuant to M.G.L. Chapter 59, Section 21C(i½), that would allow the Town to raise such sum outside the levy limit imposed by proposition 2½, so-called, and/or take any other action relative thereto.

BOARD OF SELECTMEN/HIGHWAY SURVEYOR

Motion and second to pass over Article 13. Voted: Unanimously.

Article 14

To see if the Town will vote to raise and appropriate, transfer or borrow the sum of \$100,000.00, more or less, for the purpose of constructing improvements and remodeling, constructing, reconstructing, and making extraordinary repairs including design, site improvements, equipment, furnishings and costs incidental thereto, of the Highway Barn, located at 820 Main Road, including all necessary and related expenses; and to authorize the Treasurer, with the approval of the Board of Selectmen, to borrow said sum pursuant to M.G.L. Chapter 44, Section 7(3A) or any other enabling authority, and to issue bonds and notes therefore; provided, however, that the vote taken hereunder shall be expressly contingent upon approval by the voters of a so-called debt exclusion pursuant to M.G.L. Chapter 59, Section 21C(k), that would allow the Town to raise the funds required to pay principal and interest on such bonds outside the levy limit imposed by Proposition 2½, so-called, and/or take any other action relative thereto.

BOARD OF SELECTMEN/HIGHWAY SURVEYOR

Motion and second to pass over Article 14. Voted: Unanimously.

Article 15

To see if the Town will vote to raise and appropriate, transfer from available funds or borrow \$2,500,000.00, more or less, for the purpose of constructing improvements and remodeling, constructing, reconstructing, and making extraordinary repairs to School buildings, including design, site improvements, equipment furnishings and costs incidental thereto; and to authorize the Treasurer, with the approval of the Board of Selectmen, to borrow said sum pursuant to M.G.L. Chapter 44, Section 7(3A) or any other enabling authority, and to issue bonds and notes therefore; provided, however, that the vote taken hereunder shall be expressly contingent upon approval by the voters of a so-called debt exclusion pursuant to M.G.L. Chapter 59, Section 21C(k), that would allow the Town to raise the funds required to pay principal and interest on such bonds outside the levy limit imposed by Proposition 2½, so-called, and/or take any other action relative thereto.

BOARD OF SELECTMEN/SCHOOL COMMITTEE

Motion and second to appropriate the sum of two million, five hundred thousand (\$2,500,00) dollars for (i) roof replacement and window replacements, including all costs incidental or related thereto, at Westport High School located at 17 Main Road, Westport, Massachusetts 02790, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, (ii) window replacements, including all costs incidental or related thereto, at Westport Middle School located at 400 Old County Road, Westport, Massachusetts 02790, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, and (iii) roof replacement, including all costs incidental and related thereto, at Macomber School located at 154 Gifford Road, Westport, Massachusetts 02790, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, said sum to be expended under the direction of the School Building Committee, and to meet said appropriation the Treasurer with the approval of the Selectmen, is authorized to borrow said sum under M.G.L. Chapter 44, and any other enabling authority; that the Town acknowledges that the Massachusetts School Building Authority's (MSBA) grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any project costs the Town incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the Town; provided further that any grant that the Town may receive from the MSBA for the Project shall not exceed the lesser of (1) forty-one and sixteen one hundredths (46.16%) of eligible, approved project costs, as determined by the MSBA, or (2) the total maximum grant amount determined by the MSBA; provided that any appropriation hereunder shall be subject to and contingent upon an affirmative vote of the Town to exempt the amounts required for the payment of interest and principal on said borrowing from the limitations on taxes imposed by M.G.L. 59, Section 21C (Proposition 2 ½); and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the Town and the MSBA.

Motion and second to amend Article 15 to change the word "and" to "or" in line 10 and line 15 and to change in line 21 the word "forty-one" to "forty-six". (shown as underlined and italicized)

Voted: Unanimously.

Motion and second to accept Article 15 as amended. Voted: Unanimously.

Article 16

To see if the Town will vote, pursuant to M.G.L. Chapter 40, Section 5B, to create a special purpose stabilization fund for capital improvements purposes, to be known as the Capital Improvements Stabilization Fund; and to raise and appropriate the sum of \$1.00 for such purpose, and/or take any other action relative thereto.

BOARD OF SELECTMEN

Motion and second to adopt the provisions of Article 16 with \$1.00 from Free Cash.
Voted: Unanimously.

Article 17

To see if the Town will vote to sweep \$200,000 from previously appropriated and unused Oscar Palmer Farm community housing project monies to:

\$ 68,404 for community housing reserves; and
\$131,596 for undesignated fund balances.

COMMUNITY PRESERVATION COMMITTEE

Motion and second to transfer from funds amounting to \$200,000 previously appropriated under Article 28 of the May 6, 2008 Annual Town Meeting for the Oscar Palmer Farm community housing project, the sum of \$68,404 to the Community Preservation Fund community housing reserve and the sum of \$131,596 to the Community Preservation Fund undesignated fund balance. Voted: Unanimously.

Article 18

To see if the Town will vote to authorize the Community Preservation Committee to expend an amount not to exceed \$415,000 for the acquisition and preservation of the Cadman-White-Handy House and surrounding 25.2 acres. These funds will cover the acquisition of the property to be owned, managed and maintained by the Westport Historical Society with public accessibility, and the construction of a septic system to serve the intended use of the property. Funds to be used are:

\$136,000 from Historical Preservation reserves
\$279,000 from undesignated fund balances

COMMUNITY PRESERVATION COMMITTEE

Motion and second to appropriate the sum of \$136,000 from the Community Preservation Fund historical preservation reserves and the sum of \$279,000 from the Community Preservation Fund undesignated fund balance as a grant to the Westport Historical Society, Inc. for the acquisition, preservation and rehabilitation of the Cadman-White-Handy House Property and surrounding 23 acres, more or less, including the construction of a septic system to serve the property, which property is shown as Assessors' Map 54, Lot 41.
Voted: Carried.

Article 19

To see if the Town will vote to authorize acceptance by the Town of a donation of a parcel of vacant land containing approximately 8 acres, being Westport Assessors Map 54, Lot 41A, subject to Easement recorded with the Bristol County S.D. Registry of Deeds at Book 4016, Page 171, amendment to Conservation Restriction recorded with the Bristol County S.D. Registry of Deeds at Book 4016, Page 166, and Conservation Restriction recorded with the Bristol County S.D. Registry of Deeds at Book 1688, Page 210, being land that abuts the Town of Westport capped landfill on Hix Bridge Road, from donors Catherine M. Swanteson, Christine M. Swanteson and Carol Swanteson, the heirs and nieces of the late Eleanor Tripp. This donation is made in thanks to the Town for the support of the Community Preservation Committee of their late aunt's desire for preservation of the Cadman-White-Handy House, and for its accessibility to the people of Westport and elsewhere, and to take any other action necessary thereto.

COMMUNITY PRESERVATION COMMITTEE

Motion and second to authorize the Board of Selectmen to accept from Catherine M. Swanteson, Christine M. Swanteson and Carol Swanteson, the heirs and nieces of the late Eleanor Tripp, a gift of land shown as Map 54, Lot 41A, consisting of 11 acres, more or less, which land is subject to an easement held by the Town and recorded with the Bristol County S.D. Registry of Deeds at Book 4016, Page 171, amendment to Conservation Restriction recorded with the Bristol County S.D. Registry of Deeds at Book 4016, Page 166, and Conservation Restriction recorded with the Bristol County S.D. Registry of Deeds at Book 1688, Page 210, being land which abuts the capped landfill on Hix Bridge Road. Voted: Carried.

Article 20

To see if the Town will vote to transfer the sum of \$17,692.00 already supplied by the Insurance Company to pay Henry's Diesel Performance Plus Inc. for work done on a 1999 Freightliner that was done last year.

BY PETITION

Motion and second to pass over Article 20. Voted: Unanimously

Motion and second to adjourn and dissolve the Special Town Meeting at 10:50 p.m.
Voted: Unanimously.

There were 341 registered voters and 10 press and visitors in attendance.

Attest:

Marlene M. Samson
Town Clerk

And you are hereby directed to serve this warrant by posting five or more copies in as many places within said Town at least seven days before the time of said meeting.

Hereof and fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting.

Given under our hands at Westport this 23rd day of November in the year two thousand ten.

Steven J. Ouellette, Chairman
Brian T. Valcourt, Vice-Chairman
Paul A. Schmid, III
Craig J. Dutra
Richard M. Spirlet, Clerk
BOARD OF SELECTMEN

Marlene Samson
Town Clerk
Westport, MA 02790
November 23, 2010

On this 23rd day of November 2010, I posted 7 true attested copies of the forgoing warrant in the following named places:

Briggs Road Fire Station
State Road Package Store
Senior Center
Central Village Fire Station
Briere's Inc. a.k.a. Country Liquor & Variety
Town Hall
Lees Supermarket

ANNUAL REPORT OF THE BOARD OF APPEALS

The Board of Appeals respectfully submits its report for the year ending December 31, 2010. The organization of the Board is as follows:

Regular Members – Five-Year Terms

Clayton Harrison - Chairman	Term expires: 6/30/2014
Gerald Coutinho – Vice Chairman	Term expires: 6/30/2012
Kimberley A. Fernandes – Clerk	Term expires: 6/30/2015
Kendal D. Tripp	Term expires: 6/30/2011
Christopher J. Graham	Term expires: 6/30/2013

Associate Members

Donna Lambert	Term expires: 6/30/2011
William F. Wyatt	Term expires: 6/30/2011

Principal Clerk

Diane Pelland

During the calendar year, the Board received eight applications, of which eight public hearings were conducted. Two applications were for special permits; five applications were for variances and one was for a special permit/variance. All petitions were granted with the exception of two, one petition being withdrawn without prejudice and one being denied.

The Board would like to thank Diane Pelland for performing her duties as Principal Clerk.

Respectfully submitted,

Clayton Harrison, Chairman

ANNUAL REPORT OF THE BOARD OF ASSESSORS

Animal Bite Reports

Dog bites: 10
Cat bites: 1
Other bites: 1

Transfer Station Collections

619 tons of recyclables, which include cardboard, scrap metal, tin, magazine/junk mail, newspaper, plastics #1 & #2, glass and clothing. Payments totaling \$38,408 were received from the various recycling vendors during the year 2010. An additional \$6,266 was received for TV/monitors and tires. Recycling expenses cost the Town \$8,295 for the special handling of TV/monitors, glass and tires.

1,093 tons of Municipal Solid Waste/C&D were transferred to New Bedford Waste Services during 2010, which cost the Town \$72,156; however, with the fees from punch card sales and bulky items, the Town received in revenue \$166,574. Additional revenue of \$49,632 was collected through stickers and temporary pass sales.

Other Board Of Health Responsibilities Provided Under The Guidance Of The Town Nurse, Kathleen Burns, Rn.

The Westport Town Nurse's responsibilities include health promotion and illness and injury prevention. Also, clerical duties, vaccine management, referrals, sharps disposal, and participation in community health

meetings. The nurse's educational courses included immunization updates, emergency planning, MA pandemic conferences, Rx of head lice, psychological well-being, diabetes, CHD, Herpes Zoster Vaccine, and stroke prevention.

Services Provided Under The Town Nurse

Blood Pressure (BP) Clinics: Scheduled every Monday morning and as needed for the residents. BP clinics include education on medication, nutrition, and healthy life styles. Chronic diseases, which include cardiovascular disease, cancer, and diabetes, are among the most common and preventable health problems.

Communicable Disease Case Investigations and Reports: Mandated by the MA Dept. Public Health (MDPH), are an important part of the Town Nurse's duties. These reports help document and describe the extent of disease in a population, spread of disease to new areas, and assess control measures. During the investigation, education and support are provided to the client. At risk contacts are also identified in order to prevent further transmission of the disease.

Immunizations: Through the MDPH, the Town Nurse is able to offer state-supplied vaccines for children, high-risk adults and vaccines required for college entry. There are eligibility criteria for the administration of these vaccines. Tetanus boosters and pneumonia vaccines are always available. Vaccination provides partial or complete protection against the consequences of infection.

Seasonal Flu Clinics: 501 doses of seasonal flu vaccine were given to Westport residents by scheduled appointments over a period of several weeks. The Board of Health participates in the electronic Medicare Part B Administration Reimbursement Program. The vaccine is free from the MDPH. The fee charge to those not on Medicare was \$10.00. No one was denied the flu vaccine because of inability to pay.

Emergency Preparedness: 1) The Town Nurse and other Board of Health staff have attended many emergency preparedness meetings and education conferences sponsored by the Greater Fall River Medical Reserve Corp. Recruitment for volunteers is still a top priority. 2) Two Call-Down Drills have been successfully completed.

H1N1 Flu: A H1N1 Influenza Clinic was held in January using the EDS plan. 614 doses were administered in a four (4) hour period. This event was a great success with the help of other BOH staff, Emergency Management, Fire & Police, Transfer Station Staff, Highway Dept., MRC volunteers and other regular volunteers and Lees Market and the great cooperation of the vaccine recipients. The MDPH expressed how well the H1N1 crisis was handled by the Westport BOH.

A Recap Of The Services Provided In 2010

Office Visits: Blood Pressure Clinic/walk-ins 374, Flu shots, 501, Mantoux Tests 33, B12 Injections 108, Glucose Screenings 4, Blood Pressure Clinic at the Senior Center 124, other injections per order by a physician 10.

Adult Immunizations: Measles, Mumps and Rubella 4, Tetanus and Diphtheria 11, Hepatitis B 11, Pneumonia 10, Hepatitis A 4, Varicella 2.

Children & Adolescent Immunizations: Tetanus, Diphtheria & Pertussis 5, Hepatitis B 1.

Communicable Disease Cases and MDPH Case Reports: Lyme Disease Hepatitis B & C, Streptococcus Pneumonia, Babesiosis, Ehrlichiosis, Strep A, Viral Meningitis, Tuberculosis, Enteric Diseases.

Other Services: Home Visits 81, WIC Satellite Program held monthly,

Durable Medical Equipment: accepts donations of medical equipment to loan to residents in need.

Revenue: \$7,923.86

Special thanks to my co-workers and my faithful volunteers for their support.

Sincerely,
Kathleen Burns R.N.

The Board of Health meets every other Monday at 7:00 p.m. in the Town Hall Annex.

In order to continue to protect the public health and environment, the Board of Health has successfully implemented its Septic System Pump-Out Program and continued its well water testing discount fee program. The credit for the success is due to the dedicated staff at the Board.

The Board will continue to work to better protect and monitor the public health, safety and environment by enforcing existing regulations.

Our Town Nurse, Kathy Burns, continues to provide excellent health services to those in need. Her dedication in planning and implementation for the possibility of a pandemic situation along with the Senior Health Agent, James Walsh, and Principal Clerk, Nancy Paquet and with the aide of Fire Chief and Emergency Management Director, Brian Legendre and Police Chief, Keith Pelletier will greatly improve the Town's ability to handle any overall emergency. Their work has expanded to an ongoing project to recruit volunteers as part of the Greater Fall River Medical Reserve Corp. unit, which includes Fall River, Somerset and Swansea with Alvin McMahon as the Coordinator for the GFRMRC Unit.

Board of Health Members and Agents actively served on other committees: Affordable Housing, Stormwater, Safety Complex, Homeland Security, Emergency Response, Estuary Committee, Water & Sewer Committee and the Cemetery Task Force.

The Transfer Station Staff, Raymond Lerner, Wayne Parisee, and Anthony Amaral continue to make improvements to the facility as well as providing service to the public and working with various Town agencies on special projects.

In regular business, the Board continued their work reviewing septic repairs, upgrades, and new construction applications. Overall, road kill remains a time-consuming endeavor, and the Board hopes the creation of the Animal Control Officer will reduce the need for our agents to respond..

Board of Health Goals

The Board has set goals for the upcoming years, which it views as dealing with high priority issues. Among these goals are:

1. Eliminate or reduce the financial deficit at the Transfer Station.
2. Continue to make improvements at the Transfer Station to make it more user friendly. Incorporate any useful suggestions from the state In-Kind Technical Assistance Report.
3. Run reports on septic pumping to determine any not pumped in last three years or pumped too often and enforce Septic Maintenance Regulation.
4. Complete the Tight Tank regulation.
5. Create a port-a-jon regulation.
6. Continue inter-board (department) co-operation and communication.
7. Continue working with Planning Board on the Storm Water runoff regulation.
8. Continue developing the Medical Reserve Core through the nursing department.
9. Work on possibly planning a Pneumonia Clinic.

10. Work on increasing immunization rates.
11. Work prevention education.
12. Work on developing ways to encourage healthy lifestyles.

I would like to take this opportunity to formally thank the Board of Health Staff, Town Nurse, and the Transfer Station workers. The Board is proud of the way they have interacted with other departments and the residents of the Town of Westport. They continue to serve the Town well through their hard work and dedication.

Respectfully submitted,

John J. Colletti, Chairman

ANNUAL REPORT OF THE BRISTOL COUNTY MOSQUITO CONTROL PROJECT

Bristol County Mosquito Control Commissioners

Arthur F. Tobin, Chairman

Gregory D. Dorrance

Christine A. Fagan

Joseph Barile

Robert F. Davis

The calendar year 2010 marks the fifty-first anniversary of the Bristol County Mosquito Control Project and its services to the cities and towns of Bristol County. The Project was established in 1958 as a result of numerous human and horse cases of Eastern Equine Encephalitis. Over the years, the Bristol County Mosquito Control Project has greatly reduced the exposure to this arbovirus and also the newly introduced West Nile virus.

Since the 1958 formation much has changed. New biological larvicides have been developed and used to suppress mosquito emergence. The Project has acquired new GPS guidance systems for the trucks and GIS mapping capabilities. Newer environmentally sensitive adulticides have been developed and adopted by the Project. During water management projects, low ground pressure machines are used to reduce secondary impacts to the environment. Increased mosquito surveillance, the cornerstone of Integrated Pest Management, continues every summer. The addition of molecular techniques by the Massachusetts Department of Public Health increased sensitivity of virus isolations and decreased turn around time between collections and results.

For the past 7 years, Bristol County Mosquito Control Project reported the most EEE isolations from mosquitoes in Massachusetts. During the 2010 mosquito season, over 28,611 mosquitoes were collected. There were 10 isolations of EEE with 1 collection from human biting mosquitoes and no human or horse cases reported for the County. We had 14 mosquito isolates of West Nile Virus in the County with no reported human or horse cases.

An aerial application of Anvil® 10 + 10 ULV was made to approximately 284,000 acres in Bristol and Plymouth counties to control Eastern Equine Encephalitis. Parts of Acushnet, Berkley, Dartmouth, Easton, Fairhaven, Freetown, New Bedford, Norton, Taunton and Raynham were included in this application. The application was conducted over three-nights from August 5-7, 2010. Pre- and post- trapping resulted in an 85% overall reduction in the mosquito population and a 90% reduction in mammal biting mosquitoes.

To date the towns of Taunton, Berkley, Raynham, Freetown, Acushnet, Fairhaven and New Bedford are in the High-risk category for EEE. The towns of Easton, Norton, Dighton, Somerset, Fall River, and Dartmouth are in the Moderate-risk category for EEE. To date the towns of Westport, Dartmouth and New Bedford are in the Moderate-risk category for WNV.

The Bristol County Mosquito Control Project works year-round in its efforts to reduce mosquito breeding sites and adult mosquito populations. The Project uses several different measures of control in its never-ending fight against mosquitoes.

Spring and Summer Larviciding - To reduce the emergence of adult mosquitos in areas where mosquito larvae are present.

Catch Basin Treatment - To stop mosquito emergence from rain-filled catch basins and storm drains.

Mosquito Surveillance Program - To monitor mosquito populations as to their type and number – a program necessary in encephalitis surveillance. Light trapping of mosquitos is also useful to determine what areas have nuisance populations of mosquitos.

Water Management - A year round endeavor to clean and maintain mosquito drainage ditches in areas to reduce standing water conducive to mosquito larvae.

Public Outreach - Providing important information to the residents of the county with respect to personal protection against mosquito bites, mosquito breeding prevention on one's property and mosquito data.

It is the policy of the Bristol County Mosquito Control Project to use pesticides that are environmentally sensitive so that they do not negatively impact people or the environment. We use as many of the biological insecticides as are practical with the environmental conditions present in the New England area.

All of our spray equipment is calibrated periodically in order to ensure that dosage rates remain at legal levels but are adequate to reduce mosquito populations. The operators of our spray equipment are state licensed pesticide applicators that are required to attend classes on pesticide safety on a yearly basis.

During the time period January 1, 2010 – December 31, 2010 the Bristol County Mosquito Control Project in Westport:

- Sprayed over 19,047.6 acres
- Treated 77.6 acres in 23 locations with BTI for mosquito larvae
- Received 1,395 requests for spraying
- Cleared and reclaimed 4,260 feet of brush by hand
- Cleaned 790 feet of ditches with machine
- Treated 1,336 catch basins

I would like to thank the Town officials and the people of Westport for their continued support and cooperation and look forward to serving them in the coming year. Should anyone have a question as to what might be done to relieve a mosquito problem in their area, whether it is water management work, treatment of a breeding site, or just having an area checked, please feel free to call our office at 508-823-5253.

Respectfully submitted,

Wayne N. Andrews, Superintendent

ANNUAL REPORT OF THE INSPECTOR OF BUILDINGS

I hereby submit my report as Inspector of Buildings for the year ending December 31, 2010.

Totals	1,231	2,252	\$1,545,608.04

Respectfully submitted,

Ronald E. Costa, CFC Secretary
Executive Board of Directors

ANNUAL REPORT OF THE COMMISSION ON DISABILITY

The Commission on Disability hereby submits its report for the year ending December 31, 2010.

The committee is comprised of five members, appointed by the Board of Selectmen. Commissioners and their terms are:

Elaine Ostroff, Chairperson (June 30, 2013)
Stanley Cornwall, Vice Chairperson (June 30, 2011)

Michael Ouimet, Secretary/Treasurer (June 30, 2012)
Selena Howard (June 30, 2012)
Richard Squire (June 30, 2012)
Sybil Burba (June 30, 2011)
Shannon Reynolds (June 30, 2011)

Background

The Board of Selectmen appointed the Disabilities Planning Committee at the BOS meeting in August 2008 to develop the information and materials needed for the Town to establish a Disabilities Commission at the 2009 Town Meeting. This included the preparation of the bylaws that the Commission will follow; gathering input from the community on the issues faced by people with disabilities; and educating the community on the requirements of the Americans with Disabilities Act as they apply to businesses and to Town and state government. Two related Warrant Articles established the Commission; both were approved at the May 2009 Town Meeting. One article established the Commission and a second article authorized the allocation of fines for violations of handicapped parking to the Commission. Westport became one of over 140 Commissions throughout the state that have been established under MGL Chapter 40: Section 8J. All of the Commissions work with guidance from the Massachusetts Office on Disability.

Vision

Westport Without Barriers is the logo and the vision to promote the mission and priorities of the Commission.

Mission Statement

To make Westport a better place to live by being a resource to the Town that will bring about the full and equal participation for people of all abilities in all aspects of life in Westport.

Priorities

- Encourage public awareness of disability issues.
- Identify concerns of Westport citizens with disabilities.
- Work in cooperation with the Town departments and agencies, to bring about maximum participation of citizens with disabilities.
- Work with businesses, agencies, and organizations to improve accessibility for citizens with disabilities.
- Provide information, referral, guidance and advice to individuals, businesses, organizations and public agencies in all matters pertaining to disability.
- Assisting Town departments in complying with the American with Disabilities Act.
- Work with other local groups organized for similar purposes.
- Advocate for the rights of Westport citizens with disabilities.

2010 Highlights

1. Americans with Disabilities Act (ADA) Self Evaluation and Transition Plan Update - The Town had received funding to hire an ADA consultant for the Transition Plan Update through the Community Development Block Grant Housing Rehabilitation award of 2009. The Commission worked with the Town Grant Writer consultant in the selection of the ADA Consultant to conduct the update of Westport's 1994 ADA Transition Plan. The Plan will provide the information necessary for the Town to plan and implement the removal of architectural and programmatic barriers. Completion of the Updated ADA Self Evaluation and Transition Plan will enable the Town to apply to the Department of Housing and Community Development for capital funding to rehabilitate Town buildings. The Commission recommended a Consultant to the Board of Selectmen and a contract was signed with the Institute for Human Centered Design to begin July 2010.

The ADA Consultant's initial presentation to the Board of Selectmen highlighted the awareness that the Town has very limited financial capacity to commit budget resources for significant barrier removal and that priorities would be developed for grant applications for funding. The preliminary report identified the need for some updated policies and recommended that the highest-level administrator be appointed as the new ADA Coordinator. The Selectmen appointed the Town Administrator to the position, with thanks to Denise Bouchard for her many years as the ADA Coordinator.

The Updated ADA Self Evaluation and Transition Plan will include reports on all Town-owned buildings, the Town open spaces and playgrounds, the beaches, docks and landings, and all of the Westport Community Schools. The Commission has been reviewing the draft reports, making site visits, setting preliminary barrier removal priorities, organizing workshops for Town administrators and is coordinating the Town-wide committee established by the BOS to set budget priorities. The Town-wide committee is comprised of two representatives each from the BOS, the Financial Committee, the Commission on Disability and an at-large member, James Coyne. The Town-wide ADA Committee met in September and October and will meet again in 2011 when the reports with cost estimates are available for review.

Two workshops for Town administrators were held; "ADA Policies and Procedures" on October 25 at the High School and "The Americans with Disabilities Act: What a Small Town Needs to Know" on January 20, at the Town Hall. Both workshops were videotaped and were each shown for two months on Cable Access. The full report from the ADA consultant will be presented at a public hearing in the spring of 2011.

2. Promotion and Outreach to the Community - A brochure was developed with the help of volunteer graphic designer Lisa Cusick and printed in part with donations. The Commission placed 1000 brochures for distribution in over 40 businesses and other public locations in Westport. A donation supported a quarter page display ad in the Council on Aging phone book; a Facebook page was developed and the Commission maintains a webpage on the Town website.

3. Fund Raising - A campaign to raise money to support smaller access needs for the Town and individuals was planned and will be conducted in 2011. Following the recommendation of the Town Accountant, a gift account for donations was established by the Board of Selectmen.

4. Public Input - The Commission continued the "Community Input" opportunity for Westport residents to attend any meeting and offer suggestions or voice concerns. The Community Input is the first agenda item at each meeting. The public input included: an inquiry from the Beach Committee about collaboration with the Commission on Disability for beach access; an informational presentation from a parent on the budget deficit facing the schools and the potential impact on children with disabilities; information on specific tax exemptions for people with disabilities; a representative of the Trustees of Reservations asked for input from the Commission on an accessible raised bed at the Town Farm; a resident expressed concern about the lack of handrails at an exterior staircase at the Town Hall annex; and a Westport High School senior presented her idea for her Senior Project that would research beach access and propose a solution.

5. Cooperation with Town Departments and Boards - The Beach Committee invited the Commission's assistance to address access challenges at the Town Beaches. Several members of the Commission have been attending meetings of the Beach Committee to help consider options for improving access at the Town Beaches. The Commission provided assistance in the installation of HP parking spaces at Cherry and Webb Town Beach by researching the number needed, establishing the location and purchasing the signs. The Beach Committee installed the signs prior to the opening of the 2010 season.

The Central Village Public Improvements Committee invited input from the Commission at a public meeting on the Central Village Sidewalks.

Westport Cares, a parent organization was receptive to the Commission's offer to provide assistance, policies and procedures for improved access to a public meeting held at the Middle School.

Respectfully submitted,

Elaine Ostroff, Chairperson

ANNUAL REPORT OF THE COMMUNITY PRESERVATION COMMITTEE

Warren M. Messier, Chair
Janet Jones
Timothy H. Gillespie
Lino M. Rego
Charles Appleton

Elizabeth A. Collins, Co-Chair
Betty F. Slade
R. Michael Sullivan
David J.S. Emilita

The provisions of the Community Preservation act (MGL.44B) were passed at the 2001 Annual Town Meeting. In adopting the provisions of the Act, taxpayers approved a two percent surcharge on real estate taxes, starting in February 2003, to fund this program. In addition, each year the State, from a special trust set up for this purpose, allocates funds to all the Community Preservation Act (CPA) communities. In the first few years, the State matched 100% but in the last three years of economic downturn the match has been dropping. There is a bill before the legislature (SB 90) to fix the match at no less than 75%. CPA funds are restricted to use only for open space, historic preservation, affordable housing and for passive recreation use.

A minimum of 10% of the total available funds each year must be devoted to each of the categories of open space, affordable housing, and historic preservation. The balance of the funding may be expended in any of the categories listed. If funds are not expended in one year they are carried over to the next years as reserves.

A Community Preservation Committee (CPC) was established in April 2002, after voters had approved this action by an annual election ballot question. CPC consists of nine (9) voting members pursuant to the provisions of M.G.L. Chapter 44B, Section 5. The Committee, appointed by the Selectmen, at the end of 2009 include three members-at-large (Charlie Appleton, Lino Rego and Betty Slade) and representatives of the Town's Conservation Commission (Richard Spirlet replaced by R. Michael Sullivan in June), Historical Commission (Norma Judson replaced by Janet Jones in June), Planning Board (David Emilita), Recreation Commission (Timothy Gillespie), Housing Authority (Elizabeth Collins, co-chair), and Finance Committee (Warren Messier, Chair). We thank Norma Judson and Richard Spirlet, who have resigned, for their service to the CPC.

At any time after fiscal year FY08 the Town can revoke the Act by following the same procedure that was followed in adopting the Act. That is by a vote of Town Meeting followed by an Annual Town Election ballot question. Otherwise, the Community Preservation Act remains in place. Details of the Act can be found in Chapter 267 of the Acts of 2000 by the Massachusetts Legislature. Petition articles to revoke the Act in the 2009 and 2010 Annual Town Meeting were not successful.

CPC works closely with Town committees and boards as well as with the Agricultural Open Space Council, Trustees of Reservations, the Westport Land Conservation Trust, and other non-profits to develop projects which will meet CPA requirements and which will contribute to the Town. Each project is carefully reviewed and costs closely examined. CPC requires that all projects serve a public purpose and that quarterly reporting back to the CPC is done. In April a public hearing is held for all the projects approved in that year by the CPC for recommendation to the Town Meeting. The CPC then submits a warrant article to Town Meeting for voters' consideration. All the recommended projects were approved unanimously at the regular 2010 Annual Town Meeting and at the Special Town Meeting. They are:

Open Space

Brunswick-Desjardins Property, \$100,000 - This property is a 50-acre property located on Cornell Road in Westport, Massachusetts. The property is adjacent to the Westport Land Conservation Trust's (WLCT) 50-acre Herb Hadfield Conservation Area on Adamsville Road, which the Town played an important role in

protecting in 2004. The addition of the Brunswick-Desjardins property will double the size of the Herb Hadfield Conservation area to 100 acres, and also provide access from Cornell Road. The Brunswick-Desjardins property features upland meadows in the southern portion of the property, while the balance of the property is primarily forested. Extensive wetlands drain to two separate branches of the Angeline Brook that flow through the property, which is one of the few remaining brooks in Westport that support native brook trout. This acquisition will add to over 300 acres of permanently protected farmland and forest land in the Angeline Brook watershed. A partnership with the Town of Westport will also ensure public access to this property. Of the total cost of the property, \$465,000, WLCT is providing \$335,000 and Massachusetts Waterfowlers, Inc. is providing \$30,000.

Open Space Reserve, \$43,683 - These funds are set aside for future open space needs to be determined by future Town Meetings.

Historic Preservation

Purchase of Cadman-White-Handy Property (approved at Special Town Meeting 12/7/10), \$415,000 - One of the most important historic properties in Westport, the Westport Historical Society has agreed to acquire, maintain, operate and open this property to the public. \$415,000 was allocated to this project for the purchase for the Westport Historical Society and for the installation of a proper septic system. The Historical Society will raise private funds to stabilize, rehabilitate and maintain the property of 23 acres. A grant agreement protecting the Town's investment was recorded with the deed. Eleven acres were donated to the Town to protect it against future litigation because the capped landfill had spilled over onto the property.

Historic Preservation Reserves, \$43,683 - These funds are set-aside for future historic preservation needs to be determined at Town Meetings. It is part of the 10% required funding for Historic Preservation for this year.

Community Housing

Range Hoods for greenwood Terrace, \$6,500 - This funding is for purchase and replacement of 48 range hoods for the living quarters of the senior residents at Greenwood Terrace. The existing hoods are over 35 years old, not vented to the outside and thus set off the new smoke alarms. Greenwood Terrace, a senior housing community at 666 State Road, has been undergoing refurbishment through DHCD funding.

Westport Affordable Housing Trust Fund, \$110,700 - The purpose of the Westport Affordable Housing Trust Fund, created by Town Meeting in May 2009 per M.G.L. c.44 s.55C, is to provide for the creation and preservation of affordable housing in the Town for the benefit of low and moderate income households. The Board of Trustees was appointed by the Board of Selectman in February 2010. With funding provided by CPC, they have worked with planning consultant, Jennifer Goldson, to create a Preliminary Action Plan for FY11 - FY13, and a modest program and budget for FY11. The first initiatives (\$35,000) will provide the foundation for ongoing work to establish a Housing Assistance Office by contracting with an experienced housing specialist (as a consultant); recording secretary (as a temporary part-time clerk); and administrative expenses. The second initiative (\$75,700) is a small-scale development of affordable housing on Town-owned property working with a non-profit developer, such as Habitat for Humanity.

Community Housing Reserves, \$132,265 - These funds are set aside for future community housing needs to be determined at Town Meetings.

Administrative Account

Administrative, \$21,000 - This account is used by CPC to handle anticipated administrative support.

Transfer of Funds - \$200,000 previously appropriated for the Oscar Palmer Farm community housing were transferred back into reserves; \$68,400 to community housing reserves and \$131,596 to the undesignated fund balance.

Total FY11 funds approved by Regular & Special Town Meetings: \$632,200

Brunswick-Desjardins Property	\$ 100,000
Range Hoods for Greenwood Terrace	\$ 6,500
Westport Affordable Housing Trust Fund	\$ 110,700
Cadman-White-Handy Property	\$ 415,000
Total	\$632,200

The CPC State matching funds received to date:

October 2003	\$285,139
October 2004	\$296,150
October 2005	\$310,535
October 2006	\$324,421
October 2007	\$339,198
October 2008	\$242,421
October 2009	\$126,347
October 2010	\$103,501
Total:	\$2,027,712

Detailed information about meetings, application procedures, criteria and other source material is available on the Town of Westport Website – Community Preservation Committee.

Respectfully submitted,

Warren M. Messier, Chair

ANNUAL REPORT OF THE CONSERVATION COMMISSION/SOIL BOARD

The Conservation Commission/Soil Conservation Board hereby submits its annual report for the calendar year ending December 31, 2010.

Overview

The Conservation Commission is a seven-member volunteer board, appointed by the Board of Selectmen to oversee and protect Westport's extensive inland and coastal wetlands, riverfront and certain other natural resources. Our primary responsibility is to review wetland delineations and permit applications for activity in or near wetland and riverfront areas under the jurisdiction of the Massachusetts Wetlands Protection Act (WPA) and the Rivers Protection Act, as well as ensuring compliance. The Commission issues decisions and permits after a public hearing and presentations by the applicant.

The Conservation Commission employs professional support to review application filings including septic and building permit requests. The Commission staff works closely with the Board of Health and Building Inspector in these reviews. The Commission is responsible for updating the Town's Open Space Plan every five years and for overseeing town-held conservation restrictions, which preserve valuable natural areas. The Commission also serves as the Soil Conservation Board for the Town and reviews permit applications for storage, transfer and removal of certain soils and minerals as set forth in Westport's Soil Bylaw.

Personnel Updates

The Conservation Commission employs two outstanding professionals, Andrea Coates and Mary Trudeau. Ms. Coates is the Commission's part-time Conservation Agent and Ms. Trudeau is available to us several days per week as our Consulting Agent. During a recent period when Ms. Trudeau was unavailable due to illness, we were ably assisted in the interim by Tom Hughes as our Consulting Agent. The Conservation Commission is also well supported by the administrative work of Leone Farias, Principal Clerk. Mrs. Farias handles the day-to-day operations of our office and with our agents, assist the public and applicants in moving through the sometimes intricate process of compliance with the requirements of the Conservation Commission.

Conservation Commission members at the close of 2010 were: Edmund Rooney, (Chairman) Paul Joncas, (Vice Chairman) and members Michael Sullivan, John Reynolds, Jeff LaValley, Thomas Martin and Lucy Keefe.

Commission Activity & Highlights

- The Commission continues to meet bi-weekly (alternate Tuesday evenings). We have continued with a regular review of outstanding violations and complaints, and have resolved numerous outstanding issues. We have scheduled a meeting with Trustees of the Reservations for early in 2011 to coordinate responsibility for the properties in Westport where we hold joint responsibility for conservation easements. We have initiated the creation of an electronic filing database and updating our filing system to organize new information in a way that should make information stored in our files more readily accessible for our review process. Policies and procedures continue to be refined and reviewed as appropriate.
- The totals for various filings under the state Wetlands Protection Act in 2010 were: 86 Notices of Intent, 6 Abbreviated Notices of Resource Area Determination, 38 Requests for Determination of Applicability and 24 Certificates of Compliance.
- Total reviews for new and repaired septic systems and building permit applications in 2010 were 200.
- The Soil Board granted 7 requests for renewal of Soil Transfer Permits.

Coordination with Town Boards

Conservation Commission members also represent the Commission on the Stormwater Management Committee, Community Preservation Committee, Agricultural Preservation Trust Council, and the Westport Economic Development Task Force.

Budget and Wetland Funds

The Conservation Commission is funded partly from taxation and partly from a fund called the Wetlands Fund. A portion of every Abbreviated Notice of Resource Area Delineation (ANRAD) and Notice of Intent (NOI) is deposited in the Wetlands Fund. The Conservation Commission uses these funds to carry out the work of the Conservation Commission and to supplement shortfalls in our funds appropriated at Town Meeting.

On behalf of the Conservation Commission and the citizens of the Town of Westport, I thank both the staff and Commissioners for their dedication and willingness to devote many hours to serving the Town of Westport.

Respectfully submitted,

Ed Rooney, Chairman

ANNUAL REPORT OF THE WESTPORT COUNCIL ON AGING

The Council on Aging respectfully submits this report for the year ending December 31, 2010.

<u>Council Members</u>	<u>Appointed</u>	<u>Term Expires</u>
Beverly Baughan	July 1, 2008	June 30, 2013
Bruce Belling	July 25, 2005	June 30, 2013

Joan Chittister in her recent book entitled “The Gift of Years - Growing Older Gracefully” encourages us to cherish the blessings of aging and to overcome its challenges. In her words, “A blessing of these years is that we are the ones whose responsibility it is to prove the stereotypes wrong, to give age its own fullness of life”. Growing old is not something to be feared; it has rewards and opportunities no other age offers. The programs and services available at the Council on Aging provide the opportunity to make this journey an enjoyable one. Programs are offered to keep the body strong and healthy. There are exercise programs, such as aerobics, osteo-prevention, Tai Chi, yoga and zumba, all designed to keep your body moving and active. Programs to exercise the mind include Astronomy, art classes, writing, knitting, quilting and individual computer instructions. Some of the most popular seminars in 2010 included Home Energy Savings, a visit with Representative Barney Frank and a question and answer session with District Attorney Sam Sutter. The Health and Wealth Expo included a variety of presenters covering investment, ways to keep healthy and fun ways to spend your leisure time. A flu clinic at the Expo enable 60 people to start the flu season protected.

Socialization is also an important part of maintaining a healthy mind and body. Opportunities such as the monthly Soup and Sandwich, Veterans Breakfast, and the Annual Picnic provide social interactions. The whole family was invited to join us for an “Evening Under The Tent” with the Cajun band “Magnolia”. There were activities for the children, a car show for car enthusiasts and jambalaya all available during the toe-tapping music.

Another way to improve your mental health is to reach out and help someone else. Our Volunteer Program has over 100 volunteers providing a wide variety of services. The Food Pantry program is run by volunteers. They sort food, stock shelves, fill bags, pick-up fresh bread and man the Pantry from 10:00 a.m. to 2:00 p.m. on Thursdays when it is open. Any Westport resident, age 18 or older, in need of food is eligible to use the food pantry. The community has been very supportive of this project and people arrive daily with donations of food. Fresh produce from the Town Farm and several other local farms kept the food pantry supplied for the entire growing season. We appreciate all donations, whether it is one item or a truck load. Thank you to all for your generosity.

Volunteers also serve in the Social Day Care Program. This program is now averaging 15 people per day. One year ago the number was 8 people a day. Even though the median age is 88 don't let that fool you. These people really know how to enjoy life, you should see them dance. The sound of laughter coming from their activities can't help but make you smile. This program is self-supporting and is of no cost to the Town, but it provides a wonderful opportunity for the clients and respite to the caregivers. Volunteers visit shut-ins, help in the kitchen, keep the gardens beautiful, help with data entry and write our Newsletter.

Transportation was the area hardest hit by our budget reductions. Rides to medical appointments were reduced from 5 days a week to 3 days a week. This has put a hardship on many of the elders in our community. We have tried to cut expenses but the increase in the price of gas is making the cost of a ride more expensive. Looking on the bright side, two vehicles were added in 2010 at no cost to the Town. A 2004 Nissan Quest was a gift from a generous family and the Friends of Westport Council on Aging. The COA received a grant to provide 80% of the cost of a 2010 Mini-bus and the Friends of Westport COA provided the 20% match thus saving the Town over \$14,000.

The Outreach Department continues to provide a wide variety of Social Services to our community. There have been ever-increasing needs for help with money management, fuel assistance, insurance counseling, and mental health issues. The statistics below will indicate the tremendous services they have provided. One of the largest outreach projects each year is the Thanksgiving and Christmas dinners and baskets. This year was no exception, 90 people enjoyed a free turkey dinner with all of the trimmings thanks to the generosity of some very kind and caring individuals. One family donated 24 turkeys and all the fixing for 24 baskets and even provided the helpers to sort and fill the baskets. St. John's Church and the students in the Middle, Elementary and Macomber schools held a food drive to fill an additional 55 Thanksgiving baskets. The Spirit of Christ Church filled 30 baskets at Christmas to provide a ham dinner for shut in elders.

The Senior Center was built in 1905, and we treasure this lovely old building. In January 2010, the Spirit of Christ Anglican Church began renting the building on Sunday for services. The rent provides money to have the floors professionally cleaned, add much needed storage closets and many other items not available through budget constraints. The Sheriff's Department painted the interior of the building and the price of the paint was the only cost to the Town. The Friends of Westport Council on Aging (FWCOA) paid to blacktop the unfinished portion of the parking lot. Several areas in the unfinished portion would fill with water and caused a hazard during the winter months.

The staff, volunteers, and the COA Board and Friends of Westport Council on Aging work very hard to encourage healthy aging, not just longer life for the people in our community. Each year, the financial crunch increases as the over-60 population in Westport grows and we are asked to provide more services with fewer resources and less staff. With help from the Town, grantors, and private donations from individuals, the Council on Aging has met that challenge in 2010, and we plan to explore all avenues to continue to offer more services, programs, and activities to our elders in the future.

It is the policy of the Westport Council on Aging to offer classes and programs first to Westport residents 60 years old and older, then to younger people, if room exists, unless grants restrict this.

The above has been the 2010 calendar year in review for the Westport Council on Aging. The goals for 2011 are as follows:

- 1) To Increase medical transportation to 4 days a week;
- 2) To upgrade the server for the computer system;
- 3) To improve the computer skills of staff;
- 4) To produce a Director's Manual for the COA Directors Position; and
- 5) Expand training for Friendly Visitors Program.

Respectfully submitted,

Heather Heath Reed
Council on Aging Chairman

ANNUAL REPORT OF THE RONALD DESROSIERS MEMORIAL FUND & WESTPORT CITIZENS BETTERMENT FUND & COMMITTEE

The following is a report of the Westport Citizens Betterment Committee for the year ending December 31, 2010.

The Board of Selectmen reappointed members Shirley Desrosiers; Lena Napert; Margaret Silva; Patricia Kershaw; Phyllis Chrupcala; and Charlene R. Wood to the committee. All terms expire June 30, 2011.

This year the Westport Citizens Betterment Committee received seven applications. The Westport Citizens Betterment Committee was pleased to award two \$1,000 grants and one \$600 grant for the Year 2010 round.

The top ranking application was submitted by the Westport Board of Health. Their project is to purchase and install security cameras and equipment for the Transfer Station to prevent illegal after hours dumping.

The second highest-ranking application was the Westport Fire Department. The department was awarded \$1,000 to re-establish and produce the Westport Town Flag which will ultimately be available for purchase to the general public. They will also use the funds purchase a ceremonial flag constructed in appliqué form for use by the Honor Guard and will be displayed in the lobby of the new Westport Fire Station #1.

Ranking third was the Shellfish Department who was also awarded \$1,000 to purchase sign material to replace the old shellfish area signs in the east and west branches of the Westport River. This will be accomplished with the assistance of the Westport Highway Department.

We wish to thank the other applicants for the time and effort they put forth in applying for the grant. It is very difficult every year to choose from the applications as each one usually has much merit.

The committee wishes to thank all applicants for their time and effort and also for the cooperation of the Board of Selectmen and Treasurer's staff.

The Trustees of the Ronald Desrosiers Memorial Fund and the Westport Citizens Betterment Fund encourage contributions to either of these funds. Any person or organization wishing to contribute may do so through the Board of Selectmen's office or by calling Charlene Wood at 508-636-2075. Your donation would help put resources back into the community.

The balance in the Ronald Desrosiers Memorial Fund as of 12/31/10 is \$30,615.40, of which \$19,875.02 is non expendable. The Westport Citizens Betterment Fund has a balance of \$5,313.48.

Respectfully submitted,

Shirley Desrosiers, Chair

ANNUAL REPORT OF THE ESTUARIES PROJECT COMMITTEE

The following is a report of the Estuaries Project Committee for the year ending December 31, 2010

During the past year the Committee has focused primarily on completion of the draft Estuaries Report for the Westport River watershed that will be produced by the School of Marine Sciences and Technology (SMAST) at UMass Dartmouth. Through the good offices of State Representative Michael Rodrigues, two meetings were convened in Westport that brought together representatives of SMAST, the State Department of Environmental Protection, the Coalition for Buzzards Bay, the Town of Dartmouth as well as representatives from the Westport Board of Selectmen, Town Administrator, Community Preservation Committee, Planning

Board, and the Estuaries Committee. These meetings served to advance the priority of work on the Westport River study and assured that town representatives provided SMAST with the best available information on prospective buildout in the watershed.

Funding for the work on the report has been provided by the Town of Westport through Community Preservation Funds, the Westport River Watershed Alliance and the Massachusetts Department of Environmental Protection.

The draft report is expected to be completed during the first quarter of 2011 and the Estuaries Committee is prepared to arrange public meetings to inform the community of the results of the report and begin to move on to the next phases of addressing the problems identified in the report. Members of the Committee have been consulting with other towns to learn from their experiences with implementation of nutrient reduction programs. Committee members have also engaged in discussions with officials from the Town of Dartmouth about potential real estate developments at Lincoln Park and other areas that might impact the health of the Westport River. These discussions will be extended to other nearby communities in the watershed if the results of the report indicate that the river's water quality appears to be adversely effected by conditions in those communities.

The Committee held five meetings during the year. The number of meetings attended by each committee member is indicated below.

ANNUAL REPORT OF THE FIRE DEPARTMENT

I hereby submit my report as Fire Chief for the year ending December 31, 2010.

The mission of the Westport Fire Department is to protect life, property and the environment from fire, medical emergencies, hazardous materials, natural disaster and terrorist related incidents. We will do this through emergency mitigation, code enforcement, public education and training.

This year was an historic one for the Fire Department with the completed construction of the new South End Fire Station. The department relocated all personnel and equipment on July 16 at 08:00 hours to the new facility and had the official grand opening on July 30, 2010. The station is a state of the art, energy efficient building that will meet our needs for decades into the future. The final cost for the entire project was \$6,049,751.00, approximately one million dollars under budget. This has come to fruition due to the hard work of the Fire Station Building Committee and the continued support from the residents of Westport.

The department received a \$15,401.50 credit from NSTAR for the energy efficient equipment that was used in the new station. This credit was applied directly to our electric bill and will be instrumental in helping us meet our FY11 budget. Unfortunately this was a one-time credit and utility costs will need to be increased in FY12 as was predicted prior to construction. In FY11 the Fire Department had to cut over \$90,000.00 out of its operating budget. As a result we lost one firefighter/paramedic position through attrition and the FY12 level funded budget as requested by the Budget Sub-Committee will result in additional cuts to Fire Department operations. This budget will force the lay-off of one fulltime firefighter/paramedic once again reducing the safety of department personnel and the Community. The department is already operating one below the minimum staffing required in the collective bargaining agreement and this proposed budget will bring that to two below minimum staffing levels. The department used to operate with five firefighters on a shift, two in one station, and three in the other station. NFPA standards state that four firefighters be staffed for each apparatus. Westport staffs only one per apparatus, drastically compromising firefighter safety. Westport firefighters are also required to locate and secure their own water supply, a task that usually takes 3-4 firefighters, due to the fact there is no municipal water supply, resulting in shuttling water long distances. This task is extremely important due to the fact that the safety of the firefighters in the structure fighting the fire depends on their consistent water supply. This past year the department was able to rescue two residents from their burning homes resulting in two lives saved with both rescues occurring on holidays. For example on July 4th Westport firefighters rescued a young woman from her burning residence. Firefighters found the

woman sleeping in a 1st floor bedroom and removed her to safety. Minutes after the rescue firefighters were ordered out of the structure due to the fast spreading fire and a partial roof collapse. Thankfully off duty firefighters responded to assist the four firefighters on duty. There is no guarantee or way to predict how many off duty personnel will respond to an incident but they are vital to emergency services in Westport. The rescues that happened this year absolutely could not have been done with just four firefighters. As you can see staffing is extremely important to department operations, unfortunately it is the only place left to cut. Over the past two years I have reduced as much in expenses and non-personnel lines as operationally possible. I would like to state that I am opposed to reducing staff by attrition or by laying off any personnel because it is counter-productive to the department meeting its mission. I believe this department is the only one that has lost personnel to date and has not been able to bring them back. I think as a Community we need to make hard choices on what our priorities are and I hope public safety is at the top of the list. I would greatly appreciate as much support from the Community as possible to restore the Fire Department's budget and get us back to a full complement of firefighter/paramedics.

The Westport Fire Department has continued to upgrade our equipment with grants to meet current firefighting standards. The Department applied for and received a \$27,341.00 federal grant to purchase wildland firefighting equipment to meet current NFPA standards. We received an \$11,562.00 federal grant for fitness equipment and a \$4,815.00 grant from the State for Student Awareness Fire Education (SAFE). I would like to thank our grant writer Deputy Allen N. Manley, Jr. for his continued success in securing grants to upgrade our outdated equipment.

On April 10, 2010 the department held a firefighters ball and awards night at Rachel's Lakeside. This event was a chance to celebrate the 82nd anniversary of the Westport Fire Department and recognize both past and present members for their accomplishments. The following members and department supporters were recognized:

<u>Recipient</u>	<u>Award</u>
FF. Robert Porawski	Firefighter of the Year
FF. Timothy Bernard	Life Saving
FF. Andrew Raymond	Life Saving
FF. Anthony Ward	Life Saving
Deputy Allen Manley	Life Saving
Mark Gitlin, Mid City Steel	Booster Award (LEES Award)

The following are reports from the Division Coordinators on the yearly activities of their assigned Division within the Westport Fire Department:

Training Division Report – by Allen N. Manley, Jr.

Department members received over 2700 hours of training in a variety of disciplines from basic firefighting operations to advanced and highly specialized training. Several member attended training at the National Firefighting Academy in Emmetsburg MD with many more attending the Massachusetts Firefighting Academy in Stow MA.

We have several department members currently training with the Bristol County Technical Rescue team. This program funded by The Department of Homeland Security and administered by SERPED. The team will deploy to rescue incidence that require a high degree of training and skill throughout the county and region.

We continue to work towards making training as realistic and relevant as possible. Our goal is a well trained and disciplined firefighting force that will be able to meet the mission of the department and keep our members and those we serve safe. I would like to thank all the members who have given their time and talent

to bring the best possible training to the Westport Fire Department.

Hazardous Materials Response Division Report – by Captain Bruce Martin, Jr.

The Hazardous Materials response team has continued its training throughout the year, by keeping up to date on new techniques for mitigation and possible new hazards that can harm the Team and the community. We responded to eleven minor incidents in Town, and were able to recover \$1,180.40 to replace materials used. We also responded to two requests for mutual aid to the City of New Bedford. In both mutual aid incidents our response was to provide Medical evaluation and tracking of the State Haz-Mat team personnel.

Our Response Team will continue its awareness for potentially new hazards, and keep the public educated and informed on hazardous materials both commercially and around the home.

Computer Coordinators Report – by Captain Michael P. Silvia

The move into the new fire station brought a major change in the operations of the computer division. With the help of Keith Novo and Advance Consultants, we were able to install a true computer network system in the Fire Department.

Included under this change, all of the departments' computers were replaced with new ones. The new computers allow for a faster operation, while connecting all the computers to the one server.

Also updated were the laptop computers for the rescues, as well as the Ambupro software used to process ambulance reports and billing.

This coming year we hope to expand our Fire Programs software. The software now being used allows the Department to file fire reports and to transfer the reports to the State Fire Marshal's Office over the Internet. We hope to expand the software program to include prefire planning and maintenance record keeping, of fire hydrants within the Town.

The Department encourages everyone to visit our web sites at <http://www.westport-ma.com/fire/index.html> for information about the Department and for fire and EMS safety tips and our Emergency Management web site at <http://westport-ma.com/emergency/index.html>.

Fire and Life Safety Education Division Report – by Lieutenant Brian A. Beaulieu

The public education committee is, and has been committed to education. We have been involved with students of the Westport Community School system, parents of those students, and the general public in the Town of Westport.

Up to four times a year we meet with head start, pre-school, and kindergarten students from the Macomber School, and from the Elementary School teaching and reinforcing practices about basic fire safety, such as exit drills in the home (E.D.I.T.H.), stay low and go, crawl low under smoke, having a family meeting place, get out –stay out, and 911 as an EMERGENCY number only, as well as fire prevention tips such as smoke detector testing and holiday safety.

The Westport Middle School, as we have done with the earlier grades, review previous lessons learned and how they still are effective, even at their age. The students are also engaged with discussion on age appropriate cooking, summer, winter, and holiday safety. There are also activities that can be reinforced through their health classes.

We work with the Westport High School staff and students, the school resource officer, and select students, to educate students from the high school with issues such as seat belt use, impaired operation of motor vehicles, and long-term injuries. This had been accomplished through lecture type assembly and mock crashes held on school grounds.

The Fire Department's open house, usually scheduled for late April was unfortunately cancelled due to weather, a great event attended by all ages. There are plans in the works for this annual event utilizing Newport Fire Departments fire safety trailer and Sparky's Hazard House. Household and general fire safety can be absorbed by all ages.

There are firefighters on our department that have completed the required 40-hour class and have become Child Passenger Safety Seat certified, and are available to install or check the installation of a seat. Please call first to see when one of us is on duty.

We have enjoyed "chat" sessions with numerous groups in our community where we have discussions of general fire safety. Group tours of the fire stations are welcome year round with some advanced scheduling. The year closes just after we assist with the delivery of Santa to Lees Supermarket in December.

We continue to update our knowledge and techniques at opportunities such as the annual fire and life safety education conference, and we are active members of the Mass Public Fire and Life Safety Task Force, as well as Mass. SAFE, which are tasked with the education of fire educators.

The committee has many hopes for future expansion of programs to encompass all of you, the residents of Westport and we are available to speak to groups if requested. Together we can make Westport a safer place for all of us.

Thank you to all of our supporters, within the school system, local government, local businesses, area fire departments, and all of the members of the Westport Fire Department.

Fire Prevention (Code Compliance Report – by Lieutenant Daniel Ledoux

This year showed a continual downward trend in the numbers regarding resale of homes and new construction inspections. Those numbers were only down slightly, however. The new fire code pertaining to the sale of older homes is in effect and for the most part, the transition is going smoothly. Efforts to disseminate information to realtors prior to inspections appear to be working well.

Increase inspections were noted in propane storage and oil burner installation and fuel line upgrades. By September of 2011, oil burner fuel lines must be protected to prevent leakage by corrosion. This is done by either a protected sleeve covering on the fuel line or installation of a valve to prevent fuel flow in the event of a leak.

As always, policy and procedures will be worked on to increase efficiency and service to the taxpayer.

EMS Coordinators Report – by Firefighter/Paramedic Glenn Nunes

The Westport Fire Department has had another successful year in 2010. Our incident numbers show that our services were continuously needed throughout the year. Whether it was an emergency response for a sick or injured patient, a water rescue attempt, a fire resulting in an injury or responding mutual aid, our 22 emergency personnel were ready and willing to take on any task. During these tough economic times I must admit providing our residents with the most advanced pre-hospital equipment available was a challenge. The cost to purchase, maintain and operate such a service becomes extremely costly, but by working together we did find ways to overcome the expenses and make our system work.

In 2011, the Westport Fire Department will be offering an additional service to the residents of Westport. Recently, we have been and will continue providing scheduled transportation (round trip) for patients as long as it's declared a medical necessity. Our final goal is to be fully equipped to provide Critical Care Transportation to sick and injured patients to any medical facility in Massachusetts and local Trauma Centers. This new service does require extensive training and additional equipment. Our staff is looking forward to be given the opportunity to provide the residents of Westport an additional service if needed.

In Conclusion

2010 was the busiest year in the history of the Fire Department with 2,374 emergency responses encompassing both Fire and EMS. Over 442 more calls than in 2009. The Department turned in \$482,106.89 in revenue to the Town Treasurer for calendar year 2010. The Department also applied for and received \$46,718.00 in grant funding for 2010.

2010 Calendar Year Revenue Breakdown

Ambulance Revenue:

\$ 464,385.89

Fire Revenue:	\$ 17,721.00
Grant Funding Revenue:	\$ 46,718.00
Total Revenue Generated:	\$528,824.89

The Fire Department answered 2,374 calls for the year 2010. They were broken down as follows:

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Total
Building	7	4	1	2	2	3	3	0	2	2	2	2	30
Vehicle	2	2	2	1	3	0	1	1	2	1	0	0	15
Haz- Mat	1	0	6	0	2	3	7	0	2	1	2	2	26
Alarms	9	15	6	4	8	9	16	8	7	10	9	9	110
Good Intent	0	1	1	1	1	1	1	0	0	0	1	0	7

I would like to thank all Town Departments and Boards for their support over the past year. I would especially like to thank the Police Department, Building Department, Highway Department, Town Administrator, and the Fire Station Building Committee for all the projects they assisted us with.

I would like to thank the business community for their continued support with our mission. Together working as a team we can make a safer community. There are several businesses that have gone above and beyond to support the mission of the Fire Department. They include Lees Market, Distinctive Auto Body, Mid City Steel, and the Nichols Foundation.

In closing, the Fire Department will continue to adapt as the Town changes and will continue to be an active part of the community by participating in and sponsoring family oriented safety events throughout the year. These events such as Safety Day and the Fourth of July Parade would not be possible if it were not for the dedicated employees the Town has in the Westport Fire Department Staff. I would like to thank the Westport Permanent Firefighters Association, Westport Call-Firefighters Association, and the Westport Fire Department Ladies Auxiliary for their continued support to the Department and the Citizens of Westport.

Respectfully submitted,

Brian R. Legendre
Fire Chief

ANNUAL REPORT OF THE FISH COMMISSIONERS

The activities of the Fish Commissioners for the year 2010 were as follows:

In January and February we held various meetings with stakeholder to finalize plans to construct a granite weir as the base of the Cockeast Pond culvert to improve herring access to the pond in the spring. Met with Robert Gardner from Bayline Boatyard to discuss the possibility of donating heavy equipment to construct granite weir. Met with Pauline Botelho from Ray Botelho Landscape Supplies. The company graciously donated high quality wall grade granite blocks and offered to deliver it to Highway Department completely free of charge. Met with Jack Sisson who offered to provide equipment and crew of 5 workers to construct granite weir. Met with Westport Fisherman's Association who graciously donated funds to purchase mortar as well as to supply volunteer support. On March 8, 2010 the granite weir was constructed and much to our surprise herring were seen in the weir the following day. The weir was monitored daily for approximately 2 weeks during which time minor modifications were made including setting sand bags to seal off leaks in the weir. We also removed 2 blocks in order to facilitate easier fish passage. The weir was deemed successful, although not perfect. Given the financial restraints, we feel as though we accomplished our goal with no taxpayer money spent.

Cleaned Kirby Brook and the Adamsville Pond Run.

April through June monitored various runs and performed routine maintenance as required.

On July 12th we attended a meeting with various stakeholders/organizations to discuss the possibility of removing the Forge Road dam. The project was deemed worthy of future consideration but simply not feasible at this time.

Attended a meeting with various stakeholders to submit a grant to replace/reset the Cockeast Pond culvert. The grant was ultimately denied but private donations were sought to complete this project. Funds were raised via both private donations and other Westport non-profit groups with the machinery and staffing provided by Westport Highway Department. Work on the culvert commenced on December 15th and was successfully completed on December 16th.

The Fish Commissioners have discussed the possibility of continuing the shellfish propagation program that the Southeast Shellfish Association (SSA) has implemented. The SSA had announced that they would be disbanding in 2011. This will be revisited in early 2011.

On December 18th met with Fall River teachers to view their aquaculture program. This again will be revisited in early 2011.

The moratorium on the taking and/or possession of river herring remains in place until 2012.

Respectfully submitted,

Jason Powell, Chairman
George Yeomans
Bruce Gifford
Fish Commissioners

GREATER FALL RIVER VOCATIONAL SCHOOL DISTRICT ANNUAL REPORT SUMMARY JULY 1, 2009 - JUNE 30, 2010

Introduction

It is with pride and gratitude that I submit to you the Greater Fall River Vocational School District Annual Report for the 2009-2010 school year. In my second year as Superintendent-Director I continue to be impressed with the outstanding reputation of our school and the high quality of education afforded to our students. Students graduate with the skills needed to enter the workforce or to continue their education at a two or four-year college, university, or technical institution. Diman students demonstrate their accomplishments with academic achievement, community services, cooperative employment, and state and national competitions.

Diman Regional Vocational Technical High School continues to be recognized as an exemplary vocational technical high school by the communities it serves and by the state organizations that document its progress.

In this year's achievements, the School met the goals set by its School Improvement Plan. The District developed its first Strategic Plan. Diman again surpassed the state average of highly qualified teachers. Student achievement was rated On-Target with performance in both Mathematics and English Language Arts rated Very High by the Department of Elementary and Secondary Education. The School Building Authority accepted the District's Statement of Interest with inspectors noting that the facilities are well maintained, but also acknowledging the need for renovation and expansion.

The 2009-2010 school year was also a time for new initiatives, many of which were funded through grants. Sixty incoming ninth graders participated in Diman's first summer academy for entering students, The Bengal Challenge. The School of Practical Nursing initiated a two-year, part-time day program to meet increasing student needs and area health care facilities demands. The after school Spanish program was expanded and a credit recovery program was initiated on Saturdays. Diman planned for the expansion of the Dental Assisting Program and the "greening" of other programs. Teachers in Electrical, Plumbing, and HVAC attended professional development training in alternative energy related to their areas. The Electrical

Department invested in photovoltaic training equipment and expanded its curriculum in this area.

In addition to the achievements of the past, the administration, faculty, and staff of Diman and the Greater Fall River Vocational School District are working and planning to meet the challenges of the future. Going forward we will continue the alignment and evolution of our curriculum and programs to meet the needs of our communities and the economic realities of our time. We will continue the “greening” of both our facilities and our curriculum. We will continue work as a team, internally and with our communities, to make the best just a little bit better.

On behalf of the students, faculty, staff, and administration, I thank the Greater Fall River Vocational School District Committee, governmental leaders, citizens, and parents for their continued support.

Respectfully submitted,

Marta E. Montleon
Superintendent-Director

GREATER FALL RIVER VOCATIONAL SCHOOL DISTRICT COMMITTEE

Karl Hetzler, Chairperson - Fall River
Edward Hill, Vice Chairperson - Swansea
Robert Ciosek - Somerset
James Clarkin - Fall River (Resigned 6/10/10)
Brian Bigelow - Fall River (Resigned 10/14/10)
Paul Jennings - Westport

Community Services to the Town of Westport – (\$12,000)

Diman's Auto Collision Department painted two cars for the Fire Department. Facilities Management Department worked at the Grange constructing a food service area and installing cabinets. The Carpentry shop did a custom mahogany sign for the Public Library.

Scholarship Recipients 2010

Collen Parrillo received the Diman Alumni Association Scholarship and Matt Benoit Memorial Scholarship. Adam Carpenter, Thomas Dumont, and Tylor Larguinha were each awarded a Diman Parent Advisory Council Scholarship. Tylor Larguinha was awarded the Donald Levesque Memorial Scholarship and Thomas Rodrigues Memorial Scholarship.

SkillsUSA Competitions

At the SkillsUSA State Competition in 2010, Jessica Brown, Kaitlyn Casado, and Rachel Levesque won a gold medallion in their respective competitions. Justin Gagne and Joshua Pacheco won silver medallions. Rachel Levesque won a silver medallion at the SkillsUSA National Competition in Kansas City, Missouri.

Athletic Awards

Marcus Cusick was named the male Athlete of the Year. The following students won the Most Outstanding Player Award in their respective sports: Desiree Raymond – Girl's Cross Country; Marcus Cusick - Boys' Winter and Spring Track; and Bianca Paiva – Girls' Winter and Spring Track, and Tylor Larguinha - Boys' Soccer.

Military Enlistments

Steven Robert Rodrigues has joined the U.S. Army.

2008 – 2009 Enrollment

	Male	Female	TOTALS

LPN – Day NB	3	10	13
LPN – Evening	3	26	29
LPN TOTALS	9	75	84

Class of 2013 Admissions and Orientation

For the school year 2009-2010 there were 659 applications for grade nine. The newly accepted students were tested in reading comprehension, numerical ability and language usage during the April vacation week. Results were used to assist in the initial academic placement of incoming grade nine students. Three hundred fifty-one (351) were enrolled as of October 1, 2000. Eleven (11) students withdrew their applications and 297 were unable to be accepted due to lack of space.

On August 17, 18, 19 & 20, 2009, an orientation program was held in the school auditorium for all new students. Students were given instructions for the opening of school, bus routes were assigned, and handbooks as well as student schedules were distributed and explained. Students also took photos for student ID's.

The "New Student's Parent Night" was held on September 15, 2009, to familiarize parents with school programs, philosophy, and policies. School administrators explained their roles and student expectations. Over 300 parents and students attended.

Academic Program Report

English Language Arts Department

The English Language Arts Department had a very successful year. The graduating class of 2010 is the second graduating class to have achieved 100% successful passing of MCAS. Going into their senior year, 99 % of the Class of 2011 have passed the ELA MCAS and 76% attained Proficient or Advanced standing. An ELA MCAS retest will be provided to the 1% who have not yet attained their competency determination. All four levels of the ELA/RLA/Title One are teaching to the four strands and twenty-eight standards of the Massachusetts Frameworks. The curriculum includes: texts, supplementary novels, audio and video tapes, computer technology and word processing. Shop Assignments include: novels, writing assignments, poetry, and curriculum projects. The Department continues to purchase contemporary novels for the Supplementary Novel List and many of the ELA faculty had their classes read, write and present contemporary book reviews on independent reading books that were borrowed from the school library. Honor students also completed a Library/Research projects.- Freshman- Poetry Books, Sophomore- Science Fiction short story, Junior- Library Projects, Senior- Graduation Speech.. In conjunction with Diman's Portfolio Project, Freshman uploaded their "A Challenge that I Overcame" Essay to their individual *CareerCruising* accounts and Juniors uploaded a Cover Letter and Resume to their accounts.

Mathematics Department

The Mathematics Department is very pleased with the Class of 2011 MCAS results. A record number 97% passed on their first attempt. This improvement from last year's high of 94% can be attributed to improved curriculum for freshman and sophomores. MCAS preparation was also held for sophomores on Saturdays. A record number of students (52) enrolled in the program. This was nearly twice the expected number of 30. We continue to strive toward a 100% pass rate. It must also be noted that all students who took the Math Accu-placer test at Diman passed. As part of Diman's ongoing effort to increase the academic skill attainment of all students, the Math Department introduced a new junior level course this year, Topics in Algebra 1B. This course covers the same topics as the standard level Algebra 1B with additional skill support. This course also fulfills the Department of Elementary and Secondary Education's requirement of "continued progress toward proficiency" for those students who did not score in proficient or advance category on the MCAS math test. Course content and curriculum development was also completed for three new math courses that will be introduced in the fall of 2010: Topics of Algebra 2, Trigonometry and Analytics, and Honors Trigonometry and Analytics. Benchmarks for these and all courses have been completed. Final exams are to reflect these benchmark topics.

Science Department

The Science Department continues to demonstrate improved student performance with 100% of the class of 2010 having passed the Biology MCAS test and a Composite Performance Index score of 87.8 in the Spring 2010 MCAS. An MCAS tutorial program and retest is offered to students who did not pass the Biology MCAS on their first attempt. The Science Department has completed the curriculum realignment, which is standards-based rather than chapter-based. The standard lesson plan template is being utilized in all classes. Biology continues to be a 2-period block course at the freshmen and sophomores levels with junior and senior classes provided in a 1-period blocks. Two-year courses are provided in Chemistry and Applied Physics. Astronomy and Marine Biology are one-year courses. Astronomy will not be offered next year and will be replaced with Forensics/Topics in Biology. The Science Department faculty continues to provide interesting laboratory activities and shoptime assignments that are aligned to the frameworks. These include Synthetic Blood Typing Lab, DNA Extraction, Protein Synthesis Simulation, Rocketry Lab, Pedigree Chart, Celebrity Matchup (Genetics), Flame Tests, and Density Lab. Many students also designed and performed their own original experiments.2010.

Social Studies Department

Throughout the academic school year, the Social Studies Department continues to adhere to the Massachusetts Standards to ensure that the curriculum is in accordance with the History Frameworks. Although the Department of Elementary and Secondary Education continues to exempt History from MCAS, it is anticipated that History will someday become a graduation requirement. Through comprehensive reading and writing assignments issued by the History Department and strictly adhering to the Frameworks, the Social Studies Department prepares students for that eventuality. Students are tested on a regular basis, given shop cycle assignments, and assigned classroom projects. Students are also required to complete a summer assignment. The revised curriculum for United States History I, II and Contemporary was implemented in 2009-2010. The Social Studies Department now has honors level classes for sophomores, juniors, and seniors. It is expected that further revisions will be made in the future. Final Examinations were also developed and implemented this year for each of the Department's courses. The Social Studies Department developed the standards for a sophomore Portfolio History Project and it is hoped that this assignment will be included in students' electronic portfolios.

Meet the Teacher Night

Diman's first Meet the Teacher Night was held on October 6, 2009. Parents were invited to meet each of their sons' and daughters' academic teachers by following his/her daily class schedule thereby visiting each of

his/her classrooms. Teachers prepared brief presentations providing parents with information about the course, curriculum, class expectations, and teacher contact information. The evening was very successful and the Meet the Teacher Night will become an annual event.

Summer Packets

Recognizing the importance of continuous improvement, Diman requires all students to complete summer learning packets in the core academic areas. These packets are typically grade level and subject matter specific with little attempt at curriculum integration. During the 2009-2010 school year, teams of teachers developed an integrated summer packet for Juniors based on the book *Nickel and Dimed* by Barbara Ehrenreich. This non-fiction book provides the details of the author's life as a minimum wage employee. Each of the core subject areas developed specific assignments related to the book. For example, the math assignment focused on budget, the science assignment on nutrition, and the history assignment on the social impact of big business/minimum wage employment. This is Diman's first experiment with an integrated summer assignment and departments will review the results before making a recommendation for continuation.

Diman's Integration Project

The Integration Project is a junior student project requirement that demonstrates the curriculum integration between the Academic and Vocational Departments. The 2009-10 junior projects were graded using a scoring rubric revised by the Integration Committee after reviewing faculty feedback from the previous year. The Integration Project illustrates students' ability to work independently and collaboratively to produce high quality educational products that span multiple disciplines. It is acknowledged that a school-wide project of this magnitude cannot occur without the significant amounts of time and effort from all involved. Teams of teachers of academic and vocational teachers graded the students' integration projects on the Friday before Diman's March Trade Fair/Open House where the projects were on display for public viewing.

Vocational Program Report

Student and faculty safety continues to be of primary importance throughout Diman and especially in the vocational programs. A total of 465 shop accident incidents took place at Diman in 2010. This total represents an eighteen percent (18%) reduction in reportable incidents over the previous year. Of this, ninety-four percent (94%) of the incidents required minor treatment in the Health Office (i.e. removal of splinters, band aids, ice, etc.) and students returned to shop. Seventeen (17) incidents required medical treatment outside the school. Diman's positive safety record is a testament to the quality of safety instruction in Diman's vocational programs and the persistent and consistent supervision of students by their vocational instructors. It should also be noted that student attainment of the OSHA 10 safety curriculum and credential was moved into the students' freshmen year in 2009-10.

A recent point of contention is the measurement of the students' acquisition of vocational competencies through the Vocational Technical Competency Tracking System (VTCTS) that was developed by the Massachusetts Department of Elementary and Secondary Education. Although this system has proven labor-intensive, vocational instructors have been proactive in their attempts to master the system and accurately report student skill attainment. The District also developed a scope and sequence paradigm during the 2009-2010 school year that will be completed and implemented in 2010-2011. This scope and sequence model acknowledges the uniqueness of each program in mapping instruction, curriculum and assessment. While not as linear as traditional scope and sequence models, Diman's will be effective in allowing all stakeholders an opportunity to see the alignment of the vocational curriculum with each department's respective state Curriculum Framework and the timeline for student competency instruction. Once completed, it is anticipated that the measurement of competencies acquired can be streamlined into the VTCTS system.

The importance of giving back to others, while not part of the Vocational Frameworks, is not lost on the instructional staff at Diman. The contributions made by Diman students to the sending communities throughout its history are well documented. Diman students, faculty, and staff continued this commitment to community service during the 2009-2010 school year. The following shop summaries give evidence Diman's recognition of the contributions made by the sending communities and our need to express our thanks by assisting them wherever possible.

Automotive Collision Repair

The Automotive Collision Repair program extensively utilized the new spray booths that were installed in 2009. Numerous total car repair and paint jobs were completed both in-house and for the sending communities. Stakeholders served by the department include: The City of Fall River, Fall River Fire Department, Somerset Police Department, Westport Fire Department, and the Somerset Council on Aging. Two school vans were completely repainted by the Auto Collision Repair program as well. Additionally, 120 feet of ornamental exterior railings for the house building program were painted by the department. Currently, the program is looking to gain recertification through NATEF/ASE in 2010. The department is also targeting 2011 for implementing full computerization of the I-Car curriculum.

Automotive Technology

The Automotive Technology program once again had a very productive year maintaining and repairing the school's vehicles, along with qualifying vehicles of residents of the sending communities. The program continues to be registered as part of the State Registered Emissions Program and has the diagnostic ability to document the reasons automobiles fail to pass Massachusetts inspection standards. Additionally, two Automotive Technology students competed in the Ford/AAA Troubleshooting Contest that was held in Norwood, Massachusetts in May of 2010. The two students placed second out of over 25 vocational schools. The program is currently NATEF/ASE certified through the 2013 school year.

Carpentry/Cabinet Making

The Carpentry/Cabinet Making program realized numerous accomplishments during the 2010 school year. Most significant was the House Building program's building of an executive ranch home on 1665 Read Street in Somerset, Massachusetts. The school constructed a home for residents of People Incorporated, a non-profit organization that works with developmentally disabled adults to help them achieve the independent living that most individuals take for granted. Jared Lachance, a senior in the department achieved a bronze medal at state SkillsUSA competition in May of 2010. All Carpentry/Cabinetmaking students have obtained OSHA Construction certifications in 2010. Additionally, the department received recognition from Minwax Corporation as a runner-up in their 2010 Community Craftsman Award, resulting in the school being awarded \$1500.00 in Minwax products. In 2011, the Carpentry/Cabinet Making program will be building a home in Westport, Massachusetts for Westport Associates, a non-profit organization that provides twenty-four hour residential care for developmentally disabled adults.

Culinary Arts

The Culinary Arts program experienced a record year as the department grossed over \$150,000 in sales for the 2009-2010. Some of the major events sponsored by the program include the annual Thanksgiving and Holiday Luncheon, Southwest Barbeque, Clam Boil, and Surf and Turf luncheon for Staff Appreciation week, as well as an haute-cuisine event for graduation day. The bakery department also sold over 500 pies during its annual Thanksgiving Pie sale. In the winter of 2010, the junior students took the ServeSafe test scoring higher than the national average. In an attempt to bolster the dining room curriculum and quality of service at the restaurant, juniors and seniors participated in an experiential learning field trip to the DeWolf Tavern in Bristol, Rhode Island in February of 2010. In March of 2010, the School Committee approved the changing of the name of the Diman restaurant to Room 251. The name change was initiated to improve market brand and avoid the generic "Tearoom" name.

Dental Assisting

The Dental Assisting program demonstrated the results of instructional and curriculum improvements with the

performance of the Grade 10 and Grade 11 students in the Dental Assisting National Board (DANB) exams in Infection Control and radiology assessments. One-hundred percent of the sophomore class passed the Infection Control test, while one-hundred percent of the juniors passed the Radiology exam. Additionally, cooperative education placement was again successful in 2010, as more seniors were employed in the cooperative education program relative to 2009. The Dental program will be moving to a four-year program in the 2011 school year and applying for full Chapter 74 status, moving away from the umbrella of the Health Assisting program.

Drafting

The Drafting program updated its hardware and software systems providing all students access to a CAD program at their workstations. The curriculum focuses predominately on mechanical and architectural drafting along with limited exposure to process pipe, structural, and electronic drafting. Students were busy in this year producing drawings for the District, as well as the sending municipalities. The architectural drawings of the house being constructed by the house building program for People Incorporated, including the kitchen cabinet designs, were but one of a number of projects completed by the Drafting department in 2010. The department also completed preliminary drawings of the house that will be constructed in 2011 for Westport Associates. The Drafting program is a member of the American Design Drafting Association, which offers curriculum certification to colleges and vocational technical high schools throughout the country.

Electricity

The Electricity program expanded into a new area in 2010 when instructors attended professional development on the installation of renewable-source electrical systems and created a photovoltaic training site for student instruction in the shop. The program was also a major contributor to both the sending communities and to Diman in 2010. The sending community jobs completed by the Electrical department include: Complete residential wiring of the home built by Diman for People Incorporated, temporary wiring for the City of Fall River's Harvest Festival, as well as various wiring assignments for the towns of Westport and Swansea. In addition, the Electrical department spent countless hours working on improving the electrical quality and safety of the facility at Diman.

Electronics Technology

The Electronics Technology program also realized success in a number of areas in 2010. Freshman recruitment was up as Electronics has become the third most requested shop by freshman. Credit goes to the instructors in the program who are expanding the curriculum, as well as entering their students in various robotic competitions. A record number of students entered into the SkillsUSA competition from the Electronics department in 2010, with two students winning bronze medals in the District Automation and Robotics competition. Also, a member of the Electronics program, Pedro Miguel, was the Class of 2010 Salutatorian. He will be attending Worcester Polytechnic Institute in the fall.

Facilities Management

The Facilities Management program reviewed and revised its curriculum to bring the shop into compliance with DESE Chapter 74 Vocational Technical Education Frameworks. Especially concerning to the teachers and Advisory Board members was the directive to reduce the emphasis previously placed on electrical component of the curriculum. Teachers worked toward the documentation of the full curriculum including the most current information available in the trade. The Facilities Management program utilizes its numerous community service projects to provide students with many real-life maintenance situations. These projects help prepare students with the work ethic and behavior expected when working in the industry. The list of recipients who received services from the Facilities Management department includes: the Westport Grange, Forever Paws, Somerset TV-9, the Luther School, the Gardner School, the Diman House, along with various jobs throughout the school. There is presently no national certification for Facilities Management and Mr. Bichel, department head of Facilities Management, is currently looking for certifications that best serve the program.

Graphic Communication

The Graphic Communications program has evolved with the acquisition of new equipment and the credentialing of instructors in the Xerox School-to-Career curriculum. Real world student productivity has also grown as the program again extends its services to meet the needs of the Diman community and beyond. The list of jobs for the communities and organizations served by Diman include: B.M.C. Durfee High School, Columbus Little League, Case Junior High School, Case High School, Somerset Music Boosters, and the Westport Police Department to name but a few. The total value of the work performed for Diman and the sending communities by the Graphic Communications program totals over \$150,000.

Health Assisting

The Health Assisting program in 2010 sustained its reputation for excellence as students received numerous certifications at all grade levels. A quick preview of the highlights of student performance in the Health Assisting program includes: twenty-nine students achieved CPR certification, twenty-eight freshman students received their First Aid certification, twenty-seven juniors were licensed as Certified Nursing Assistants, thirteen seniors received a Human Services Credential, six seniors completed a certified EKG Technician Course, eight seniors completed their Home Health Aid course, along with all HA students receiving OSHA credential. In addition, the Health Assisting department assisted with the annual Diman Blood Drive at which over sixty pints of blood were collected. Vanessa Valcorba of the Health Assisting program was the Class of 2010 Valedictorian.

Heating, Ventilation, Air Conditioning & Refrigeration

The Heating, Ventilation, Air Conditioning and Refrigeration program was an integral part of the house building program in 2010. They installed two hydro-air heating units, along with condensing units in the house that was constructed for the residents of People Incorporated. The air conditioning supplied, coupled with the high-efficiency heating unit, will be a win-win for both the taxpayers and residents of this beautiful home. In addition, the department has placed an application into the Partnership for Air Conditioning, Heating, and Refrigeration (PAHRA) to pursue national accreditation for the program. Also for 2010, sixteen juniors obtained their EPA Section 608 Certification, allowing them to handle refrigerants and thus, making them more employable.

Machine Tool Technology

The Machine Tool Technology program continued to demonstrate why it is one of the premier vocational programs in 2010. Instruction and assessment in the program is clearly authentic and supported by industry standards. Cooperative education participation was strong again for both the seniors and juniors as students sent to area employers continue to be successful. Student participation in SkillsUSA was also strong with Diman Machine Tool students making a “clean sweep” at the regional competition and Kyle Brodeur going on to achieve Gold at the national competition. The program has also continued to make its services available to other departments within the school and throughout the Diman sending communities including the Fall River Fire Department, Fall River Police Department, and the Fall River Department of Public Works to name but a few. The Machine Tool program is nationally certified by the National Institute for Metalworking Skills (NIMS) organization through 2015.

Metal Fabrication & Welding

Metal Fabrication and Welding students again demonstrated their high level of excellence achieving a SkillsUSA “clean sweep” in both sheet metal and welding at the Regional Competition. Kelsey Botelho went on to win Gold in the State Technical Exposition completion with her life size cockatoo created in sheet metal. Students also worked diligently during the 2010 school year fabricating a number of items for the sending

communities, as well as the district proper. Some of the work performed by the students in Metal Fabrication and Joining Technologies program includes fabricating 120 feet of ornamental railings for the People Incorporated home in Somerset, Massachusetts. Additionally, the department worked in conjunction with the Carpentry and Cabinetmaking program to manufacture a memorial park bench that honored Ernest Wheeler, a long-time member of the Diman School Committee and a fixture in the Swansea, Massachusetts community. The Metal Fabrication and Welding shop currently maintains a certification with the American Welding Society (Certificate # 041101PO). In 2010, the department obtained an articulation agreement with the Sheet Metal Workers-Local Union # 17. This agreement will allow MF students to increase their employment and career opportunities.

Office Technology

The Office Technology program demonstrated competence and excellence throughout the 2010 school year. The program's students continue to provide the district with valuable administrative help throughout the year, while holding students to a rigorous curriculum. The Office Technology program was the second most requested program by freshman in 2010. Additionally, the number of students participating in the cooperative education program in 2010 included 15 seniors and 19 juniors. The collective success of both groups is evidence that the program is operating at a high level of quality, as the students therein are getting and keeping the jobs they are obtaining. This level of quality is also demonstrated through the number of OT students who passed their Microsoft Office examinations. Seventeen sophomores received a credential for passing both the Microsoft Office Certification for Word 2003, and Excel 2003.

Plumbing

Diman's Plumbing program welcomed back Steve Bradham, a 2001 graduate, to the program as the freshmen instructor. The Plumbing curriculum was reviewed by the Advisory Committee and revised to meet new industry standards and code changes. As in the past, Diman has been the benefactor of having most of its plumbing needs met by students who, under the direction of the instructors, routinely tackle many repair and replacement jobs at the school. The Plumbing Department also worked on the Diman House Building Project for Peoples People Incorporated. Students installed three-zones of hydro-electric coil for the heating and cooling system, as well as three full bathrooms, one kitchen and one laundry facility at the Read Street home in Somerset, Massachusetts. Additionally, the department provided preventative maintenance at the Fall River Water Department. Moreover, the department provided in-house maintenance totaling \$6,400.

Vocational Advisory Committees

The Vocational Advisory Committees met on October 6, 2009 and February 2, 2010. These advisory groups made up of faculty, parents, students, members of higher education, and members of the trade in each vocational area. The individual advisory committees review the shop performance and provide information on trade up-dates, equipment changes, employment trends, and post-graduate educational requirements. They also make recommendations regarding curriculum changes, equipment purchases, and long term planning within each vocational area. The General Advisory Committee was reinstated during the 2009-2010 school year. The meeting provides an opportunity for the individual Advisory Committees to report departmental improvements and convey requests/recommendations directly to members of the administration and representatives of the School Committee. One spokesperson from each Vocational Advisory Committee represents the interest of that vocational department at the General Advisory Meeting. Vocational Advisory Committees and the subsequent reporting to the General Advisory Committee are an essential component of the success of each vocational department. Chapter 28 of the Acts of 2009 requires mandatory education and ethics training for all public employees and unpaid volunteers who serve in an advisory capacity. To comply with this mandate, Diman held Ethics Training for Advisory Committee members just prior to the February meeting. Any member who was unable to attend this training completed the on-line version provided by the Massachusetts State Ethics Commission.

Co-Operative Education Program

Diman's Cooperative Education Program matches employers' needs to students' competencies, abilities, and work traits based on the vocational instructor's evaluation and the student's attendance record. The program provided qualifying seniors and third-term juniors with the opportunity to participate in paid work-based learning activities with private/public sector employers. It also ensured that every student who was interested in applying for a position had a resume and experienced an interview. For over 80% of the students, Co-Op offered these students their first job interview experience. In an effort to promote the Co-Op Program to businesses and provide them with critical information for their participation an Employer Promotional Packet was created. This packet highlighted Diman's vocational programs and provided potential employers with the documents/forms necessary for participation. Diman also conducted a number of promotional activities beginning with the Kick-off Breakfast in September and culminating with the Employer Recognition Banquet took place at Diman in June. During the 2009 – 2010 school year, one hundred thirty (130) members of the senior class were placed on Co-op and participated in the program. Of these, seventy-five (75) were offered full time employment upon graduation. Additionally, fifty - five (55) juniors participated as third-term co-op students with all but one continuing into the summer Co-op program.

Special Education & Disability Services

The October 1, 2009 Report demonstrates Diman's continued efforts to serve the students with disabilities of the district. Diman accepted 61 students with disabilities (46 on Individualized Educational Plans & 15 on 504 Accommodation Plans) into the freshmen class. The total enrollment of students with disabilities at Diman is 171 (141 on Individualized Educational Plans & 30 on 504 Accommodation Plans), which represents 12% of the total school population. Services include the General Shop in 9th grade and replacement classes in all core areas. Additional school day services include assessments for students who appear to be struggling vocationally provided through a contract with Community Connections. The social skills group continued to meet and the district again collaborated with the Southeast Center for Independent Living to revise and deliver transition workshops to the students with disabilities. All seventeen students from Class 2012 who received MCAS math support during their sophomore year passed their 10th grade Math MCAS. After-school services are provided to students on a voluntary basis. In its fifth year, the EXTENDS homework help program provided tutorial assistance and a quiet environment for students needing to complete homework. Transportation continues to be a vital component for student access. Twenty-one students with disabilities also participated in a driver's education course that was sponsored by the Southeast Center for independent Living. All but one student obtained their driver's permit through this program.

Summer Programs 2010

The highlight of Diman's summer programs was the incoming ninth grade summer academy, SURVIVOR – THE BENGAL CHALLENGE! Sixty students from Fall River, Somerset, Swansea, and Westport participated in the four-week program. The first week focused on the students themselves being safe and making good decisions. Students learned about Diman in the second week and about their communities in the third. The final week focused on our world and the environment. Students arrived as strangers, but left with a feeling that they were part of something special – the Diman Community! Diman offered two courses in the summer second language instruction program, both in Spanish. Seven students participated in the Introduction to Spanish class and six attended the Spanish I class. Diman also offered a remedial make-up program in Shop Related Theory. The remedial program was self-funded with an enrollment of four students. Students who required remedial make-up in English, Math, Science or Social Studies were notified of area summer programs available at B.M.C. Durfee High School, Somerset High School, Bristol Community College or private area tutors, which meet the Diman guidelines of summer make-up programs. Diman's School of Practical Nursing offered its Summer Jumpstart Program for new students in their new facilities. Forty-nine students took the LPN Nutrition course and fifty-six took Anatomy/Physiology giving them a head start on the curriculum in this intensive ten-month program. Eighty-nine students also took a distance learning course, Mathematics for Health Care Professionals, taught by Diane Monast through the Moodle Distance Learning Platform.

Division of Continuing Education

The Division of Continuing Education at Diman is a self sustaining program and had a total enrollment of 298 during the 2009-2010 school year, an increase of over 40 participants. The trade courses continued to be the backbone of the evening division with courses in Welding (19 participants), Electrical Code Update (39 participants), Electrical Journeyman (107 participants), Plumbing Journeyman and Master (16 participants and 9 participants), Basic and Advanced HVAC (18 and 14 participants), Fireman 2nd Class (13 participants), and OSHA (21 participants). Computers for Beginners (9 participants), CPR and Safety (4 participants) and GED Prep (11 participants) were all offered this year along with a full slate of culinary classes. International Cuisine, Simple Gourmet Cooking, and pastry Creations were all first time offerings with a total enrolment of 18 participants.

School of Practical Nursing

The Diman School of Practical Nursing is a post-graduate program that prepares adults to sit for the Massachusetts Practical Nursing Licensing Examination In August 2009 the School celebrated its move into a new building adjacent to Diman High School. This self-contained structure has two oversized classroom/laboratories, a small study room, and office space for the teaching staff. The building also has its own entrance reducing the amount of non-high school foot traffic in the high school halls during the school day. It must be noted that this facility was constructed with internal non-operating funds and without the need for community bonding. During the 2009-2010 school year the School of Practical Nursing operated both a full-time day and a part-time evening program utilizing twenty-two clinical sites. The School also offered a part-time day program for the first time in 2009 – 2010. A formal articulation agreement with the Registered Nurse Program of Bristol Community College continues to provide qualifying students with an advanced placement option in their RN program. An articulation between the School of Practical Nursing and the Diman High School Health Careers and Dental Program was also developed this year and gives next year's qualifying graduating seniors credit for Anatomy/Physiology in the LPN Program. In addition to their work with the affiliated agencies, School of Practical Nursing students participate in many community projects including: Annual Diman Open House and After Prom Party, American Red Cross Blood Drives, flu clinics for the Town of Somerset, and the Hudner Oncology Center/ St. Anne's Hospital Get Moving Walk, and the Fall River Fitness Challenge. LPN students also participated in the post-graduate division of SkillsUSA with Amanda Halbardier winning a Silver medal in Medical Terminology and Rachel Levesque winning a Silver medal for her Health Occupation Portfolio. The Diman LPN Health Knowledge Bowl Team placed 8th in the nation. The School of Practical Nursing Program admitted 42 full-time day students into its Class of 2009-2010. Thirty-one (31) students graduated on June 18, 2010 for a 74% full-time program graduation rate. The Part-Time Evening Program entered its second year with twenty-nine (29) students and graduated twenty-eight (28) students on June 18, 2010. Thirteen (13) students enrolled in the Part-Time Day Program in August 2009 and are expected to graduate in June 2011. The Diman School of Practical Nursing is very proud to announce that all 2010 graduates of both the full-time day program and the part-time evening program passed their Massachusetts State Licensing Exam.

Grants

Diman applied for and received funding for various grants, which totaled \$1,258,238.

The Carl Perkins Grant (\$167,387 entitlement; \$40,000 competitive) provided for an English Language Learners (ELL) Project Coordinator responsible for implementing the mandates of ELL program. An ELL paraprofessional for direct tutorial services and to provide support to classroom and shop instructors in meeting the needs of the ELL population was also provided through this grant. Perkins funded the English Language Learner Phase I and II Professional development for teachers and supplies and equipment for the expansion of the Dental Assisting program. Indirect costs were also charged to this grant in FY 10.

The Special Needs 94-142 Grant (\$323,762) provided the salary and benefits for three special education teachers and stipends for strategic committee, TAT Committee, Extends after School Homework Support Program. It also provided contractual services for a MCAS math coach and a licensed therapist to conduct social group, the vocational assessments through Community Connections, supplies for special education

classrooms, professional development, and a portion of the transportation for the Extends After School Program. Indirect costs were also charged to this grant in FY10.

The ARRA IDEA (\$ 60,000) was used to purchase assistive technology for the students with disabilities.

The Title I Grant (\$376,014) provided the salary and benefits of two reading teachers and a portion of four math teachers salaries, stipends for support services provided at Extends After School Program, supplies-purchased supplementary materials for Title I program, and a portion of the transportation for the Extends After School Program. Administrative costs and Indirect costs were also charged to this grant in FY10.

Title I Carryover (\$194,699). Typically districts are only allowed to carryover fifteen percent the previous year funding. In FY10, due to the administrative changes, the Greater Fall River Vocational School District was permitted to carry over the entire unexpended FY09 Title I funds to FY10. These funds provided for a part-time "At-Risk" counselor and clerical support to assist the district in meeting Title I Compliance. The planning, curriculum development and implementation of the 2010 freshmen summer academy The Bengal Challenge was also fully funded through these carry over funds. This included a project coordinator, teachers, instructional and non instructional supplies, transportation.

The Title II Part A (\$58,976) provided the funds for the salary and benefits of one math teacher to maintain the math class sizes at fifteen.

The Academic Support State Grant (\$37,400) provided the class of 2012 with support services in Math during the fall, English Language Arts in the winter and Science in the spring.

GREATER FALL RIVER VOCATIONAL SCHOOL DISTRICT FISCAL YEAR 2009 - 2010 BUDGET

ANNUAL REPORT OF THE HARBORMASTER

The Harbormaster hereby submits his report for the year ending December 31, 2010.

The 2010 boating season had great weather with very little fog and wind. Boating revenues were off about 4 - 5% compared to 2009, probably a result of the overall economy.

Service was provided like past years, with vessel pump outs, vessel assistance, weekend patrols and 24/7 coverage. A 40-foot sailboat ran aground on May 30th sustaining a lot of damage. Assistants James Perry and Gary Tripp responded, put pumps aboard and with the assistance from sea Tow and Tow Boat US dragged it to F.L. Tripp & Sons where it was lifted out of the water.

The United State Coast Guard put up new day markers on the 2 mile spindle (#3 green) and relocated the buoyage on the east side of Half Mile Rock marking the federal channel. The main channel dredged in December 2007, seems to be keeping its depths around 9 feet at low tide.

July saw the start of eelgrass transplant on the east side of Westport Point. Hopefully it will complete the Town's obligation from the State Dredging Project. Also, the fourth year of bird monitoring on the ocean side of the Town Beach was completed with one more year to go to satisfy the federal Dredge Project requirements.

Floats were repaired at both the Hix Bridge Landing and the State Boat Ramp with used fire hose from the Westport Fire Department utilized to make fendering on the floats. Also, a new 90-gallon aluminum fuel tank was replaced on the 24-foot rescue boat. Seasonal permits for the State Boat Ramp were off about 15%, however, daily use was up by over 10%.

The following were overall revenues collected from and paid by boaters for the 2010 season:

Slip & Mooring Fees (approximately 1275)	\$66,000.00
Private Mooring Permits	3,680.00
Town Mooring Seasonal Rent	1,600.00
Town Mooring Daily Rent	260.00
State Boat Ramp Seasonal (249)	11,245.00
State Boat Excise Tax (Municipal Waterways)	25,500.00
State Boat Excise Tax (General Fund)	23,300.00
Dredging Surcharge Collection	25,000.00
 Total Paid by Boaters in 2010	 \$156,940.00

As always, I would like to publicly thank my dedicated Assistants James Perry, Jonathan Paull, Gary Tripp, John Bevis, Christopher Leonard and volunteers Richard Hart (Sweet Pea) and Anthony Perry (Ant Man) for a job well done, and who at times when called upon, put their lives at risk for the sake of the Town and boating public. Special thanks go out to the women at the Town Hall. They make life so much easier for the

Harbormaster Department. Professional thanks to the Westport Police Department and the Dispatchers, the Westport Fire Department, the Harbor Advisory and the Highway Department. These people are a great help with their continuing support of the waterfront.

Respectfully submitted,

Richard B. Earle
Harbormaster

ANNUAL REPORT FOR THE HIGHWAY DEPARTMENT

I hereby submit this report as Highway Surveyor for the year ending December 31, 2010.

Highway Surveyor

Harold J. Sisson, Jr.

Foreman

Christopher Gonsalves

Operators

Quentin Lord
Kenneth Samson
Randall Raposa
Scott Urban
Andrew Sousa
Scott Boyd
John Kennedy

Truck Driver/Laborer

Antonio Medeiros
Michael Nunes

Clerk/Dispatcher

Susan Maynard

The Westport Highway Department continues to maintain 160 miles of roadway. The Highway Department has regular duties of:

1. General maintenance and resurfacing of roads;
2. Installation and repair of drainage;
3. Cleaning and installation of catch basins;
4. Tree trimming and brush cutting;
5. Mowing along sides of roads and landings;
6. Processing of loam, sand, gravel and stone on site;
7. Winter season plowing and sanding;
8. Maintenance of vehicles and equipment;
9. Roadside pick up of rubbish; and
10. Sign making.

Chapter 90 Program

Chapter 90 is a 100% reimbursable program for maintaining, repairing, improving and constructing town ways and bridges, which qualify under the State Aid Highway Guidelines adopted by the Public Works Commission. Additionally road building machinery, equipment and tools may be purchased if project related.

This year the streets completed were as follows:

Double Chipseal: Milk Avenue, Velvet Avenue, Sunset Avenue, East, Banner Avenue, Lakeshore Avenue, Sunset Avenue, West, Lassonde Street, Rock Street, President Street, Euclid Street, Jiggs Street, Holly Lane and cul-de-sac, Boysenberry Drive and cu-lde-sac, Mary Lou Avenue, Brookside Avenue & cul-de-sac, Sheila Avenue, Dias Avenue & cul-de-sac, Gifford Road and Mouse Mill Road from Rt. 177 to Old County Road.

Cracksealing: Patricia Way, Christopher Circle, Holly Hill Avenue, Buttercup Lane, Pine Hill Road and Reed Road.

Asphalt Rubber: Old Bedford Road., Old County Road and Reed Road to the Dartmouth line.

Grants

We received a grant from MIIA this year for \$4,659.00 for work zone safety equipment. We were able to purchase 50 orange traffic cones, 10 safety barrels, 6 traffic sign stands and a trench box.

Line Striping

This past year line striping was done on the following roads: Old Harbor Road, Howland Road, Atlantic Avenue, River Road, Cross Road, Old County Road, Drift Road, Main Road, Sodom Road, Charlotte White Road, Hix Bridge Road, Old Pine Hill Road and Pine Hill Road.

Herring Run Project

This past year we worked on the Herring Run on River Road with the Westport River Watershed Alliance. The Highway Department relocated a 36" pipe under River Road. that connects Cockeast Pond with the Westport River. By relocating the pipe to the proper position it will allow the river herring and white perch to pass between Cockeast Pond and the Westport River during low tide.

As with prior years, the Highway Department has assisted other Town Departments with their projects and undertaking. We continue to look forward to accommodating the needs of the Town of Westport and will remain efficient in this undertaking.

Respectfully submitted,

Harold J. Sisson Jr.
Highway Surveyor

ANNUAL REPORT FOR THE WESTPORT HISTORICAL COMMISSION

The following is a report of the Westport Historical Commission for the year ending December 31, 2010.

Regular Members:

Sharon L. Connors, Chair
Geraldine Millham
Donna Lubell
Jane Loos
James H. Collins, Jr.
Janet Jones
Wendy Goldberg

Alternate Members:

Anne Baker
Norma Judson
Christine Vezetinski
Sean Leach

We welcomed two new regular members this year, Wendy Goldberg and Donna Lubell. We also welcomed a new alternate member, Sean Leach.

Overseeing the Westport Point Historic District continues to be the most time consuming work of the Westport Historical Commission (WHC). The WHC also oversees the Historic Inventory (a town wide inventory of historic homes, buildings, structures and objects maintained by the WHC under the terms of the Demolition By-Law). The Historic Inventory is available in the Head Librarian's office of the Westport Public Library. The Building Inspector's office also has a copy that can be reviewed by homeowners contemplating making changes to their homes. The WHC only has purview over Historic Inventory homes, etc. when a demolition or partial demolition is requested through the Building Inspector. Forms have been provided to the Building Inspector's office for the owners of these properties; the Building Inspector then forwards these requests to the Historical Commission. The Westport Historical Inventory is an on-going project and we appreciate additional information or corrections.

The WHC holds meetings monthly, generally on the first Monday of each month. Special meetings are held as required. This year during our meetings the WHC held 10 preliminary reviews, 13 public hearings, 4 continued hearings and 9 additional reviews not requiring a public hearing.

The result of the hearings and reviews was 10 Certificates of Appropriateness and 8 Certificates of Non-Applicability. One application was withdrawn and there was 1 denial, for a plan deemed inappropriate and incongruous by the Commission. Some applicants changed plans materially to meet WHC guidelines so their plans could be approved.

Of the 8 Certificates of Non-Applicability, 4 were for work involving "like-for-like" repairs and/or maintenance; 4 were for types of work not subject to WHC review, but needing a WHC Certificate to obtain a building permit. This is required since the Building Inspector insures that all homes in the historic district have the proper approvals from the Historical Commission before issuing building permits.

There was only one Historic Inventory case this year. The WHC found that the property was considered as "preferably preserved" and WHC worked with the owner and the Building Inspector to insure there was minimal demolition to the historic house, while a major addition was added to one side of it. Historic Inventory demolition requests require site visits by members of WHC and a discussion and vote at our regular meeting.

Ongoing litigation regarding two partially demolished historic buildings in the Westport Point Historic District has finally resulted in the owner's representative undertaking the rebuilding of the buildings. The WHC is working closely with the Board of Selectmen and the Building Inspector on this rebuilding. We have every hope that this 3½-year situation will soon be resolved, and that the remaining historic parts of the buildings will be preserved.

General WHC information and our agendas are listed on the Town of Westport website. The website also provides application forms, guidelines and other informational material. Application forms for house plaques

are also available on the website, and at the Town Hall. We are grateful to Betty Slade for updating the website for us.

The recently republished *The Head of Westport: A Brief History and Walking Tour Guide to its Historic Houses*. It was first published for the Westport Bicentennial in 1987 and is available at several venues in Town. The income from sales goes to the Historical Commission Trust. The book was redesigned and produced by WHC member Geraldine Millham in 2009 with a \$2030 grant for printing through the Westport Cultural Council from the Helen E. Ellis Charitable Trust. The Commission continues to publish and make available a number of publications including *"Pa and I"* and *"Westporters and the Civil War"*.

WHC house plaques for buildings over 50 years old are still available. The Commission is prepared to supply new or replacement house plaques to residents of Westport at the nominal cost of \$50 per plaque.

The Westport Historical Commission annual budget is used for office supplies, postage, and printing costs. Video tapes of our meetings are recorded by the local cable office and broadcast on the local cable access channel. During 2010, our application fees added \$450 to the general fund of the Town, which helps in offsetting our budget allocation.

At the present time the WHC has an opening for one alternate member. Applicants are welcome to apply through the Board of Selectmen's office or you can contact the Chair for more information. We are all learning from each other at each meeting, please don't hesitate to apply because you think you don't know enough about old houses; that knowledge will come in time. Your interest in historic preservation is the most important factor you can bring to the Historical Commission.

Respectfully submitted,

Sharon Connors, Chair

ANNUAL REPORT OF THE WESTPORT HOUSING AUTHORITY

Board of Commissioners

<u>Members for 2010</u>	<u>Position</u>	<u>Term Expires</u>
Elizabeth Collins	Chairman	2015
Duncan Albert	Vice-Chairman	2013
Ron Costa	Treasurer	2014
Veronica Beaulieu		2011
Marjorie Holden	Secretary/ Governor's Appointee	

The Board of Commissioners holds their regular meetings on the third Wednesday of each month at 3:30 p.m. Interested community members and tenants are welcome to attend.

The Westport Housing Authority is a public agency operated by a Board of Commissioners composed of four town elected members and a Governor Appointee. This Authority is regulated by the Massachusetts Department of Housing & Community Development (DHCD) and operates a 48-unit complex known as Greenwood Terrace at 666 State Road. It is the only development under the auspices of the Authority. All units are two room (one bedroom) units suitable for an individual or a couple. This state subsidized housing is available to applicants at least 60 years of age or disabled with incomes not exceeding \$41,000 for one person and \$46,850 for two. There is no asset limit. Rents are based on thirty per-cent (30%) of the tenant's income. Applications are processed according to state determined priorities and preferences basis.

Report 2010

In April of 2010, through a competitive Executive Director search process, the Fairhaven Housing Authority became the managing agent of the Westport Housing Authority. The Executive Director, Krisanne Sheedy serves in the capacity of director for both authorities. Steve Beauregard who had been the part time Director for five years left in April 2010 and assumed the director's position at the New Bedford Housing Authority where he had worked full time. In September of 2010, Susan Costa who had been the administrative assistant for five years left the Authority. The administrative staff of the Fairhaven Housing Authority and the Executive Director cover the office for 10 to 12 hours per week. The maintenance man is David Garant and he is there 30 hours per week. The maintenance staff of the Fairhaven Housing Authority provides support and occasional coverage to the Westport Authority when needed. The authorities maintain their respective Boards of Commissioners. The one-year management contract will be renegotiated in April 2011.

This development was initially financed by the Commonwealth of Massachusetts, which exercises general supervision over the Authority through the Department of Housing and Community Development (DHCD).

In 2010 the Authority successfully completed the two major projects, siding/ windows and paving/drainage, which had been underway. Also, we were able to install low flow toilets made available to us by DHCD to reduce water usage. We also put new range hoods in each apartment, which were purchased and installed through the funding and generosity of the Westport Community Preservation Committee.

During the past year we have had two vacancies at 666 State Road.

The Westport Housing Authority would like to thank the Westport Police and Fire Departments. The tenants and the Authority are well served by the men and women of both departments who work so diligently to provide compassionate aid, support and highly professional services. We would also like to thank the Highway Department, the Water Department, the Westport Community Preservation Committee, and the Westport Council on Aging. All of the referenced agencies, committees, and councils work cooperatively to help both the tenants and the Authority. Without their assistance and collaboration many of our initiatives and abilities would not become realities.

The Commissioners and the staff of the Authority would like to express their gratitude to the Selectmen for their tireless support and consistent advocacy for affordable housing and the Westport Housing Authority.

Respectfully submitted,

Krisanne Sheedy
Executive Director

ANNUAL REPORT OF THE LANDING COMMISSION

TREASURER

I hereby submit my annual report as Treasurer, December 31, 2010.

Balance January 1, 2010	\$37,094.97

Due to budget cuts for Fiscal Year 2011, weekly hours of service have been cut from 48 to 40 since September 2010. In turn, staff hours have been cut. Consequently, our state aid allocation will be decreased. The Westport Free Public Library has applied for and received a waiver granted by the Massachusetts Board of Library Commissioners (MBLC) for Fiscal Year 2011. A waiver enables the Library to remain certified through June 30, 2011. Certification enables the Library to share resources with forty communities throughout Southeastern Massachusetts as well as eight regional library networks and university libraries throughout the Commonwealth. As a member of the SAILS Library Network, patrons have access to placing holds on materials from home (www.sailsinc.org) and through the Town Website (www.westport-ma.com).

On Saturday, January 16, 2010 the Library Building Committee held a ribbon-cutting ceremony to celebrate the completion of our expansion and renovation project. Aleric and Conrad Kropf, the great-grandchildren of Sir Edwin Manton, performed the honors. More than 250 well-wishers were on hand to tour the facility and enjoy refreshments provided by the Trustees.

A History Room Committee has been formed to inventory and organize our collection. Many thanks go to volunteers, Norma Judson and Paul Pannoni, who are vigorously working on the collection. Fire-safe files and a map case have been purchased to house materials. With the assistance of the Community Preservation Committee, 3 walls of shelving house current materials. We hope that the collection will be available to the public by next year.

The Library is grateful for generous donations. A donation from Neil and Sue Van Sloun will be used to update our computers or for other needs that may arise. On behalf of the Westport Garden Club, Linda Bramwell and Gina Carter decorated the Library with wreaths and poinsettias during December. Kathleen Santos organized daffodil planting by the Westport Garden Club as well. Susan Dutra continues to provide fresh flowers and greenery for our outdoor flower pot. A welcoming Library sign was designed and placed at the top of our parking lot by the Diman Regional Vocational High School students. The Helen E. Ellis Charitable Trust provided funding for local artist, Lydia Poole Barker, to design 3 papier-mache murals depicting our Westport heritage and a lovely oil painting of Westport was donated by local artist, Ron Lister. The Friends of the Library (FOWL) September book sale raised \$4,200.00 for programs, books, books on CD and DVDs. FOWL elected officers in November: President, Kate Kastner, Vice-President, Michael Habib, Secretary, Lisa Arnold and Treasurer, Lillian Barresi. FOWL's summer program, with over 100 in attendance, featured actress Linda Monchik in her portrayal of Golda Meir. FOWL's family program in July, with magician, Scott Jameson, kicked off the summer reading program with 95 children and adults. The year-round book sale, with an ever-changing selection of books, continues to be very popular.

Linda Cunha led "Time for Tots" for two and one-half and three-year-olds and "Story Time" for four and five-year-olds throughout the year. Forty-five children received reading certificates as part of the summer reading club during July and August. Pajama story time was well attended each Thursday evening during the summer. The Helen E. Ellis Charitable Trust sponsored 2 programs, one with Marla Isaac and her reptiles in March with over 200 in attendance, and in October Big Joe Pagliuca shared Halloween stories for 105 children and adults. The Westport Cultural Council sponsored Sparky's Puppets in August for 60 children and adults. The Westport Cultural Council has supported the Library with quality programming for over 20 years. Brenda and Greg Stone visited with their therapy dogs in April and July. Five grade one classes visited the Library in June to receive Library cards and Linda visited 5 second grade classes at the Elementary School in October. A Christmas ornament workshop was held the first Saturday of December with 27 in attendance.

Twenty-five to thirty Westport Middle School students attended the Library after school to complete homework in the Young Adult section. 3 workshops were held during the Fall for Middle School students. Twenty-four students attended a Friendship Bracelet Workshop led by Middle School student, Angela Mulroy. A Lego workshop, with 20 in attendance, was taught by Mary Cass, an instructor at Bristol Community College and 12 students attended the after school Christmas ornament workshop.

Our Community Room is put to good use by tutoring, the weekly Bridge Club, 4 Girl Scout troops, a Writing group, and a Book Club. These groups welcomed new members. A volunteer was available on Wednesday mornings throughout the Fall to provide assistance with individual computer use.

In May, we held our Volunteer Tea in appreciation of 20 individuals who provide invaluable services at the Library, and in December, the Trustees and FOWL held a Holiday Luncheon for our staff, to show our appreciation for their dedication.

Respectfully submitted,

Nancy M. Dawson, Chair

ANNUAL REPORT OF THE MODERATOR

I respectfully submit my 2010 Annual report as Moderator of the Town of Westport.

Town Meeting

Westport's legislative body, the Town Meeting, gathered at the auditorium at Westport High School on three separate occasions in 2010. A Special Town Meeting was held March 9. The Annual Town Meeting with an embedded Special Town Meeting was held June 8-9. Another Special Town Meeting was held December 7.

Finance Committee

Three individuals were appointed to the Westport Finance Committee in 2010. Robert McCarthy, Mary Beth Ferrarini and Mark Carney were all appointed to 3-year terms commencing July 1, 2010 and expiring June 30, 2013. As of December 31, 2010, the Finance Committee consists of:

Finance Committee As Of January 2010

<u>Members</u>	<u>Term Expires</u>
W. Hugh Morton, Chairman	June 30, 2011
John Baughan	June 30, 2011
Tracy Priestner	June 30, 2011
John E. Miller	June 30, 2012
Warren M. Messier	June 30, 2012
Charles Baron	June 30, 2012
Robert N. McCarthy	June 30, 2013
Mary Beth Ferrarini	June 30, 2013
Mark Carney	June 30, 2013

Respectfully submitted,

Steven Fors, Moderator

ANNUAL REPORT OF THE PERSONNEL BOARD

The Westport Personnel Board hereby submits its report for 2010. It is organized under Article 21 of the Westport By-Laws and Regulations.

Westport Personnel Policy

The goals of Westport's personnel policy include:

- Hiring based on merit and free from discrimination;
- Just and equitable incentives to promote efficiency in town government;
- Comparable positions classified and compensated on a similar basis;
- Effective personnel administration to promote high morale and reflecting the best interests of our employees, the public and our Town; and
- Continued employment to be based on good performance, a need for the work and availability of funds.

Westport Personnel Board

The Board consists of five unpaid residents of Westport who may not be Town employees or elected officials. The Board of Selectmen appoints four of the members to three-year terms while the Finance Committee appoints one of its own members to the Personnel Board annually.

Present members of the Board include:

Eileen Wheeler Sheehan, Chair
Dianne Baron
Nancy Carleton
Marybeth Ferrarini, Finance Committee Representative

Robert Bergeron resigned from the Board in November after five years as Chairman. We will miss his cheery patience and knowledge of state employment procedures. At year's end, the Selectmen are soliciting volunteers to fill his vacancy.

Donna Lambert is our flexible, uncomplaining secretary, while Denise Bouchard is our keeper of personnel records and dispenser of knowledge. Given the volunteer nature of our board, the knowledge of history and current regulations offered by Ms. Bouchard is critical to our ability to function.

Responsibilities of the Board

The Personnel Board is responsible for all appointed positions other than School, union and “intermittent” jobs in the following areas:

- Administration of classification and compensation plans;
- Personnel records;
- Investigation of work features and wages;
- Written job descriptions to identify, but not prescribe their duties;
- Standardizing rules and procedures for conditions of employment and benefits; and
- Considering proposals or grievances from covered employees.

2010 Accomplishments

- Reviewed position descriptions prior to departmental hiring;
- Instituted regular monthly meetings;
- Approved positions and classification including;
 - ❖ Assistant Assessor
 - ❖ Town Planner
 - ❖ Animal Control Officer
 - ❖ E911 Dispatcher
- Prepared Welcome letter for new Town employees;
- Advised Board of Selectmen on performance evaluation of Town Administrator; and
- Developed plan to identify position descriptions in need of revision.

In 2010, Westport joined the Mass Municipal Personnel Association, in order to track policies and positions in other towns. Dianne Baron and Eileen Sheehan attended the MMPA annual meeting in December.

Respectfully submitted

Eileen Wheeler Sheehan, Chair
Westport Personnel Board

ANNUAL REPORT OF THE PLANNING BOARD

The Planning Board hereby submits its annual report for the year 2010.

Role

Under the Massachusetts General Laws, the elected five-member Planning Board is charged with formulating and administering Rules and Regulations Governing the Subdivision of Land in accordance with the Subdivision Control Act; with advising on and reviewing plans for proposed subdivisions; monitoring the installation of subdivision infrastructure and new road construction; conducting public hearings for applications for development; conducting public hearings for the introduction of, and amendments to, Planning Board Rules and Regulations and By-Laws; with reviewing, advising and granting Special Permits and Site Plan Approvals for commercial development; and with implementing the guidelines suggested by the Town of Westport Master Plan for sustainable development and redevelopment practices. In addition, the Board advises the Town on land use decisions, projects and policies affecting Westport, and tracks current development trends.

The professional Planning Department staff supports the Planning Board's mission of creating a broad vision

for the community of Westport by administering and monitoring subdivisions; reviewing plans for technical compliance; reviewing, amending and writing by-laws, regulations, policies, and grant proposals; conducting research and analysis to advise and assist the Board; preparing staff reports; performing site visits; attending meetings of the Planning Board and other Boards and Committees as requested by the Planning Board. In addition, staff seeks advice from the Board's Consulting Engineer to ensure conformance to approved plans; is responsive to requests for information from other departments, the public, and the development community; is responsible for public outreach; and must have knowledge and understanding of Massachusetts zoning and subdivision laws as well as knowledge of planning principles and practices.

Meetings

The Board generally meets every other Tuesday evening in the Town Hall Annex. Planning Board regular meetings and public hearing meetings are televised live. Each meeting is rebroadcast on the local access cable station several times each week. Administrative meetings are held in the Planning Department on Tuesday evenings once per month. During 2010 the Board held 27 regular meetings and 19 administrative meetings.

Membership

All members are elected to a five-year term. Chairman John Montano's term will expire in 2011; Vice Chairman David Emilita will serve until 2013; Clerk James T. Whitin will serve until 2012; Gregory Franchetti will serve until 2014; and Elaine Ostroff, who was elected in 2010 (for the balance of a vacated seat), will serve until 2015.

Staff

The Planning Department is comprised of a staff of three: Town Planner, Sarah L. Raposa; Assistant Town Planner, vacant as of 4/10; and Principal Clerk, Lucy R. Tabit.

Revenue

The Planning Department collected a total \$13,239.00 in filing fees and other charges in 2010 compared to \$11,117.70 in 2009 and \$9,649.20 in 2008.

Consultant engineer fees are paid for by applicants. The Planning Board administers these fees totaling \$110,206.70 during calendar year 2010, compared to the 2009 figure of \$105,583.57 and \$74,589.00 in 2008.

TABLE 1. Department Revenues and Engineering Fees 2008-2010

	2010	2009	2008
Revenue	\$ 13,239.00	\$ 11,117.00	\$ 9,649.00
Engineering Fees	\$ 110,206.00	\$ 105,583.00	\$ 74,589.00

The increase in revenues and Engineering fees shown from 2008-2010 are an indication that despite the slow economy, activity continues in the area of development.

Development Activity:

Table 1. Subdivision Plans Submitted, Endorsed, Approved In 2010

Type	Plans Submitted	Plans Approved/ Endorsed	Plans Withdrawn	Plans Denied/ Not Endorsed*	New Lots Building Created
	17	13	0	3	13
ANR's submitted in 2009, acted on in 2010	0	0	0	0	0
Preliminary	1	1	0	0	1
Definitive	3	3	0	0	3
Definitives submitted in 2009, acted on in 2010	0	0	0	0	0
Totals of plans submitted in 2010	21	17	0	0	0
Total New Lots Created 2010	16	0	0	0	16

*Of the 3 "Plans Denied/Not Endorsed" a combined total of 17 lots were proposed & not endorsed.

Site Plan Approvals

The Board addressed five Site Plan Approval applications, determining that three were minor in nature and the remainder required public hearings. Four applications were approved in 2010 and one will be acted on in 2011.

Special Permits

The Board addressed three special permits; one for an Open Space Residential Development (OSRD) with one house lot; one for drive through facilities for a financial institution, and a second for drive through facilities for a food service.

Consultations

The Board also conducted twelve consultations, including pre-application consultations.

Subdivision Monitoring

In 2010 there were approximately 38 subdivisions either under review or construction or unfinished and defaulted that came before the Board, presenting an average of two-to-four public meetings per case submittal. Currently the Principal Clerk, Lucy R. Tabit administers receipts and payments for, and monitors over 100 escrow accounts for these projects, totaling over 1.5 million dollars. Board members and staff conduct site visits and monitor the progress for these projects.

Highlights

Zoning By-Laws:

The Board submitted the following articles that were approved at the spring 2010 Annual Town Meeting:

- 1). An amendment was made to Zoning By-law Article 2, Administration 2.0, Enforcement 2.0.4 of the Zoning Bylaws increasing the punishable by fine fee to \$300.00 (vice \$20.00).
- 2). An amendment was made to Zoning By-Law Article 6 - Westport Flood Plain Districts -- for the purpose of accepting maps issued after the Town Meeting Vote in 2009.
- 3). An amendment to Article 1 "Purpose and Definitions" with an amendment to "Affordable Units and including "Area Median Income".
- 4). An amendment to Zoning By-Law Article 13, Inclusionary Housing for the purpose of updating and allowing for greater applicability.
- 5). An Amendment to Article 15, Site Plan Approval 15.5 Administration, Section 2 by changing the language from "may" to "shall".
- 6) An amendment to the Westport Affordable Housing Trust Fund, in cooperation with the Housing Partnership Committee for the purpose of changing the number of committee members and terms of appointment.

Planning Board Rules and Regulations:

In 2010, the Planning Board adopted the Fire Protection regulation under Section V., G of Required Improvements.

Technical Assistance:

Technical Assistance was received from the Southeastern Regional Planning and Economic Development District (SRPEDD) that addressed the Low Impact Development (LID) By-Law and the Priority Development Area for Economic Redevelopment of the Route 6 Corridor as part of the South Coast Rail development plan. The Buzzards Bay National Estuary Program (BBNEP) provided its support in the integration of the LID to the Planning Board's Subdivision Rules and Regulations.

Defaulted Subdivisions:

A Check List for Calling Surety was developed in 2009 to address non-compliance for completion of road construction in subdivisions, as stipulated by MA General Law Chapter 41 Sections 81K-GG Subdivision

Control Law. The Planning Board in has worked along with Town Counsel to identify the necessary steps and procedure for accessing surety. As a result, the Planning Board was able to call a surety bond in the amount of \$50,000 from a defaulted subdivision and now continues to work with town attorneys to follow legal procedures for implementing the funds to complete the roadway at Lisbor Lane. At least three other subdivisions are currently in the pipeline for a similar review.

Artwork in the Work Place:

Begun in the fall of 2009 and initiated by Lucy Tabit and the Planning Board, Artwork in the Work Place continues to allow the displaying of art created by local artists. Installations for 2010 included works from the Westport Art Group Children's 2010 Summer Program; Dora Atwater-Milliken; Susan Powers and Stacey Goes.

Roads:

The Board issued final release for the subdivisions of Westport Woods (Brushwood Circle and Chestnut Hill Drive), Hidden Glen (Hidden Glen Lane) and Twin Pine Estates (Harvest Hill Road), Justin's Way, Hideaway Lane and Orlando Avenue extension.

Hidden Gen Lane and Harvest Hill Road were accepted at the 2010 Annual Town Meeting as public ways. Westport Woods (Brushwood Circle and Chestnut Hill Drive) was presented at the annual Town meeting and not accepted.

GIS:

The Westport On-Line GIS (Geographic Information System) Parcel Viewer and Mapping website (<http://host.appgeo.com/westportma/>) has proven a useful tool for looking at over 8,400 Assessor parcels for information such as assessed value, lot size, deed book and page with limited overlays of soils, wetlands, zoning and aerial photos; mapping additional data to the parcel/map; generating lists of abutters and printing mailing labels.

A total of 3,577,462 hits were received, averaging 9,801 hits per day and 101.82 hits per visitor. Total page views amounted to 253,669 with average page views per day at 694 and each visitor viewed 7.22 pages. There were 35,124 total visitors to the site with 96 visitors per day. The monthly average of unique IP addresses was 6,335. An IP - Internet Protocol - address is an exclusive number identifying all information technology devices, very much like someone's street address.

The GIS parcel information was initiated in September of 2006 and the Assessor's GIS database is current to January 1, 2010. The Planning Board and GIS Advisor, Tim Gillespie, continue to work as liaisons with Applied Geographics to update the parcel data on an ongoing basis.

Work With Other Boards And Commissions

- David Emilita served as the Planning Board's representative to the Community Preservation Committee, the Stormwater Committee, & the Agricultural Open Space Trust Fund Committee.
- Greg Franchetti served as the Planning Board's representative to the East Beach Task Force Committee and the Tax Incentive Program Committee.
- John Montano served as the Planning Board's representative to the Westport Economic Development Task Force and the Cable Advisory Board.
- Jim Whitin served as the Planning Board's representative to the Southeastern Regional Planning and Economic Development District (SRPEDD) and is the Planning Board representative on the Water & Sewer Committee and the Narrows Development Committee.
- Elaine Ostroff served as the Planning Board representative to the Housing Rehab Advisory Committee.
- Town Planner Sarah L. Raposa joined the Westport Planning Department in November 2010.

Respectfully submitted,

ANNUAL REPORT OF THE POLICE DEPARTMENT

Keith A. Pelletier
Police Chief

I herein respectfully submit for your information and review the Annual Report of the Police Department for 2010. At the present time, the Department is made up of 29 permanent Officers.

ORGANIZATION

Chief Of Police

Keith A. Pelletier

Deputy Chief

John R. Gifford

Administrative Assistant

Hillary J. Harris

Lieutenant(s)

Paul E. Holden

Ryan W. Carreiro
Kristine M. Carreiro
Michael Kelley
Michael R. Roussel
Nathanael J. Jones

At the present time, the Department is made up of 29 permanent officers still down 5 from a high of 34 in 2000. We answered 21,783 calls for service and we drove 396,269 miles patrolling your streets.

Department Goals & Objectives

Purpose:

The purpose of the Westport Police Department is to provide the best possible police service to the community, in the most cost effective manner possible, reducing not only crime but the fear of crime and improving the overall quality of life of the citizens we serve.

In order to accomplish our mission we must:

1. Protect the lives and property of our citizens of the Town.
2. Preserve peace and order in the community.
3. Prevent and detect crime, limiting increases in criminal activity and reduce occurrences of all forms of unlawful activity, as measured by analysis of records.
5. Promote the safe and efficient use of the streets and highways and reduce the number of traffic accidents through selective enforcement, as measured by an analysis of records.
6. Emphasize teamwork within the Department; maintain the highest professional standards possible. Provide the necessary training for our officers to handle all aspects of modern public safety challenges.
7. Promote collaboration and cooperation with all other departments/agencies involved with public safety.
8. Promote community-policing initiatives within the department and with members of the community interested in taking an active part in assisting with public safety.

Goals and Objectives:

Goal 1: To promote highway safety.

Objective 1: Increase traffic enforcement initiatives.

Objective 2: Increase traffic enforcement educational opportunities for personnel and outline departmental objectives.

Objective 3: Selective traffic enforcement patrols dedicated to aggressive driving, speed enforcement, seat belt compliance and driving under the influence of alcohol or drugs.

Goal 2: To emphasize teamwork and cooperation with the community, the Department will maintain community policing efforts despite loss of community policing funds from the state.

- Objective 1: Continue basic community policing training to departmental personnel.
 - Objective 2: Encourage department members to cultivate more positive interactions with the public.
 - a. Identify the needs for the Police in the community.
 - b. Create a workable program addressing these needs utilizing available resources.
 - c. Attend meetings and continue to work with other departments in the Town, which respond to the needs of the community
 - d. Continue the DARE Program in the Schools
 - e. Continue the School Resource Officer Program in the School and continue to monitor its effectiveness and strive to continually improve it.
 - Objective 3: Encourage community involvement in the reporting of criminal, suspicions, and illegal activities.
 - Objective 4: Find alternative funding to maintain North End Sub-Station.
- Goal 3: To emphasize teamwork within the Department, the Department will increase internal communication and employee involvement in the decision making process.
- Objective 1: Conduct quarterly supervisor meetings with Administration.
 - Objective 2: Conduct an internal employee job satisfaction survey. Promote employee participation in the formulation of departmental goals and objectives and the methods in which they are to be accomplished.
 - Objective 3: Implement desired achievable goals and objectives.
 - Objective 4: Conduct quarterly efficiency and productivity sessions between supervisors and their staff.
 - Objective 5: Continue to work together to find cost saving methods of providing and maintaining quality service and training.
- Goal 4: To ensure interagency cooperation and collaboration on local and regional issues.
- Objective 1: Narcotics/drug investigation on local, state and federal levels.
 - Objective 2: Commercial vehicle enforcement.
 - Objective 3: Strategic community threat assessment regarding all aspects of potential terrorist threats.
 - Objective 4: Underage drinking enforcement and coordination with UMASS Police with respect to off campus housing.
 - Objective 5: Addressing domestic violence issues.
 - Objective 6: Elder abuse awareness and intervention.

This is a living document to grow and change as the community in which we serve grows and changes.

Fleet Maintenance Program

Despite, not purchasing any marked police cruisers this year; I am pleased to report that the “fleet maintenance program” that was approved by the Board of Selectmen and the Finance committee is working. We have spread out the 396,269 miles that we patrolled your streets amongst some of the older vehicles in

the fleet reducing the wear and tear on the newer vehicles. The highlights of the program are; instead of a new cruiser being driven 24 hours a day and seven days a week with no reprieve, we have assigned a vehicle to no more than two officers at a time. This continuity has led to fewer repairs, earlier detection of possible problems and an increased life span of patrol vehicles by decreasing the annual mileage. Additionally, it puts more officers on the street at key times of the day at shift changes. The down side is that some people may drive by the back of the station and see more than the usual number of cruisers parked. Of those cruisers, two are set-aside for officers to use for traffic safety on details, which the company requesting a detail pays a \$50.00 detail fee to use. That fee is used to offset the ever-increasing price of gasoline and repairs. I am happy to report that even though gasoline prices went through the roof we again did not ask for a supplemental appropriation from outside the budget to cover it. Two of the 4X4 vehicles are set aside for major storms or to access areas needing 4X4 E.Q such as the beach or wooded areas. It should be noted that we have tried to auction off the older cruisers but after receiving only \$50.00 a piece at the Town Auction, I feel strongly that we have implemented a better approach.

Building Repairs

In 2010 we made minor plumbing, heating and A/C repairs as necessary to keep the building functional. We hope to continue to make life safety and functionality improvements to the building as funds allow. We will make due with our current facility, even though we are in need of expansion and or renovation, in hopes we can avoid lay-offs and purchase cruisers.

We continue to work with and receive support from our neighboring communities and in addition to being a member S.E.M.L.E.C. (Southeastern Mass Law Enforcement Council), we signed mutual aid agreements with the Town of Tiverton R.I. and the City of Fall River.

I would be remiss if I did not thank the Board of Selectmen, Finance Committee, Town Administrator and all Town Hall Employees, Fire Department, Highway Department, Building Department, School Department and the Board of Health because, they are each equally important participants in making the Community Policing Philosophy become a reality and improve the quality of life of the citizens of Westport.

The Whistle Defense Program - It's Not a Toy

The "Whistle Defense Program" is a signal system that enables you to assist police in preventing and even deterring crime. Each whistle is made out of brass to last a lifetime and comes complete with instructions for use and safety advice.

- If you are attacked or confronted in any way that makes you feel uncomfortable on the street, blow the whistle, create distance and call the police as soon as possible.
- If you fear trouble on the street, blow the whistle, keep a safe distance, and call the police.
- If you see trouble on the street, blow the whistle, keep a safe distance, and call the police.
- If you see trouble from your home, call the police, state address and nature of trouble, open window and blow whistle.

Under no circumstances should this whistle take the place of a trained police officer or offer you a false sense of security. This whistle's sole purpose is to startle your attacker into believing you are not worth the risk. You could easily get hurt if you believe otherwise. Police Officers are highly trained individuals capable of handling such situations. You can do your part of helping them by steering clear of danger.

Inform kids about your whistle and its proper usage. A whistle to your kids could be considered a toy. By allowing your child to treat the whistle as a toy you ultimately are diminishing its' effectiveness in the event of an emergency. The goal of this program is to cut down on crime while reducing the fear of being a victim. My personal goal as Chief of Police is to ensure that everyone who feels vulnerable to crime can feel safer carrying an alert whistle especially around the holidays. Many of the people who have been given a whistle have reported back to me that they carry it on their key chain and hold it in their hand ready to use whenever they are walking to and from their car in a mall parking lot or a dark street. There is no doubt in my mind that

any predator would think twice about attacking someone who summons the piercing sound of the alert whistle. You can get your whistle at no charge by stopping by the Westport Police Department.

ICE Medic Alert Program

Thanks to the past generosity of the Ronald Desrosiers Memorial Fund the Westport Police Department is proud to announce the continuation of the ICE Medic Alert Program.

Fast Facts - ICE, an acronym for "In Case of Emergency", is entered into a mobile phone user's address/contact book as the "In Case of Emergency" contact. Originally established as a nation-wide campaign in the UK, ICE allows paramedics or police to be able to contact a designated relative/next-of-kin in an emergency situation.

A person designated as the ICE contact should be informed that they are a contact and be informed of all relevant information for treatment such as allergies to medicine. More than 200 million mobile phones are in use today in the United States. Many people leave the home without identification, but nearly everyone, including teenagers, carries a mobile phone with them.

The ICE Sticker was developed to serve as a visual alert that a person has an "ICE" contact available and has established a communication protocol. The ICE sticker is a red vinyl sticker 1" in diameter with the letters ICE in bold. The words "Contact Available" and "In Case of Emergency" are also displayed. Red, being the universally accepted color for emergency and distress is high impact and will draw attention. The 4mil thick vinyl stickers are designed to withstand the high use characteristics of the mobile phone. The sticker adheres to the back of the phone (most commonly on the battery pack) and serves as a visual alert that the individual has established an "in case of emergency" contact listed inside the phone.

Steps to ICE Your phone:

- Open up your address book in your cell phone
- Create a new contact
- Contact name should be ICE
- Enter in Contact's phone number
- Affix the ICE Sticker to your phone.

The stickers are available at the Main Road Police Station, the North End Fire Station on Briggs Road and the Library at no charge.

Detective Division Report - by Lieutenant Paul E. Holden

The detective division handles investigations that are lengthy, time consuming and usually difficult for the patrol division to spearhead because patrol must move on to the next call for service. In order to be effective, the detectives and patrol officers must work closely to communicate and assist each other when these investigations arise.

The detective division is responsible for the timely investigation of housebreaks, larcenies, and sexual assaults that are sometimes perpetrated by people who are known to the victims. Regretfully in all of these situations the victim is traumatized for a very long time. The homeowner who arrives home to discover their house broken into will suffer not only monetary loss but also sentimental loss from losing family heirlooms and possessions. Along with that feeling comes the fear of being violated in a sacred place, your home, that typically offers privacy and serenity.

The detectives try to track leads and lost possessions in an attempt to recover these items. Often victims cannot remember details about stolen items that could make the difference between a permanent loss and the possibility of recovering the stolen items. One useful tip would be to document your jewelry and electronics in the event that you too are affected by a housebreak.

Another crime that has impacted the detective division is commensurate with the increase in the price of precious metals. Detectives often receive calls from area police departments investigating thefts of metals

from their community as well as ours. The Town of Westport has three major scrap metal business establishments that regularly work with the police when stolen items are traded in for cash. Most of the time, the culprits were out of town residents who saw an opportunity to steal in exchange for quick cash. Unfortunately, these suspects typically have substance abuse issues, which fuel their desire to steal from honest hardworking people.

Therefore, Westport Detectives must have a good rapport with area detectives in order to be effective at solving crimes. This increased level of communication with area police departments has improved public safety for all communities in Bristol County.

As I write this report, the detective division is working with law enforcement agencies from Little Compton, Rhode Island and Brockton, Massachusetts. Little Compton recently apprehended two individuals, who were caught breaking into cars, in the middle of the night. Those suspects had stolen property that led RI investigators to other crimes in Westport.

In another case, the Brockton Veterans Administration building had been the target of a series of larcenies that totaled \$10,000 in losses. The suspect was later caught selling those items in Westport. It is appalling to know that suspects will target an agency that provides medical support to our veterans who have fought for our freedoms on a daily basis.

The detective division also regularly cooperates with the Department of Children and Families (formerly the Department of Social Services) as well as the Department of Developmental Disabilities by jointly investigating crimes against children and disabled individuals. These crimes are difficult to investigate and require a special skill set to protect the victim avoiding further emotional trauma yet bringing the suspect to swift justice. These crimes are typically called special victim's investigations. Unfortunately, these issues come to light a few times each month requiring lengthy investigations, to bring those cases to fruition.

Illegal Drugs also present an on-going problem for the patrol officer, as well as the detective division. Drug investigations are time consuming and involve many hours of surveillance and witness interviews. One such case involved a high-level drug dealer from out of state who was regularly selling to Westport residents. This investigation led to the arrest and recovery of nearly 16 grams of cocaine and heroin. In another drug investigation the suspect was apprehended with a large quantity of marijuana. This dealer had also been selling illegal prescription drugs and impacted numerous Westport residents. Two other cases were solved that yielded marijuana growing operations inside homes.

Several officers as well as the detective division worked on a case involving cruelty and neglect of animals at a tenant farm in Westport. That investigation was enhanced by the assistance of the Massachusetts Society for the Protection of Cruelty to Animals as well as the Animal Rescue League of Boston. Investigators removed several near death animals and criminally charged numerous people during that investigation. A thirty-year law enforcement officer with the Animal Rescue League described the situation as one of the worst he had seen. In order to properly investigate that situation it required numerous investigative hours with the cooperation of many different State and local agencies.

During 2010, the detective division assisted the patrol officers in investigating numerous housebreaks. Nearly 70 housebreaks, which was a slight decrease from previous years. It is the recommendation of the Westport Police to install a house alarm. Nearly all housebreaks occur during the day when a home is vacant. An audible alarm is the most effective deterrent and protects your home from damage and loss.

A continuous problem from year to year is the monetary loss from scams. One such scam originates in Canada and has affected some Westport residents. The scam coordinator calls an unsuspecting resident and portrays himself as a Canadian police officer. The officer explains that their grandson is in need of bail money. In several cases residents have sent thousands of dollars in money grams to Canada. The Royal Canadian Mounted Police are well aware of this multi-million dollar Canadian Scam. Other frequent scams involve the Internet. Detectives have seen residents who placed for sale items. The scammer solicits the Internet advertisement and agrees to pay by check. The scammer makes the amount of the check hundreds of dollars more than the item. The scammer follows up with a call to cash the check and refund the rest of the money. The check initially clears the bank, the resident sends the refund and discovers days later that the scammer's check is fraudulent. At that point, the resident is out several hundred dollars. In all cases, the scam is initiated from other States and even other countries. The best advice about these scams is "if it

seems too good to be true than it probably is.”

The detective division executed eleven search warrants during the year. Those cases involved sexual assaults, drugs, and stolen items. A search warrant is the most powerful tool that a law enforcement officer has. However, search warrants require numerous officers to execute. The house and occupants must be safely secured, and other officers are necessary to search, document and photograph the scene in an effort to keep officers safe and bring the evidence to court in a professional resolution.

The detective division relies on the patrol officers who are the backbone of the department. Often crimes are connected because the same suspect commits several offenses until they are apprehended. The resolution of one case usually leads to solving another similar crime. Be sure to report all crimes to the police. No crime is too small to report and could lead to helping another victim seek closure in a major case.

Training - by Sergeant Thomas R. Plourde

Basic Academy Training (23 Weeks)	Officer Scott Davis Officer Fernando Goncalves

Strategic Traffic Enforcement Program (S.T.E.P.) - by Sergeant Christopher A Dunn

The Westport Police Department has been actively involved in using a strategic approach to traffic enforcement and education in an attempt to reduce crashes along with the associated injuries and property damage that accompany these crashes. It is our belief, that using a Strategic Traffic Enforcement Plan (S.T.E.P.) will better utilize the limited personnel we have available at any given time.

It appears as though the motorists traveling in Westport are involved in the majority of crashes during favorable driving conditions. A review of the 2010 crash data reveals the majority of collisions involve a single vehicle during daylight hours, under clear weather conditions and a dry roadway. The majority of crashes occur on a secondary roadway, which would be defined as two-way, and not divided.

A 2009 Statewide Belt Use Observation Survey, funded by EOPSS using a federal grant, revealed that 74% of Massachusetts drivers are wearing their seat belts. This represents an increase of 7 percentage points from 2008 when only 67% were buckled up. Statistics show that when worn correctly, seat belts have proven to reduce the risk of fatal injury to front-seat passenger car occupants by 45 percent and by 60 percent in pickup trucks, SUVs and mini-vans.

During 2010 this department has received several complaints of motorists traveling through residential areas at a speed greater than the posted speed limits. When receiving these complaints the department attempts to act quickly by conducting radar patrols as well as deploying the department's speed sign.

As a result of the proactive involvement by these residents, Officers were able to affect over one hundred motor vehicle stops to educate and or enforce to the motoring public of their excessive speed.

The Department plans to continue to use various tools to educate the public as well as facilitate the safe and harmonious flow of vehicles, motorcyclists, and bicyclists. We hope to provide both education and enforcement of traffic laws to all who travel through the town with the use of the following measures:

- Continuous enforcement by patrols
- Seat belt Grants (Click It or Ticket)
- OUI Grants
- Directed enforcement/education at common accident locations
- Directed enforcement/education at locations requested by members of the community
- Deployment of the Departments speed sign
- Deployment of the Departments mobile electronic bulletin signboard

School Resource Officer - High School - by Officer Christopher M. Mello

My assignment as the School Resource Officer (SRO) serves as a direct liaison between the Westport Police Department and the Westport Community Schools. The SRO position investigates all matters relating to juveniles and school activities. The School Resource Officer also performs all duties and responsibilities of a patrol officer within the school setting. The SRO serves as a resource for the school's staff members, students and parents to help promote a safe environment conducive to learning.

After completing my first year as SRO, I feel I was able to successfully integrate myself within the school community. I enjoyed my opportunities to interact with staff, students and the community. While working with staff and the students, I believe I have gained the trust and confidence of the school community. I enjoyed being a resource for staff and students on a number of different legal issues and questions that had arisen during the year. I am proud of the countless examples of cooperation and teamwork as we work together towards achieving our goals. These examples range from the everyday dealing of various issues to the initiations of crisis intervention/lockdown procedures and canine searches for illegal substances in our schools. I am confident this solid foundation of teamwork will only grow stronger as we continue to strive to make our schools a safe environment for our students.

During the year of 2010, I have been involved with many incidents that required my attention and investigation. The incidents include but are not limited to the following: residency investigations (10), assault and batteries (7), larcenies (6), protection orders (3), disturbing school assemblies (8), drug possession (1), threats (15), medical emergency (2), safety issues (10), mediation meetings (10), truancy (11), bomb threats (1) and custodial issues (5). Also during that time, I have been involved with class presentations and have counseled many students for various issues and concerns.

Firearms Licensing - by Lieutenant John J. Bell

The following is a report from the firearms licensing officer for 2010:

<u>License Type</u>	<u>Number of Licenses</u>
Resident Class A Large Capacity License to Carry Firearms	122
Resident Class B Non-Large Capacity License to Carry Firearms	0
Law Enforcement Officer (\$25) – Resident Class A Large Capacity License to Carry Firearms	7
Renewal License for Law Enforcement Officer Employed by Agency (No Fee) – Resident Class A Large Capacity LTC	1
Over 70 Years of Age, Renewal of FID, LTC or Machine Gun License (No Fee) – Resident Class A Large Capacity LTC	14
Resident License to Possess a Machine Gun	1
Renewal License for Law Enforcement Officer Employed by this Agency – Resident License to Possess a Machine Gun	0
Firearms Identification Card	14
Over 70 Years of Age, Renewal of FID, LTC, or Machine Gun License (No Fee) – Firearms Identification Card	0
FID Restricted New (\$25), Firearms Identification Card Restricted Chemical Propellant Only	3
FID Restricted Renewal (No Fee), Firearms Identification Card Restricted Chemical Propellant Only	0

License to Sell/Rent/Lease Firearms, Rifles, Shotguns or Machine Guns	1
License to Sell Ammunition	1
License to Perform Services as a Gunsmith	1
Total	165

Total Monies Collected:	
Commonwealth General Fund	\$10,550.00
Town of Westport	<u>\$ 3,600.00</u>
Total	\$14,150.00

Firearms Bureau - by Sergeant John P. Couto

The Westport Police Department Firearms Division maintains Lieutenant Paul E. Holden and Sergeant John P. Couto as its Firearm and Use of Force Instructors. With the assistance of Retired Lieutenant Stephen D. Kovar, the three continue to instruct officers as part of a firearms training collaborative, which includes Dartmouth, Freetown, Berkley and Westport Police.

Regular firearms training included the recertification of the department's issued sidearm, the Sig Sauer P226, the Ruger .223 patrol rifle, and the Less-than-Lethal (Bean Bag) Munitions.

In addition to the annual firearms qualifications required by the Commonwealth of Massachusetts, officers received scenario-based training using Simunitions brand training ammunition. Simunitions are real pistol rounds that function in the officer's duty weapons; however, the metal jacketed round has been replaced with soap-based paint. The ammunition allows for maximum reality based training for officers without substantial risk of serious injury. All instructors were certified by Simunitions to train officers as well as maintaining a safe environment for the training.

On the civilian side of firearms training, the Firearms Safety Class continues to be immensely popular with both Town residents and non-residents. The eight-hour class is held near monthly at the Police Department's downstairs training room. The class, which is held on Saturdays, is a pre-requisite to obtain a LTC or license to carry firearms in Massachusetts. This year alone, over 120 students attended and passed the class which includes instruction of firearms parts, actions, safekeeping, and two tests, one written and one where attendees must perform hands-on test on real handguns. The class is a bargain at \$45.00 and is open to all that are interested. However, Town residents do have first preference. For more information or the date of the next class, call the station main number or check the local news and information channel on cable television.

Fees, Fines & Reimbursements Received - by Administrative Assistant Hillary J. Harris

The following fees, fines and reimbursements were received by the Westport Police Department and turned over to the Town Treasurer, George Foster, during the year 2010.

For Court Default/Subpoena/Witness Fees	\$ 16.00
For Firearms Licenses/Permits Issued	2,287.50
For Firearms Safety Class Fee	5,490.00
For Photostatic Copies of Police Reports	1,227.00
For Administrative Service Charges (Off-Duty Details)	15,516.95
For Police Cruiser Fees (Off-Duty Details)	2,850.00
For Fines and Restitution (Fall River District Court)	1,075.00
For Motor Vehicle Citations (Registry of Motor Vehicles)	60,015.83
For Parking Violations	29,514.75
For Police Career Incentive Program (Quinn Bill-C.41, S.108L)	18,076.00
For Fingerprint Card Fees	440.00
For Federal Drug Forfeiture Account	1,300.00

For Police Department Gift Account	1,239.00
For Police Explorer Gift Account	1,205.00
For Reimbursements to Budget Line Items	200.00
For Vehicle Insurance Account	0.00
For Small Claims Court Fees/Interest Reimbursed	12.30
Total Monies	\$ 140,465.33

ANNUAL REPORT OF THE SEALER OF WEIGHTS & MEASURES

The following is my report for the Department of Weights and Measures for the year ending December 31, 2010.

Scales over 10,000 lbs.	8
5,000 to 10,000 lbs.	2
1,000 to 5,000 lbs.	0
100 to 1,000 lbs.	15
10 to 100 lbs.	61
0 to 10 lbs.	1
Gas and Diesel Pumps Sealed	70
Apothecary Scales	1
Jeweler Scales	0
Vendor Redemption Machines	4
Citation Fines	0
Not Sealed	12

Total Fees Paid To Town Treasurer.....\$ 4,368.00

Respectfully submitted,

Dennis Thibault
Sealer of Weights and Measures

COMMONWEALTH OF MASSACHUSETTS TOWN OF WESTPORT DEPARTMENT OF WEIGHTS AND MEASURES

Be it known to all concerned that in accordance with General Laws of Massachusetts, Chapter 98, Section 41, Public Notice is hereby given to all persons having usual places of business and using a weighing and/or measuring devices (for the purpose of buying and selling goods, wares of merchandise) that between January 1 and December 31, 2010 such devices must be checked and sealed at least once. Such inspection and sealing is controlled by the Board of Selectmen and done at the expense of the person owning or using the weighing or measuring device.

Dennis K. Thibault
Sealer of Weights and Measures

ANNUAL REPORT OF THE SHELLFISH DEPARTMENT

The following is the Shellfish Department's annual report for the year ending December 2010.

Again we had a wet year. March alone had over twelve inches of rain to add in the year's total. Rain total was almost four feet for the year. Although it was wet, we did accomplish getting the West Branch of the river back on line to shellfishing. Thanks to Division of Marine Fisheries (D.M.F.) biologist Greg Sawyer, samples were taken even after regular business hours and Sundays if needed. With the reopening we had to move the signage around to accommodate the conditional and seasonal areas. The first area from the signs at 442 River Road across to Tom's Point and Northerly to the signs between Grasshopper Point and Judy's Island than back across to the signs at 334 River Road is open conditionally (if rain events are less than .20 inch of rain) and seasonally June 1st through April 30th. The second area runs from the signs at 334 River Road across the river to the signs at Grasshopper Point and Judy's Island, up to a sign at Angeline Cove than back to the signs at 334 River Road. This area is open seasonally and conditionally from November 1st through April 30th. The areas have an over abundance of birds (waterfowl) such as ducks, geese, cormorants, swans and seagulls. On one day, over three thousand seagulls were counted at once.

Working from our Aquaculture Grant again this year, the Department purchased another 1,000 bushels of contaminated quahogs. These bushels of quahogs were planted in three designated areas posted closed and allowed to naturally depurate. Once the quahogs were tested by the D.M.F. and deemed clean, the areas were reopened for direct harvest to the public. The three areas, as it has been in the past, were David Road, the east portion of Half-Moon Flat and the west portion of Half-Moon Flat. Each area was opened about two weeks apart. This program is good for several reasons: 1) It puts people to work; 2) The shellfish may produce a spawn while natural depuration is occurring; and 3) It takes the stress off of other portions of the river that are not being harvested. Another contaminated relay is in the process for 2011.

The Shellfish Department also relayed Scallops from Martha's Vineyard again this year. In this program, scallops are collected on the Vineyard and brought here to Westport. I place them in floating cages in three areas with history of natural scallop crops, with the hope that the animals in the cages will throw a spawn. The cages are brought for storage in the fall and all the scallops are released in those areas to live out the remainder of their two-year life span. Some scallop seed has been seen.

The Southeast Shellfish Association (S.S.A.) again purchased seed quahogs for the up-weller system North of the Route 88 Bridge. Their 45,000 seed were matched by the Town's 45,000 seed and placed in the up-weller cleaned throughout the summer and than planted in both branches of the river by John Borden, chairman of the Shellfish Committee, Deputy Robert Pierce and I. The Shellfish Department also purchased 200,000 seed and raised them in the electric up-wellers at the Town Wharf. These, along with an additional 300,000 field plantable-sized animals, were also planted in both branches of the river.

Another quahog program again this year was the Bristol Community College (B.C.C.) up-weller grow out. As was last year, students from Dr. Robert Rack's Aquaculture class grew quahogs in an up-weller system in Heritage Park at Battleship Cove. The College's 50,000, along with 100,000 provided by the Town, were returned to Westport for field planting by myself and the students once the animals were tested and confirmed clean by a State sanctioned lab. The students took pictures and went to a national conference Washington D.C. A great program for both the Town and the students! Durfee High School also has a program where the students feed and clean quahogs as they monitor the growth. The scale is much smaller due to the space for the program, but a good program for students to explore ideas of aquaculture as a potential employment source once out of school. The Westport Fisherman's Association purchases the seed through the Town and all of the seed is again planted in the Westport River when school is out. I am hopeful that the Westport High School will also have a similar program for the students next year.

This year in the Hatchery at the Town Wharf, we conditioned both quahogs and scallops for spawning. We were unsuccessful with both species and will continue our efforts again in the spring.

This year the Town completed the privatized aquaculture rules & regulations and had the State D.M.F. come and survey four sites that will be just for private aquaculture. Two of the four sites were approved. They are, a two hundred acre site off of the Eastside of Gooseberry, and a three-acre site in the Let in the East branch. There are still two sites that the State has not given a determination on. The two hundred acre site will allow a person to lease up to five acres. The inside sites will allow a person to lease an acre. Aquaculture is a very difficult and risky business. Not only do you need to invest a substantial sum of money for stock and equipment, but you are constantly working the gear and the elements. Not all who enter this line of work succeed. Good luck to all who try.

This was the first year in thirteen that I did not have the Clamboil Fund Raiser at LePage's Seafood Restaurant. Hopefully 2011 will bring it back to help put funds in the Shellfish Gift Fund for our Municipal Town Aquaculture shellfish enhancement programs. The Department again collected Lees receipts through the Lees Community Partnership Program. The receipts collected were turned into funds for the Shellfish Gift Fund. I thank all who gave their receipts to us and thank Lees Market for having this program. Also thank you to all who gave gifts of cash and checks to this program for us to purchase seed/shellfish for the river.

The Department is appreciative of the extra help from time to time that the Police, Fire and Highway Departments all display. Thank you all. Lastly I wish to thank my staff for their help throughout the year. Thank you all.

Remember, when going shellfishing always call the shellfish hotline at 508-636-1104. This gives the most updated opening and closure areas in the river.

Respectfully submitted,

Gary Sherman
Shellfish Constable

ANNUAL REPORT OF THE SOUTHEASTERN REGIONAL PLANNING & ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)

The Town of Westport is a member of the Southeastern Regional Planning and Economic Development District. SRPEDD (pronounced sir-ped) is the regional agency serving twenty-seven cities and Towns in southeastern Massachusetts dealing with common issues facing our region, such as economic development, growth and land development, transportation, environment and general planning for the future. SRPEDD is governed by a Commission of local mayors, selectmen, planning board members and at large members. We are funded by federal and state grants and local assessments. For 2010, the Town of Westport paid \$2,290.98 to SRPEDD, based upon an assessment of 16.15 cents per capita.

Local citizens serving at SRPEDD included the following:

- SRPEDD Commission: Steven J. Ouellette and James Whitin
- Joint Transportation Planning Group: Andrew Souza and Constance Brawders

Some of SRPEDD's more significant accomplishments during 20010 were:

- SRPEDD's Municipal Partnership program launched new programs to help improve operating efficiencies of member cities and towns. The regional purchasing program teamed with the Town of Kingston for a group bid for office supplies, resulting in significant savings to participants. A Steering Committee consisting of local public safety officials and SRPEDD was awarded the largest grant in Massachusetts to conduct a feasibility study to benchmark current dispatch operations and make recommendations on enhancements to public safety that may include consolidation for some of the 19 communities covered by this study. The funding for these efforts was provided by the State's DLTA program.

- Completion and approval of the Transportation Improvement Program (TIP), which sets regional priorities for federal transportation funds, and the Regional Transportation Plan (RTP). The TIP established priorities for federal and state regional targets for highway projects, and transit funds for GATRA and SRTA over the next 3 years.
- Comprehensive Economic Development Strategy for Southeastern Massachusetts, a regional economic development strategy, was completed and certified by the U.S. Economic Development Administration, making the region eligible for federal economic development grants from EDA.
- The Taunton River was designated by the US National Park Service as a Wild and Scenic River in 2009. The Taunton River Stewardship Council made up of representatives from the ten municipalities abutting the Taunton River, along with supporting agencies; continue to meet every other month at SRPEDD.
- South Coast Rail remained a major priority in 2009. SRPEDD continued to support the Southeastern Massachusetts Commuter Rail Task Force, which includes representation from SRPEDD municipalities and regional organizations. Plans for development around the train stations continued through 2010.
- SRPEDD continued as the designated fiduciary agent by the Massachusetts Executive Office of Public Safety for the Southeast Regional Advisory Council for Homeland Security serving 96 communities in 6 counties in southeastern Massachusetts. The Council has awarded \$25 million in federal homeland security funds since 2004.
- SRPEDD conducts a district-wide traffic counting program (including speed surveys and vehicle classification, and 47 intersection turning movement counts) and maintains a computer file of all available traffic count data throughout the region. SRPEDD undertook 125 traffic counts at various locations this past year.
- An extensive Geographic Information System (GIS) mapping program is maintained by SRPEDD. Every year new computerized “data layers” are added to the system.
- SRPEDD operates the Southeastern Massachusetts Data Center, providing information to businesses, cities and towns, and individuals.
- In cooperation with UMass Dartmouth, SRPEDD supports the Southeastern Massachusetts Council on Sustainability. The broad-based Council is addressing how the region prepares for the future.
- SRPEDD continues to provide planning and support to the two regional transit authorities, SRTA and GATRA, on various efforts including: consumer advisory committees, route evaluations, planning, monitoring services and federal reporting.
- SRPEDD maintains a comprehensive database of all 355 signalized intersections in the region. This includes geometry, traffic volume, crash rate, signal timing and operational characteristics.
- SRPEDD continued its affiliation with the South Eastern Economic Development (SEED) Corporation, which makes loans to small businesses for expansion.

SRPEDD was created to serve the cities and towns of southeastern Massachusetts. We are governed by elected and appointed officials from all the cities and towns. We look forward to serving you in the future

ANNUAL REPORT OF THE TOWN ACCOUNTANT

I hereby submit my annual report for the year ending June 30, 2010. Our records are available for review.

Respectfully submitted,

Theresa M. Provencal

ANNUAL REPORT OF THE TOWN FARM

The following is a report of the Westport Town Farm for the year ending December 31, 2010.

Voters at the October 2009 Special Town Meeting voted to grant the Trustees of Reservations (TTOR) a 99-year lease for maintaining and restoring the Town Farm for public use and the State legislature approved the long-term lease. Along with their continued stewardship of the land, the Trustees have agreed to raise \$1.4 million to fund the restoration and management of the property, of which 41 million has already been raised. The restored main house and outbuildings will be used as Conservation Partnership offices and educational programming space for the Trustees and the Westport Land Trust.

In the few short years that the Trustees have been involved with the Town Farm, they have opened it up to the public, provided parking, educational programs and sponsored the third year of the Community garden. In 2010, 5,000 lbs of produce was harvested and donated to the Westport Council on Aging and a local food bank.

A number of educational and conservation activities including a Bluebird Box Building & Monitoring workshop and a Native Pollinator Workshop were held at the Farm. The Westport River watershed Alliance utilized the Town Farm for programs with all Westport 7th graders and more are in the planning stage. A Family Concert (in partnership with Concerts at the Point) entertained more than 200 attendees in the open air and the 2nd Annual Harvest festival attracted over 250 attendees. Two "Kayaking on the Westport River" events were held. Throughout the year there was a constant stream of walkers and dog walkers enjoying the Farm.

The Town Farm's annual budget is spent on maintenance and repairs to the north half of the house, three outbuildings and systems associated with the ell apartment, all of which remain the Town's responsibility and are not included in the TTOR's lease agreement. Belt tightening has reached the strangulation point as the FY2010 budget of \$2,316 has been reduced to \$1,316 for FY2011. The Town Farm brought in \$10,641.68 in rents for FY2010, all of which went into the Town's general fund.

At present, the Town Farm Trust Account contains \$11,202.50. This account was generated by a private donation.

Respectfully Submitted,

Geraldine Millham
Westport Historical Commission

ANNUAL REPORT OF THE TOWN TREASURER

I hereby submit my annual report as Treasurer June 30, 2010.

Cash balance June 30, 2009	\$14,513,240.25

ANNUAL REPORT OF THE VETERANS AGENT

I herewith submit my report for 2010 as Director/Agent of Veterans Services.

Cases on hand December 31, 2010	30
Cases on hand December 31, 2009	22
Cases opened during 2010, State & Federal	45
Cases not approved in 2010, State & Federal	10
Cases closed during 2010, State & Federal	15
Cases pending end of 2010, State & Federal	6
Veterans requiring help with obtaining medications & health services from the D.V.A. 2010	100
Veterans requiring additional help with applications being lost or waiting to be adjudicated	9
Veterans Hospitalized in 2010	40
Veterans/Dependents requiring services in 2010	2,111
Veterans Population in Westport in 2010	1,211

The amount of monies received by Veterans and/or Dependents from compensation, Pensions, Education, Voc Rehab, Insurance's and Indemnities resulting from claims filed through Veterans' Services and the Department of Veterans Affairs equal \$1,861,121.00. The amount of monies received as reimbursement from the Office of the Commission of Veterans' Services and Benefits expended by the Town of Westport for the year 2010 equal \$74,076.00.

For 149 years, since 1861, from its first commitments to the civil war veterans and their spouses and dependents, the Commonwealth of Massachusetts has demonstrated solid concern and compassion for those men and women who have displayed sacrifice, valor, and duty when their state and nation called upon them. It supports a network of services and benefits to insure that none of the 500,000 veterans in the state who served in time of war or their dependents will go hungry or become homeless or medically deprived.

After WWII when its membership was overwhelmingly veterans, the Legislature completely reorganized Chapter 115 of the Massachusetts General Law, which formed the basis of today's Veterans' financial and medical benefits system and established the title of Commissioner, now the Secretary of Veterans' Services.

The Secretary has the responsibility for the proper administration of MGL 115. In addition to his supporting staff of some 35 personnel, most of whom are located in offices next to the State House, Veterans' Agents now called Veteran Service Officers (VSO's) carry out the program. They provide assistance in every city and town in the Commonwealth.

The VSO/Agent is a local employee and must be a veteran. It is the VSO/Agent to whom unemployed, indigent, disabled, ill, injured or otherwise needy veterans first apply for assistance. The Agents interview the applicants and determine their eligibility. If a veteran qualifies, the agent will provide him with necessary financial assistance for food, shelter, clothing, housing supplies, and medical care in accordance with a formula, which takes into account the number of his dependents and his income from all sources. All expenses are paid by the veteran's hometown, and periodically, upon validation of the expenses, the Commonwealth reimburses 75% of those approved costs. The Commonwealth assists also in burial expenses for indigent veterans.

It is a modest program, separate from public welfare, but it provides for a veteran's necessary support with

the dignity to which he/she is entitled in the view of the sacrifices made in the service of his country. Needy dependents of deceased veterans are provided with the same benefits, as would the veteran if he was living.

In addition to the benefits paid through the program described, the Department of Veterans' Services pays an annual annuity of \$2,000 to certain veterans who have suffered permanent disabilities due to enemy action or accident during wartime. Additionally, the Department provides funding for nine non-profit veterans' outreach centers and three homeless shelters located throughout the Commonwealth. These programs require active veteran participation and are regionally-based service networks.

Massachusetts Veterans' Services has no formal affiliation with the Federal Department of Veterans' Affairs (VA). It has an office at the VA's Regional Office, however, that provides assistance through the Veterans' Agents to all veterans and their dependents in applying for VA educational benefits, pensions, home loans, and arrangements for the treatment of service connected illness or injuries.

Furthermore, all veterans meeting certain wartime service-connected criteria are provided with motor vehicle benefits and property tax exemptions. There is also a Veterans Preference for state-aided public housing and civil service employment. Low-interest home loans are available through the Massachusetts Housing Finance Agency. Eligible veterans may attend state colleges and universities as full time undergraduate students and receive full tuition waivers. Bonuses are paid to veterans of all wars since WW-I. There are two independent Soldiers' Homes in the Commonwealth.

The Veterans' Agents/VSO's are available to anyone seeking information or assistance in the area of veterans' benefits and services and can always be reached at their city or town halls. All citizens are encouraged to meet their local Veterans' Agents and learn about veterans' programs.

Our locally based veterans' assistance program is unlike that of any other in the nation and the envy of many other states. I hope that I have helped all to understand the importance and purpose of this program.

Respectfully submitted

Ronald E. Costa
Director/Agent of Veteran's Services

ANNUAL REPORT OF THE VETERANS' GRAVE REGISTRATION OFFICER

I herewith submit my report for 2010 as Veterans' Graves Registration Officer.

Upkeep Outlying Private Cemeteries	\$ 923.00
Large Flags, U.S. & POW/MIA Graves	
Flags, Grave Flag Holders	\$ 1,450.00
Transportation, Graves Officer	\$ 221.00
Supplies, Office/Groundskeeping,	\$ 94.00
Bugler Services& Flowers	\$ 250.00

The Veterans' Graves Department provides numerous services assisting veterans, widows and dependents in need. Monuments are provided for veteran's graves and final arrangements are made including burial in National Cemeteries. We in Westport are fortunate enough to have our own burial plots free of charge to our Veterans and their spouse. No reservations are made but Veterans should first have their separation papers on file at the town Veterans' Office and should make arrangements with their Funeral Director notifying him of their wishes to be buried at the Town Veterans' Burial Plot. You must be a resident at time of death, have been born and entered the services from Westport at time of entry. All this information is recorded on your separation papers and that is why it is important to have them recorded at the Westport Veterans' Office.

On behalf of the Veterans' Graves and Memorial Department, I would like to thank our four Veterans'

organizations and Auxiliaries. Without their support, many of my services would not be possible. Thanks to the Westport V.V.A. Chapter #207 for being present and providing the Honor Guard and Firing Squad at all our ceremonies and burials. Also, thank you to the Boy Scouts in Westport for helping decorate the graves on Memorial Day.

Respectfully submitted,

Ronald E. Costa
Veterans' Graves Registration Officer

ANNUAL REPORT OF THE VETERANS' ORGANIZATIONS

I herewith submit my report as Service Officer for the Veterans' Organizations located in the Town of Westport for the year 2010.

Through the combined efforts of our three organizations located at the Legion Hall, A.L. Post #145, D.A.V. Chapter #118 and V.V.A. Chapter #207 the following improvements were made. Things have been going well in Westport. Improvements have been made. The fundraisers have been successful and the hall has been remodeled. This year we have been hit hard by snowstorms. Thanks to the Highway Department we have been able to get in and out of the parking lot. Our baseball team representing the Westport Legion has been very successful. The team is made up from our own talented ball players from the Westport area.

Officers and members of VFW Post # 8502 continue with their support to children activities. They support a little league baseball and basketball team as well as put on activities at Christmas. The fishing club donated bikes to the children at Christmas, and Santa also paid them a visit. They have a scholarship program and promote other school and children activities that help to educate our children. They meet on the third Sunday of the month at 9:30 AM and Chef Willie provides them with a class breakfast.

The DAV Chapter #118 donated scholarships to our children. We also donated a large flag to the Town Hall and donated two flags that fly at the Housing Authority 666 State Road. This unit is not as active as the others due to the age and the disabilities of the veterans. The membership is getting smaller but we are still active. Meetings are the second Monday of the month at 7:00 p.m.

Our V.V.A. Chapter #207 continues to support the Community with its Honor Guard. They have participated in over 3,000 ceremonies in our community. With their Fathers Day and Sweetheart fund raising breakfasts they earned and contributed scholarships this past year to local children.

We wish to thank all that have remembered our Veterans throughout the year. To the Veterans' Groups and their Auxiliaries thanks for their fine work, and for their support at all times. To a new group that came through for our Veterans and families during these financial hard times, I wish to thank the seniors at the Borden Street Apartments. Thank you for your unselfish donations of canned goods and gift certificates for the Veterans in this community. Thanks to Joe P. who provided the wheels and strength to deliver the goods and to Alice who put the baskets together. Last of all I wish to thank Mr. Slow from Dunkin Doughnuts for his contribution to the success of both Memorial Day and Veteran's day activities. Our Veterans and community appreciate your kindness.

Respectfully Submitted,

Joseph J. Aquilia, Commander
V.F.W. Post # 8502

ANNUAL REPORT OF THE WESTPORT CULTURAL COUNCIL

The Westport Cultural Council hereby submits its report for the year ending December 31, 2010. The council is currently comprised of the following members:

<u>Name</u>	<u>Role</u>	<u>Term Expires</u>
Joanne Daphnis	Treasurer	June 30, 2013
Nicholas Jansen	Secretary	June 30, 2011
Marianne Naedele	Co-Chair Helen Ellis Charitable Trust	June 30, 2011
Lino Rego	Member	June 30, 2011
Terry Somerson	Chair	June 30, 2012
Suzanne Thomlinson	Co-Chair Helen Ellis Charitable Trust	June 30, 2012
Carol Vidal	Ex-officio	
Elaine Ostroff	Ex-Officio	

The Westport Cultural Council administered two grant programs during the year 2010, with funding from the Massachusetts Cultural Council and from the Helen Ellis Charitable Trust, the latter of which is administered by the Bank of America. Following is a listing of the awards made under each program, their recipients, the program that it was under and the amount awarded.

Massachusetts Cultural Council: \$4,000 grant to eight organizations and/or individuals for partial or full funding of their programs:

Scott Jamieson	Performance at Westport Library	\$ 400
Southcoast Historical Associates	Colonial Life in 18 th Century	475
Westport Historical Society	Restoration & Conservation of Antique Rugs	500
Westport Elementary School	RISD Museum Visit	725
Westport Free Public Library	Sparky's Puppets	300
Jane Dufault	No String Marionette Company	550
Mass Audubon Society	Osprey Monitor	650
Westport High School	RFK & the Civil Rights Movement at the Z	400

The Helen Ellis Charitable Trust received \$15,000 of which was awarded to the following 13 organizations and/or individuals for full or partial funding of their programs:

Concerts At the Point	Performances by Escher Quartet	\$1,500
Martin W. Costa	Ballroom & Line Dancing	1,200
Westport River Gardeners	Westport Beautification	1,500
Westport Public Library	Big Joe's Halloween Show	250
Lydia Poole Barker	Wall Relief at Westport Library	1,200

Macomber Primary School	Gepetto & Son Musical @ BCC	1,025
Westport Historical Society	19 th Century Clothing Exhibition	2,100
Geraldine Millham	History of Westport Point	2,500
Westport Elementary School	RISD Field Trip for 4 th Graders	345
Westport Land Conservation Trust	Family Concert at Town Farm	2,000
Greater Tiverton Community Chorus	Grand piano Westport Community Schools	1,500
Westport River Watershed Alliance	Macomber School Garden	500

Respectfully submitted,

Terry Somerson
Chairperson

ANNUAL REPORT OF THE WESTPORT PUBLIC ACCESS TELEVISION

The following is a report of the Westport Public Access Television for the year ending December 31, 2010.

The vision of Westport Public Access is that the Public Access and the Government Access channels will be viewed by many of the Town residents for entertainment and to gain knowledge about Westport's past, present and future. It is hoped that these channels will be a valuable resource.

The mission of Westport Public Access Television is to provide programs that are interesting and informative. We provide a full schedule of a wide range of programming. We also offer training to Town residents on how to use the production facilities and assist them in getting their shows to the viewers to foster Town pride.

In 2010 improvements were made to the production equipment. Plans began for additional upgrades to the Westport Public Access Television system for the future. Plans also began with the Cable Advisory Committee and Charter Communications, which is the Town's cable provider, for the next contract renewal.

Channel 17

WACC 17 is the Town of Westport's Public Access Channel on Channel 17. It is offered free of charge for residents to air programs that they have produced. Any Town resident can take advantage of the services regardless of cable television subscription. Cameras and editing facilities are available for use. We have several people who currently use the equipment and airtime on a regular basis. Camera equipment is still loaned out and the editing facilities are used occasionally. Technology is changing rapidly and production equipment is available to consumers. Producers are using their own equipment and making programs at home and turning them in for playback.

The Public Access Channel can be found on Channel 17. It has a full schedule of programming. We offer close to 20 different programs a day and over the course of a week there are approximately 10 regular program series and many specials. Programming runs usually from 8:00 am – 10:00 pm, 7 days a week. Each show runs several times to allow for our viewers to watch the shows at their convenience. In 2010 we

continued to offer programming that is local, non-commercial and community-based. Many programs featured local history and historical figures, environmental issues, community preservation, the arts, travel, nature, social issues, health and safety issues, Veterans' issues, music, dance, business issues, church services, candidates' interviews, town parades, scenes from the Westport Fair, farmers, fishermen and other topics that reflected life in Westport and beyond. Some of the specific specials that were locally produced include the Fire Station Grand Opening, Firefighters at the Library, Elephant Rock Sand Sculpture Contest, Allens Pond Duck Derby, Wooden Boat Show, Handy House, Summer Art Camp, Lifesaving Station Restoration, Paul Cuffe history series, Flag Day, Memorial Day and 4th of July ceremonies and parades, lectures on Barn Restoration, Washingtonian Hall, Women's Historic Clothing, Arctic and Antarctic travels, among others. Program listings are now posted weekly on the Town's Website and the Chronicle Newspaper in addition to listings on the Channel 17 Community Bulletin Board.

Organizations represented in 2010 include the Allens Pond Wildlife Sanctuary, Westport Historical Society, Westport Fishermen's Association, Westport Point Neighborhood Association, Marine Corps League, Westport High School, Southeastern Regional Planning & Economic Development District, Westport Housing Trust, Fall River Area Chamber of Commerce, Massachusetts Medical Society, United Way New Bedford, Westport Public Library, Westport Fire Department, Westport Town Farm, WHALE, Family Service Association, Health First Family Care Center, Bristol County District Attorney's Office, Bristol County Sheriff's Office, American Red Cross of Massachusetts, Bristol Community College, UMASS Dartmouth, Diocese of Fall River, St. Anne's Hospital, South Coast Youth Corps, Massachusetts Department of Public Health and many others.

Our bulletin board features community notices from area non-profit organizations, and other messages of interest to the community. It is used extensively by area organizations, as well as Town departments to inform the public about events and notices. Messages to be posted can be sent to us by mail, fax or e-mail.

Channel 15

Channel 15 is the Town's Government Access Channel. We currently air the Board of Selectmen, Conservation Commission, Finance Committee, Planning Board and the Westport Historical Commission meetings on a regular basis. Recording and broadcasting of committee meetings expanded in 2010 to include the Ad-Hoc Committee on Town Government and the Budget Sub-Committee. Other meetings and specials aired during 2010 were the Annual Town Meeting and Special Town Meetings, Affordable Housing Trust Workshop, Alternative Energy, Water and Sewer, Zoning Board, State Ways and Means, Candidates' Night, Community Preservation Commission, Local election results, Town Planner Interviews, 40B Forum, ADA Policies and Procedures and the Board of Selectmen discussion on Special Town Meeting Warrant Articles. Archives are kept of the meetings. Program listings are posted weekly on the Town's Website and the Chronicle Newspaper in addition to listings on the Channel 15 Community Bulletin Board.

The camera operators producing these meetings and programs are: George Cataldo, Darleen Marsland, Steve Connors, Betty Slade and Valerie Bain.

The Channel 15 bulletin board features messages of interest to the community. It is used by Town departments to inform the public about events and notices. Messages to be posted can be sent to the Board of Selectmen's office.

ANNUAL REPORT OF THE WHARFINGER

The following is the Wharfinger's report for the year ending December 31, 2010.

Revenue generated into the Enterprise Fund from the 32 commercial fishing vessels that tie at the Town Dock is \$24,153.00 for the 1015 feet of space used. The money collected pays the dock expenses and the money owed to the Town for the Wharf Restoration project. The ramp at the Shellfish/Harbormaster float was repaired this year. This coming year we will probably be renewing the floats and the ramp as they are in need of repair.

Respectfully Submitted,

Gary Sherman
Wharfinger

WESTPORT COMMUNITY SCHOOLS

2010 TOWN REPORT

Annual Report of the WESTPORT COMMUNITY SCHOOLS

All Schools & Departments

2009-2010

Westport School Committee

<u>Member</u>	<u>Residence</u>	<u>Term Expires</u>
Russell T. Kleber	544 Main Road	2010
Eric Larrivee	5 Lighthouse Lane	2010
James Bernard	736 Sanford Road	2010
Michael P. Sullivan	1380M Drift Road	2011
Timothy P. Harrenstein	2 Lighthouse Lane	2012

Regular School Committee meetings are usually held on the second and fourth Wednesday of every month and are open to the public. The School Administration Offices are open from 7:30 a.m. to 4:00 p.m. Monday through Friday throughout the school year and 7:30 a.m. to 3:30 p.m. during school vacations.

Admission into school involves consideration of both chronological age and readiness to approach the challenge of a school program. The School Committee has established the following chronological minimum age requirements for entry into school:

- Children who will be three years of age on or before September 1 of the school year during which they wish to enroll will be eligible to enter the pre-school program;
- Children who will be five years of age on or before September 1 of the school year during which they wish to enroll will be eligible to enter kindergarten in September;
- Children who will be six years of age before January 1 of the school year will be considered for entry into grade one in September.

Transfer students from private and/or public kindergarten programs who have completed less than three months in a kindergarten setting will be required to follow the same entrance criteria.

**Annual Town Report
Dr. Carlos M. Colley – Superintendent of Schools
2009-2010**

Dear Westport Community Residents:

The 2009-2010 school year was my first as the Superintendent of the Westport Community Schools. I was attracted to work in this community because I was impressed with all that the schools had accomplished with so few resources. Up to two years ago, the schools performed at a high level and met most of their yearly state improvement goals. However, the FY09 state MCAS results that we received in 2009-10, showed that the slow erosion of educational resources was beginning to show its effects in the schools. The Westport Middle School and Elementary School did not meet their targets. The trend of going from high performance and not meeting improvement targets had begun.

A community-wide effort to highlight this trend and its relationship to resource levels resulted in a reworking of the district's Vision and Mission Statements, along with a refinement of the district's Core Values. The Core Values represented what the community wanted from their schools and what they believed the schools could achieve.

Vision & Mission Statements

Vision Statement: The Westport Community Schools will strive to be a model district that provides opportunities for all students to think critically and communicate effectively in order to achieve their highest potential. Our graduates will possess the skills required to become responsible and contributing citizens in a rapidly changing world.

Mission Statement: The mission of Westport Community Schools is to inspire, prepare and challenge our youth through a rigorous, differentiated and relevant curriculum that extends beyond the classroom to include experiences in the community and that nurtures the academic, artistic, physical and social potential of every student.

Core Values

Student Achievement: We have high expectations for students to achieve their highest individual potential, but understand that students reach these expectations at different rates and in different ways.

Personal Growth: The purpose of education is to nurture student development beyond core academics enabling students to become confident, self-reliant learners and productive, responsible citizens in a diverse world.

School Climate: A healthy, safe, and structured environment is essential to learning.

Community Partnerships: The achievement of our educational goals is dependent upon the development of an active and dynamic partnership among teachers, students, and parents, along with the community and local businesses.

Resources: It is the responsibility of the entire community to provide the resources, facilities, materials, and personnel to ensure academic excellence based on sound educational research.

As the 2009-10 school year started, it was clear that it was going to be difficult managing the financial affairs of the district and the possibility of several unfunded liabilities in the area of Special Education. These unfunded liabilities were in the vicinity of hundreds of thousands of dollars. Although the schools complied with the Town's request to cut their appropriation by approximately \$80,000, the schools had to return to the Town for a Special Town Meeting to request about \$140,000 from the Stabilization Fund. This was to help meet the special education needs of the schools. Of these funds, the school returned \$60,000 to the Town (with the suggestion that the funds be returned to the Stabilization Fund). With the help of Federal Stimulus Funds, the district was able to minimize the impact of other funding cuts.

The message is clear: The schools cannot continue to perform at a high level without the financial support from the Town to put programs in place that are needed for such things as special education, remediation, tutoring and afterschool help, as well as for keeping class sizes at a reasonable level. Staff performance will be adversely affected if we do not maintain their level of expertise in the academics and in classroom management (which directly affects school climate) through professional development. Materials such as technology, books and equipment are also in danger of becoming obsolete and no longer usable. If we want to be true to our vision, mission and the values we hold dear for the schools, the community needs to come together even in this difficult economy to support the schools.

The erosion of programs and support continues. In preparation for the 2010-11 school year, the district prepared a budget that cut administration (3.2 FTE) and teaching staff (6 FTE) to secure the programs needed for special education students and maintain as many of the core academic programs as possible. In addition, the fees for sports were increased in order to maintain the same number of offerings as in 2009-2010. The staffing changes also necessitated the change in schedules at the Westport High School and the Westport Middle School for the 2010-2011 school year. These changes could have been prevented by the passage of the override proposed by the schools.

In the end, the Vision for the schools can only be achieved to the degree that the necessary resources are provided. It is hard to maintain the performance we are used to (let alone look for improvements) in the midst of cuts. So I will close with my response to a sentiment repeated often to me by folks in Town: When I am told that it is difficult to garner support for the schools in the Town, I respond with, "And WHO is the Town?" Is it not those who value education to such an extent as to get actively involved and committed to securing the resources needed? Is it not participating in Town Meeting, voting in elections and encouraging others to do the same? I am a part of the Town. I pay my taxes and I am fully invested in the schools. I ask that others join the schools and that together we build a future for our students with more opportunities, not less.

Sincerely,

Dr. Carlos M. Colley
Superintendent of the Westport Community Schools

Alice A. Macomber Primary School
Susan Wilkinson, Principal
2009-2010

General Statement

We all share in the ongoing investment to ensure that our children successfully meet educational standards in the early grades. Essential in a good plan is providing, facilitating, and initiating meaningful and authentic opportunities and experiences to help children understand the world in which they live and grow. Young children learn best through active participation and experience. High-quality early childhood education is not just an ideal; it's an essential investment. Missed opportunities can put children behind and create barriers to achievement that can last through high school.

Giving children the right start greatly enhances their opportunities to succeed. Strong early learning leads to less remediation throughout the education system, which benefits students and families during the children's school years and beyond. Well-designed, high quality programs can support the development of higher level thinking skills that help children learn how to learn.

School Programs

All preschool and kindergarten classes are located at the Alice A. Macomber Primary School, 154 Gifford Road. The Macomber School houses five full-day kindergarten classrooms, nine sessions of preschool and a multi-age special education classroom. Children at the Macomber School are allowed to be successful with classroom experiences geared to their natural level of development. Macomber is a school that specifically accommodates the full range of abilities of young children. The use of a developmentally appropriate curriculum, as well as learning materials specifically geared to this age group, allows children to reach their greatest potential. This approach is consistent with the fundamentals of child development and emphasizes the belief that all children can learn.

Parents may enroll their children in the preschool program for two, three, or five half-day sessions a week, or two or three full-day sessions per week. A sliding-fee scale for the preschool is available as one of our Early Childhood initiatives. This year the preschool program had an average of 119 students enrolled. Children identified with special needs are entitled to attend the program free of charge, and programs are developed to meet the individual needs of each child. The school budget, Coordinated Family and Community Engagement Grant #391 and tuition fees support the preschool program.

Full-day kindergarten has been in place since FY 2000 and continues to be a positive and welcoming environment for our young students. Tutoring services are offered by a part time reading specialist and a part time Title I paraprofessional to approximately 30 at-risk students. This year the kindergarten program had an average of 121 students enrolled. The school budget, Department of Elementary and Secondary Education Grant #701, and Title I funds collectively support expenses for full-day kindergarten.

Daily lessons and school-wide activities for the preschool and kindergarten programs are developed to meet the criteria and benchmarks set forth by the Massachusetts Curriculum Frameworks standards and support NAEYC guidelines. The content of the curriculum reflects a balance of all areas of learning offered in an integrated manner and reflects the holistic nature of how young children learn and develop.

Parents and Community

Connections with local partners provide our community schools with a rich and continuous source of service and support. The Alice A. Macomber Primary School attempts to promote partnerships and increase parent participation in many ways, which include: encouraging parents to volunteer time at school; supporting an active PTO; and participating as an active member of the School Council. Our outreach efforts continue to explore the expansion of our partnerships with community based organizations that currently include Fall River Public Schools' Early Childhood Services, the Fall River Head Start and Early Intervention Programs, Westport High School's internship program, Lees Supermarket, and the Westport Police and Fire Departments.

Outreach efforts during the 2009-2010 year included a series of parent workshops, evening events, and programs that encouraged the participation of extended family members and friends. Efforts in this area have intensified throughout the years and will continue to be a goal in the future. All staff members have been instrumental in building a school climate that is inviting to parents and community members.

Curriculum and Instruction

High-quality programs, such as the one provided at the Macomber School, provide learning experiences that keep instruction grounded in children's interests and are developed around themes that unite learning in several disciplines. Teaching strategies at the Macomber School reflect the knowledge that young children are active learners, drawing on direct physical and social experiences to construct their understanding of the world around them.

Children's approaches to learning – their curiosity, motivation to learn, and pride in accomplishments—are keys to success in school achievement and beyond. The goal of the Early Childhood Team has been to develop instructional and non-instructional activities that will provide a nurturing and supportive school experience for the young learners in our care. Students are currently using a reading and math series based on the Massachusetts Curriculum Frameworks published by the Scott Foresman Company. These curriculum materials are used from Kindergarten through the sixth grade. This curriculum source gives staff and students access to the most current materials and provides continuity of instruction through the grades. At the Macomber School a curriculum committee, made up of teachers from the Macomber and Westport Elementary Schools, the Macomber administrator and district curriculum administrators meets monthly to discuss curriculum, transition, and supportive initiatives. The aim of the committee is to offer a child-centered learning environment with a curriculum that is both age-appropriate and individually appropriate. Additional technology equipment, including hardware and software, was purchased again this year to support curriculum instruction. Additional classroom furniture, manipulatives, books, and classroom supplies also were purchased through grant funds during the FY10 school year.

Success Indicators

Professional development opportunities for staff at both the school level and at the system level were successfully planned and implemented. As a result, grade-level teams as well as cross-grade-level teams developed lessons that meet both NAEYC standards and the Massachusetts Curriculum Frameworks objectives. These lessons have provided students with access to high-quality instruction and have been instrumental in improving students' success rates.

Extracurricular Programs

Lees Supermarket monthly events, PTO sponsored events, and various weekend and/or evening special events were offered throughout the year.

Facilities

Through a program of regular and thorough maintenance, the Macomber School is in good condition. Renovations and improvements were made to both the inside and outside of the building. A structural defect was discovered in a beam in the cafeteria in May 2010. This led to the closing of the cafeteria. Plans began for repairs.

Closing Statement

Although each of the four schools is different, we share a number of program features that support Massachusetts Curriculum Frameworks objectives. We have worked at developing clear benchmarks that indicate where we are on the road to success for each and every student. At the Alice A. Macomber Primary School, goals are to maintain and enhance educational quality; to continue positive momentum and enhance public relations; to create greater academic and co-curricular opportunities for students; and to continue to obtain alternative funding sources. The staff at the Macomber School is looking forward to providing even more high-quality early childhood programs that will meet a wide range of student and family needs. Curriculum activities will continue to be soundly based in the Massachusetts State Frameworks and NAEYC standards. Staff will continue to strive to develop curriculum and lessons based on the following nine key areas that align with the National Board Teacher Certification standards:

- Understanding young children
- Equity, fairness, and diversity
- Assessment
- Promoting child development and learning
- Knowledge of integrated curriculum
- Multiple teaching strategies for meaningful learning
- Family and community partnerships
- Professional practice

We know that children want to learn. We know that each and every child is capable of learning. We know that growing and learning and aspiring require support and encouragement in the early years. The challenges now facing the early childhood community are immense, yet we cannot allow these obstacles to deter us in our advocacy on behalf of young children and families. Making our vision a reality requires commitment through partnerships among all stakeholders. Now is the time to join forces and advocate for policies and financial investments that will lead to excellence in early childhood education programs that are available and accessible to all children and families.

Westport Elementary School
Alec Ciminello, Principal
Submitted by, Susan Wilkinson, Principal
2009-2010

General Statement

Westport Elementary School places student achievement and success as the basis for every change and initiative. Again this year, we have reviewed the data of our ITBS (Iowa Test of basic Skills) and MCAS (Massachusetts Comprehensive Assessment System) results and utilized them to assess curriculum and student achievement. As result, Westport Elementary School has developed an action plan for improved student success on a class-by-class basis. We remain committed to the philosophy that all children can achieve success.

The population of Westport Elementary School is as follows: (There are six classrooms per grade)

GRADE	BOYS	GIRLS	TOTAL
1	63	57	120
2	79	54	133
3	77	66	143
4	66	83	149
School Total	285	260	545

In compliance with the District wellness policy, the elementary school has continued the practice of having recess prior to lunch.

Student Achievement

I. ITBS Test Results

The ITBS (Iowa Test of Basic Skills) was given to each student in grades 2-4 in September 2009. The results were as follows:

Grade	Total Reading Scores (Grade level average)	Total Mathematics Scores (Grade level average)
1	Not administered at this grade level	Not administered at this grade level
2	2.6	2.2
3	3.8	3.6
4	5.3	5.3

II. MCAS Test Results

The Massachusetts Comprehensive Assessment System was given to students in grade 3 and 4. Grade 3 completed Reading and Mathematics while grade 4 completed testing in English Language Arts (including a long composition), and Mathematics. The tests completed will help the school assess growth during the next school year and the effectiveness of the district curriculum.

GRADE/ TEST	ADVANCED/ ABOVE PROFICIENT	PROFICIENT	NEEDS IMPROVEMENT	WARNING/ FAILING
3 READING	12%	49%	31%	8%
3 MATHEMATICS	23%	48%	23%	6%
4				

ELA	13%	55%	26%	6%
4 MATHEMATICS	28%	36%	32%	5%

Westport Elementary School will continue to align teaching strategies that enable our students to utilize critical thinking skills and rely less on rote learning and memorization. We have increased the expectations of student writing through professional development and teacher directed curriculum revision. Westport Elementary School remains committed to providing the most current strategies and training to prepare our students for success.

It is important to be cognizant of the fact that no one standardized testing instrument is indicative of a student's overall performance. Rather, a district and school collection of formative and summative assessment data must be regularly monitored to evaluate effectiveness of curriculum.

Curriculum

Teaching and Learning is the focus of all school improvement. Many hours have been dedicated to aligning our curriculum to the Massachusetts Frameworks. The school has implemented a standards based report card, grade level benchmarks and we are beginning to transition our curriculum into units of study.

Westport Elementary School will continue to strive for excellence in teaching and equitable opportunities for learning. We are committed to the continued development of a vision, programs, and policies that ensure the common purpose of improving achievement for all students.

Westport Middle School
Ann Marie Dostou, Principal
Submitted by, Alec Ciminello, Principal
2009-2010

General Statement

Westport Middle School had an excellent academic year. Westport Middle School students participated in two competitive academic events, Massasoit League Spelling, and Math Competitions were held twice during the school year, with middle school students excelling and winning the Math competition. Our geography team competed in the Southeastern Massachusetts Geography Fair held at Bridgewater State College in the fall. Our eighth grade class continues to visit and participate in the Science program offered at the Christa

McAuliffe Space Center at Framingham State College. Our entire seventh grade went to see a Christmas Carol at the Trinity Repertory Company. The number of students qualifying and participating for our grade 8 Algebra program increased. We also saw an increase in our MCAS scores in all grade levels and subject areas.

Enrollment

As of June 2009, the enrollment at the Westport Middle School was 606 students. Our average class size in grades 5 thru 8 ranged from 23-30 students. The enrollment by grade level was as follows: Grade 5, 133; Grade 6, 148; Grade 7, 150; and Grade 8, 175.

Staffing

The staff of the Westport Middle School included the following: one (1) principal, one (1) assistant principal, two (2) guidance counselors, one (1) nurse, three (3) full-time office staff, forty-four (44) classroom teachers (includes regular education and special education teachers), one (1) library media specialist, one (1) library media paraprofessional, four (4) paraprofessionals, five (5) teaching assistants, and one (1) campus supervisor.

Curriculum

The continued focus of our curriculum work was to expand the written curriculums to include units of study with challenging performance tasks at all grade levels and subject areas. Literacy support continued through incorporating reading and writing in the content areas of mathematics, social studies and science as well as English language arts. Our Algebra One program continued with two grade eight classes. Support in the form of tutoring was provided to many of our students struggling in mathematics.

We continue to offer our students relevant and informative assemblies on an ongoing basis in the following areas: theatre Arts, anti-tobacco issues, health programs, bullying programs, substance abuse, anger management, storytelling, poetry, etc. We thank the Westport Arts Council, The Concerts at the Point Group, Westport River Watershed Alliance, and the Westport Middle School Association for continuing to provide funding for these worthwhile activities that have been a great benefit to all of our students.

After School and Other Student Activities

Students were able to participate in an exciting after school program during the 2009-2010 school year. The following after school activities were offered during the school year:

Art Club	National Junior Honor Society
Baseball	Soccer
Boys' and Girls' Basketball	Science Club
Cheering	Softball
Choral Club	Spelling Team
Collectors' Club	Stage Band
Drama Club	Student Council
Field Hockey	Variety Show
Geography Club	Volleyball
Homework Club	Yearbook Club
Math Team	

Our music program included approximately 270 students who participated in our chorus and band programs. Our band marched in Westport's Memorial Day Parade. We also saw an extremely successful and well received production by our drama club of *Aladdin*. Sixty students acted, sang, or were behind the scenes to make the show a success. In addition to the after school activities, we have continued the house competition

between the students of the green, purple, and red houses. The culmination of this competition was an extensive student activities day including a movie, dance, and pizza party that was provided to the purple house students in June. These activities were made possible through the School Climate Committee that was established by a group of staff members who volunteered to develop and implement activities to promote school spirit and social opportunities for our students. We also coordinated our 7th Annual Field Day, which has quickly become the most popular one-day program for the entire student body. We enjoyed our annual eighth grade trip to Washington, D.C. for the sixth time in 13 years. Over the first weekend in June, one hundred forty students and twenty-one chaperones visited various educational points of interest in our nation's capitol and Philadelphia, Pennsylvania. Westport Middle School would like to thank the Westport Middle School Association for their generous donation towards the cost of this trip, and the Westport School Committee for allowing this trip to take place.

Parents and Community

Westport Middle School is fortunate to have an outstanding parent group called the Westport Middle School Association. During the past school year, they assisted us in raising funds to provide social and cultural activities above and beyond the normal curriculum to ensure that our students received every educational opportunity available to them. They also volunteered in classrooms, the media center, and other areas of the school. The Westport Middle School Association also sponsored assemblies related to educational issues.

The Westport Middle School Association, in conjunction with members from the community, sponsored the 9th Annual Pancake Breakfast. More than 275 people attended this function, which brought the entire community together. Our Art Club exhibited student artwork at this breakfast and the WMSA also sponsored a used book sale.

Finally, the Westport Middle School Council spent many hours developing a comprehensive School Improvement Plan that will be implemented during the 2009-2010 school year.

Closing Statement

The entire Westport Community can take pride in the educational program offered to its youth at Westport Middle School. The achievement that these students exhibit continues to be positive though there are still academic areas that need improvement. Any area in need of improvement will be addressed through assistance of parents, community, curriculum specialists and particularly students. The staff of the Westport Middle School is committed to establish excellence in education and a truly outstanding educational program for the middle school students in Westport. By working together we can meet any challenges of the upcoming school years.

Westport High School
Cheryl Tutalo, Principal
2009 - 2010

Opening Statement

As we continue to use the New England Association of Schools and Colleges Accreditation Standards to guide our school improvement initiatives, we prepared our Pre Self-Study Report. The purpose of the report is to document that Westport High School is appropriately prepared for its upcoming self-study. Two veteran

WHS teachers, Debra August and Kevin Clark served as co-chairs of the Pre Self-Study Committee and every faculty member served on a sub-committee.

On April 22, 2010, we received notice that The Commission on Public Secondary Schools reviewed our report and continued the school's accreditation. The Commission was pleased to learn the following:

- The biannual review of the school's mission and expectations for student learning
- The use of a feedback form to solicit input from the school community
- The quarterly meetings by teachers on the Standards' committees to ascertain the work needed to prepare for the 2013 evaluation visit
- The communication of the achievement of most of the school wide academic expectations to individual students and their families

In preparation for the 2013 visit, WHS needs to align the curriculum to the schools 21st century learning expectations and have in place a process to assess the progress of all students in achieving these expectations.

As a result of our Pre Self-Study work, the expectations for student learning have been revised and include the following:

Academic

All students should acquire, integrate and apply enduring understandings, knowledge and skills.

All students should read, write and communicate effectively.

All students should use higher order thinking skills to solve complex problems.

All students should use media and technology effectively.

All students should study and work independently and collaboratively.

Social

All students should demonstrate personal and social responsibility.

Civic

All students should demonstrate civic responsibility.

Twenty-seven seniors qualified for the John and Abigail Adams Scholarship. This scholarship, which recognizes high academic achievement on the MCAS tests, entitles the student to four years of free tuition at a state or community college.

School Program

The student enrollment was 589. This consisted of 113 seniors, 118 juniors, 125 sophomores and 133 freshmen. Class size ranged from 6 to 30. Our staff consisted of 42 classroom teachers, 1 Library/Media specialist, 1 Library/Media paraprofessional, 2 teaching assistants, 1 para-professional, 3.5 clerks, 1 executive secretary, 1 campus supervisor, 1 nurse, 2 guidance counselors, 2 school adjustment counselors, 1 Director of Guidance, 1 Director of Athletics/Activities, 1 Assistant Principal and the Principal.

Success Indicators

85 percent of the graduating class of 2010 indicated that they would be continuing their education. 44 percent planned to attend a four-year college. 41 percent will attend a two-year college. Commander Antonio DeFrias, Class of 1984, gave the commencement address at graduation on June 19, 2010. This year's graduates received over \$65,000 in scholarships at our Awards Night on June 16, 2010. Scholarships were supported by community organizations, local businesses, and local citizens. Thirty students participated in the AP exams in May.

Athletics

The 2009-2010 school years were once again spectacular for our "Wildcat" athletes and coaching staff. Our athletes played competitively throughout the year and captured an unprecedented seven Mayflower League Championships. Two teams, boys' soccer and boys' basketball were undefeated champions. The fall of 2009 was highlighted by the crowning of the boys' soccer team as "Undefeated Mayflower League Champions." The boys' qualified for the MIAA tournament and went on to defeat Cohasset, Bourne, and Harwich (overtime: penalty kicks 4-3). In the final round of the South Section the boys' played diligently but were defeated by Cardinal Spellman High School by a score of 2-1. The JV boys' soccer team under the leadership of new coach, Leland Snyder compiled an overall record of 8 wins, 4 losses, and 1 tie. Our Bishop Connolly/Westport co-op girls' soccer team had a great season and also qualified for the state tournament. Unfortunately, they lost to a powerful Duxbury High School in the first round. During the fall season, WHS graduate and PE/Health teacher Kristy Tripp replaced Glenn Lincoln as head volleyball coach. Replacing assistant volleyball coach Celia daLuz was Westport Middle School Health teacher Jennifer Larkin. Both volleyball teams worked hard and improved as the season progressed. Veteran golf coach Gus Cariglia's team represented WHS with good sportsmanship on the links.

Special thanks to the Acoaxet Club for allowing our golf team to utilize their beautiful course. Our Bishop Connolly/Westport co-op field hockey team, again led by Ann Vigeant and Jennifer Farias had many memorable moments throughout their season. Keep in mind that the field hockey team competes in the very competitive Eastern Athletic Conference. Our Bishop Connolly/Westport co-op football team played hard under head coach Frank Sherman. A total of 21 students from WHS participated in the Cougar football program.

The winter of 2009-2010 brought two more Mayflower League Championship banners to Westport High School. The boys' basketball team led by coach Scot Boudria won consecutive "Undefeated Mayflower League Championship" titles with a perfect record of 10 wins. The team qualified for the MIAA tournament and gained the top seed position. After receiving a bye in the preliminary round, the boys' went on to defeat West Bridgewater, Harwich and Hull. In the final round of the South Section, they again met arch nemesis Cathedral High School at U-Mass Boston and were defeated for the third consecutive year! The varsity basketball team ended their season with an overall record of 22 wins and 4 losses. It should be noted that varsity boys' basketball player Matthew Medeiros became Westport High School's first-ever recipient of the prestigious Dave Cowens Basketball Achievement Award. Matthew also became the 6th male athlete to join the elite 1,000 career point club. Matt ended his high school basketball career with a total of 1,128 points (4th all-time). Matt also claimed the title of most points in a game (47 points) and most three pointers (11 out of 15) on February 9, 2010 at Chatham High School. It should also be noted that Matt never missed a basketball game throughout his high school career. The JV boys' basketball team again led by Coach Arthur Goyette compiled an overall record of 15 wins and 5 losses. The freshmen boys' basketball team led by newcomer Logan McNamara compiled an overall record of 10 wins and 2 losses.

The girls' basketball team led by veteran coach Glenn Lincoln was also crowned as Mayflower League Champions. They compiled a league record of 7 wins and 1 loss. Overall, the Lady Wildcats compiled a record of 15 wins and 7 losses. They qualified for the MIAA tournament and went on to defeat Southeastern Regional High School in the preliminary round then traveled to Nantucket High School and were defeated by the tall and powerful Islanders. For his effort, Coach Lincoln was named Mayflower League Division One Basketball Co-Coach of the Year. It should also be noted that Coach Lincoln earned his 500th varsity win during the season against Bishop Stang. The JV Lady Wildcats were again coached by Celia da Luz. Her junior Cats played competitively throughout the season and were ready to assist the varsity program when called upon.

The Lady Wildcat cheerleaders were again led by veteran coach Carol Sunderland and her volunteer

assistant Ashley Estacio. This year the team was comprised of 17 cheerleaders and one “anonymous” mascot. The cheerleaders proved to be the “sixth man” for our basketball teams. Their spirit, dedication, and cheers were appreciated by all.

It should be noted that our Dartmouth/Westport co-op Ice Hockey program ended since Dartmouth now has sufficient players for their teams. Fortunately, the sole remaining Westport player on the team will be allowed to continue as part of the Dartmouth program until he graduates.

The spring 2010 season was highlighted by four Mayflower League championships, three WHS athletes being named the “Most Valuable Player” in the Mayflower League, and our first ever Girls’ Tennis Championship team. Led by veteran coach Bill Bernier our girls’ tennis team captured the Mayflower League championship with a league record of 11 wins and 1 loss. Overall, the girls’ tennis team compiled a record of 14 wins and 7 losses. They qualified for the MIAA tournament and went on to defeat Carver High School and Ursuline Academy; in the semi-final round of the South Section our Lady Wildcats were defeated by perennial powerhouse Old Rochester Regional. It should be noted that this was the first championship ever for our girls’ tennis team after nearly 15 seasons of play! Chelsea Rosa, number 1 singles player, was honored as the Most Valuable player in girls’ tennis by the Mayflower League. The boys’ tennis team coached by Tom Clark captured their second consecutive Mayflower League Championship. This is their fourth championship in the last five years---well-done! The boys’ tennis team compiled a league record of 13 wins and 3 losses and an overall record of 15 wins and 4 losses. The boys’ team also qualified for the MIAA tournament and unfortunately suffered a first round loss to Coyle-Cassidy High School. It should be noted that number one/two singles player Tony Machairas was selected as the Most Valuable Player in boys’ tennis by the Mayflower League.

Led by veteran coach Glenn Lincoln our Wildcat baseball team earned their sixth consecutive Mayflower League Championship with a league record of 12 wins and 2 losses. Overall, the boys’ compiled a record of 18 wins and 5 losses. They qualified for the MIAA tournament defeating Nantucket High School and Bishop Connolly High School. Unfortunately, they were defeated by Harwich High School despite a grand slam by Chris Rosa. For his effort, Coach Lincoln was named Mayflower League Division One Coach of the Year. It should also be noted that baseball pitcher Nicholas Friar became the first ever Westport High School baseball player to earn a scholarship to the prestigious Division One Northwestern University. In addition, Nick was named the Most Valuable Player in baseball for the Mayflower League Division One. The JV Wildcats led by Coach Chris Warren had another successful season compiling an overall record of 11 wins and 6 losses.

Our Bishop Connolly/Westport co-op boys’ lacrosse team coached by Justin Shay also earned the Mayflower League Championship banner. Overall, they compiled a record of 13 wins and 3 losses. They qualified for the MIAA tournament and unfortunately loss in the first round. A total of six WHS boys played on the co-op team.

Our softball team coached by veteran coach and WHS Hall of Famer Kim Rego missed a playoff berth by one game. It should be noted that the softball team compiled an overall record of 8 wins and 12 losses.

With the spring season came the introduction of another Bishop Connolly/Westport co-op program. Westport High School sent nearly 25 athletes to Bishop Connolly as part of our spring track co-op program. Freshman standout Layla Moran qualified for the MIAA tournament and represented both schools admirably.

The Westport High School Athletic Boosters continue to supplement our sports program in a variety of ways.

In August of 2010, after 33 years of dedicated service as a teacher, coach, acting principal and Director of District Athletics and high school Student Activities Gail M. Silvia retired.

Student Activities

During the 2009-2010 school years approximately 250 students participated in our student activities program. Club offerings included: Student Council, School Improvement Council, School Committee Delegates, Regional Student Advisory Council, Senior-Junior Prom Committee, National Honor Society, Key Club, International Exchange Club, Newspaper Club, Math Club, Drama Club, Yearbook Club, Art Club, SADD (Students Against Destructive Decisions), Book Club, Concert Choir and Concert Band. Under the

guidance of dedicated advisors our students enjoyed many memorable moments throughout the school year.

With the assistance of retired staff from the Westport School District and Community residents our Student Council elections were held in early October. Throughout the school year our students and staff participated in numerous fundraisers and events. These included: Student Government Delegate Day, Day on the Green, Homecoming Dance, Halloween Costume Dress-up Day, Muscular Dystrophy Walk in memory of Matthew Reed, Harlem Wizards Benefit Basketball game, hypnotist Frank Santos, Spirit Week, PAWHS-PTA Crafts Fair, Amanda Tripp Scholarship Run, Walk for Hunger, Westport Lions Club, MS Walk, Blood Drives, Pennies for Patients, UNICEF, Senior-Junior Prom, and Penny Wars. Our students sold "Villager" newspapers, carnations, water bottles, pizza cards, yearbooks, Dorothy Cox candy bars, Red Sox game tickets, and school spirit items and clothing.

Our Art Club students produced numerous works and with the assistance of their advisor including the props for the Dram Club Production of "You're a Good Man, Charlie Brown."

The WHS Chapter of the National Honor Society inducted 28 new members in early February. The guest speaker for the Induction Ceremony was the teacher of the year, Scott Atkinson, science teacher. In addition, 35 sophomore honorees were recognized for academic excellence. Throughout the year, NHS members offered free tutoring to many students. In addition, members worked collaboratively with the American Red Cross and the South Coast Hospital Group to sponsor two Blood Drives at Westport High School. NHS members also participated in various walks throughout the school year.

The Key Club worked diligently to provide assistance to those in need throughout the town of Westport. They sponsored food, clothing, and toy drives during various holidays. They donated funds to Lees Supermarket to purchase food baskets for the needy. They volunteered with the Westport Watershed Alliance to clean up the area beaches. It should be noted that the WHS school community was very generous throughout these drives. Also, in the spring of 2010, the International Exchange hosted a group of Japanese students for approximately ten days.

The "Villager" newspaper continued to garner state, regional, and national awards. For the 13th consecutive year, the "Villager" earned first place in the NESPA competition. The Literary Villager also earned first place in the ASPA competition. The Villager Focus was also recognized for various articles of interest. Our Math Club competed in four meets and continues to show improvement. Our Drama Club produced a spring musical, "You're a Good Man Charlie Brown".

Members of SADD sponsored a Health Fair, Grim Reaper Day, Walk for Matt, Seatbelt campaign, "Eighty-Four" (anti-smoking initiative), Concert Choir and Band returned to Westport High School to the joy of many. Students provided musical selections during the winter and spring concerts. Special thanks to the Music Boosters for their continued support!

Parents and Community

PAWHS, the parent association of Westport High School, enjoyed another successful year. PAWHS also continued to sponsor Drivers' Education classes at Westport High School and to sponsor scholarships for deserving seniors.

Closing Statement

Students at Westport High School continue to receive the best possible education through the day to day efforts of the staff, parents and community. On-going fiscal support is necessary in order to maintain this level of educational and extracurricular programs.

Curriculum, Instruction, Assessment and Professional Development

Dr. Marjorie Condon

2009-2010

Opening Statement

Curriculum staff, teachers, principals, and other administrators worked together to pursue the district's core value in the area of student achievement, which is to have high expectations for students to achieve their highest individual potential, while understanding that students reach these expectations at different rates and in different ways. Our goal was to maintain rigor and challenge in the curriculum while differentiating the instruction to provide a variety of approaches and supports to help all students succeed. In keeping with national educational initiatives, the district focused on developing 21st century skills that will ready students for college and careers. Local, state and national assessments were used to evaluate the success of our efforts and to identify the needs of individual students. Textbooks and instructional materials were updated as needed. Through professional development opportunities offered within and outside the district, teachers and administrators learned about current, best teaching practices and participated in school improvement efforts and decision making.

The curriculum department underwent changes in staffing this year in order to put more curriculum support in the schools while streamlining operations and limiting administrative costs at the district level. The position of curriculum director was changed to assistant superintendent for curriculum and instruction, and the full-time positions of math/science coordinator and English language arts coordinator were taken over on a part-time basis by assistant principals and classroom teachers.

Student Achievement

MCAS

In spring 2010, Westport students participated in the annual Massachusetts Comprehensive Assessment System (MCAS). MCAS tests in English Language Arts, Mathematics, and Science and Technology/Engineering were administered to students in grades 3-10. Results are reported in one of four performance levels: *Advanced*, *Proficient*, *Needs Improvement* and *Warning/Failing*. In the percent of students scoring *Proficient* or higher, Westport met or outperformed the state average on sixteen of the seventeen tests. Compared to three years ago, scores were higher on every test, often by significant amounts. The results showed that students' performance has increased as they have progressed through the grades. Of high school test takers, 62 percent scored proficient in English language arts in elementary school, whereas 84 percent of them scored proficient by the time they reached tenth grade. In mathematics, 43 percent scored proficient in elementary school, whereas 76 percent scored proficient by tenth grade. Because MCAS performance has been going up in the lower grades in recent years, the district expects to see scores continue to rise at the high school.

The following table shows students scoring at each level of the MCAS assessments and the change from 2009 to 2010 in the percent of students scoring *Proficient* or higher.

2010 MCAS Scores by Percentage of Students Scoring at Each Level					
	Advanced	Proficient	Needs Improvement	Warning/Failing	Change from 2009
English 3	13	49	30	9	+4
English 4	14	56	26	4	-5
English 5	9	56	29	6	+1
English 6	16	54	22	8	+1
English 7	9	63	21	7	-11

English 8	13	66	16	5	-7
English 10	17	67	14	2	+3
Mathematics 3	24	49	22	6	0
Mathematics 4	29	36	32	3	+9
Mathematics 5	27	38	28	8	+10
Mathematics 6	19	35	31	15	-4
Mathematics 7	13	42	29	16	+1
Mathematics 8	23	29	30	17	-2
Mathematics 10	40	36	19	5	+3
Science 5	14	51	32	3	+5
Science 8	3	48	39	10	-4
Science & Tech 10	16	50	29	5	+7

AYP Reporting

In addition to releasing MCAS results, the Department of Education also issues Adequate Yearly Progress (AYP) reports each fall. AYP reports indicate that the district as a whole made its requirements in English and mathematics and received a performance rating of high in both subjects. The high school also met AYP targets and received a rating of very high in both subjects. The middle school did not make AYP in English; however, its performance rating remained high. In math, the school's performance improved over the previous year but not enough to meet AYP target and was rated as moderate. The elementary school made AYP in math and not English, but it was rated as high performing in both areas.

National Standardized Testing

The district annually administers the *Iowa Tests of Basic Skills (ITBS)* in reading, language and mathematics to elementary and middle school students in grades 2, 3, 4, 6 and 8. The *Iowa Test of Educational Development (ITED)* is administered to students in grade 9. The results compare Westport students in general to students nationally and provide teachers and parents with information about the achievement of individual students. The tests administered in fall 2010, were a measure of student achievement for the 2009-10 school year. On this testing, students scored at or above the national average in every grade and subject area. (The national average is a score of 50th percentile on a scale of 1-100.) Results for 2010 are shown in the following table.

ITBS/ITED	Reading	Language	Mathematics
Grade 2	68%ile	56%ile	51%ile
Grade 3	68%ile	65%ile	62%ile
Grade 4	72%ile	68%ile	71%ile
Grade 6	66%ile	54%ile	67%ile
Grade 8	60%ile	53%ile	60%ile
Grade 9	60%ile	60%ile	60%ile

Curriculum and Instruction

The schools are always reviewing and revising the curriculum. The process begins with thinking about the skills students need to be successful in an ever-changing world, and then determining what is important for students to know before they leave a grade level, progress from one school to another, or go off to college. State-wide curriculum frameworks determine the content and skills to be covered in each grade, but individual schools and the district determine the specific way this content will be framed and delivered for students. Westport has put in place a process for ensuring a consistent curriculum for each grade and discipline, to provide faculty with a road map of what students are to know and be able to do. The process involves designing the curriculum in meaningful units of study detailing what students will know, how they will be assessed and how they will be taught. The district has adopted the "Understanding by Design" curriculum model, which is recognized nationally and used by the state. Teachers are given time and support to work collaboratively on creating units of study designed to meet the specific learning needs of the students of Westport while addressing mandated state and federal standards. The curriculum units specify instructional

practices for students who have different learning needs and include assessments that can yield data on how well students have met the curriculum expectations.

To support ongoing work on the curriculum, curriculum leadership teams in English, math, history and social science, and science and technology/engineering met monthly during the year. The teams are comprised of teachers and administrators from all levels, who oversee the five-year curriculum review cycle for each subject area. This year, the comprehensive review of the preK-12 English language arts curriculum began and the review of mathematics continued under the direction of the leadership teams.

In order to differentiate the curriculum to meet student needs, the district implemented several intervention programs to help students succeed in the grade level curriculum. Title I reading instruction was provided at the Macomber and elementary school, with the purchase of new kit-based reading intervention kits enabling students to receive more intensive small group instruction. The middle school had its first Title I after-school tutoring program in reading. Math tutoring programs at the elementary and middle school grades were provided through Title I and regular education funds during the day or after school. In addition, summer school programs were offered at the elementary school in reading and at the middle school in reading and mathematics. An innovative program was offered for high school students through a collaborative effort with Bristol Community College. Westport students entering grades 9, 10, and 11 attended a summer academy on the BCC campus where they took classes in math and English and had opportunities to explore college and career options. A program for students with language-based learning needs was developed at the middle school and high school in conjunction with the highly respected Landmark School. In order to differentiate programming for advanced students, the middle school continued to increase the number of students enrolled in Algebra I in grade 8.

The district committed thousands of dollars to replace textbooks and instructional materials, especially at the high school where the change in schedule required additional texts. New anthologies were adopted for English 9 and English 10. The elementary school added more hands-on science kits to implement the inquiry-based approach of the new elementary science curriculum. Schools increased the use of new technologies for instruction, including the use of online textbooks and resources.

Professional Development

Westport teachers consistently are rated as highly qualified according to state and federal guidelines. To maintain the high quality of instruction, staff throughout the district attended five full days and two half-days of regularly-scheduled professional development, participated in grade level meetings and common planning time, and attended summer institutes and courses. A district professional development committee oversaw planning and evaluating the program.

At the high school, teachers and administrators began the process of pre self-study for New England Association of Schools and Colleges (NEASC) accreditation. Committees were formed to review the school's status in each of the NEASC standards areas in preparation for an accreditation visit by a NEASC team in 2011. The high school also carried on its work of developing common assessments to be taken by all students studying the same course. The assessments provide a uniform way of evaluating student progress across subjects and grades and enable teachers to study students' work for patterns of errors and misunderstanding that require re-teaching. The high school continued its practice of reviewing school wide data in academics and citizenship to monitor student progress. At the middle school, staff began the school year with the professional development theme of *"What is Quality Work?"* with a focus on how to help students improve the level of proficiency in their school work. Teachers studied the use of formative assessment to learn about students' prior knowledge, learning styles, and interests in order to design lessons that differentiate to meet the needs of students. Teachers also attended workshops on writing strategies. All of this new learning was used to enhance the school's ongoing process of developing curriculum units that ensure the same content is taught and assessed in every grade and subject area.

At the elementary school, teachers implemented a new standards-based report card, and spent time developing and aligning classroom assessments to the report card. Elementary and Macomber school teachers continued to learn how to use data from DIBELS reading assessments to provide targeted interventions for students. To increase the teaching of inquiry skills in science, K-4 teachers learned how to use a scientist's notebook to take students through the process of asking questions, observing, making claims

and supporting them with evidence when studying the natural world. Primary and elementary teachers took part in an after-school math learning community course taught by the elementary school assistant principal. With middle school math teachers, they attended a workshop presented by the director of the Center for Teaching and Learning Math in Framingham, MA. The same presenter taught a summer graduate course in the district through Endicott College that was very effective in helping staff to better understand how students learn math and why math learning problems occur. The course was attended by teachers from all grade levels as well as by a number of teachers who enrolled from other districts on a fee basis. Pre-K teachers continued their implementation of Creative Curriculum. At grade level, department, and common planning meetings, teachers, administrators and curriculum coordinators engaged in careful analysis of MCAS results and other data and planned ways for improvement. District-wide, staff was trained in non-violent crisis intervention. Teachers, administrators and paraprofessionals were also given opportunities to attend courses and workshops provided by colleges, universities and outside organizations, with the district helping to subsidize the expense. Integration of technology into the curriculum was a priority throughout the professional development program.

Grant Funded Programs

The Curriculum Office pursued competitive grants in collaboration with schools and departments. Three grants were received from the MA Department of Education. Two of these grants funded a summer academy at Bristol Community College for Westport high school students. A grant was received by the elementary school to help build a system of tiered instruction.

Closing Statement

The Curriculum Office looks forward to continued collaboration with teachers, administrators, parents and members of the broader school community to make Westport's educational program an outstanding one.

<p>Special Education Ann Harkin, Director of Special Education 2009 - 2010</p>
--

The Special Education Department provides specialized instruction and related services, such as speech or occupational therapy, to eligible students who reside in Westport. When a student is determined eligible for special education, an individual education program (IEP) and placement proposed are by the district. The parent, or student if s/he is 18 years old, must accept the proposed plan before services can be provided.

Special education services are required by law to be provided in the most appropriate, least restrictive educational setting. In Westport, the least restrictive setting is the regular education classroom where students with and without disabilities learn side-by-side, working individually and in groups. In this setting, called inclusion, special education students may be taught by special and/or regular educators, sometimes supported by a supervised teaching assistant or paraprofessional.

In some cases, the IEP team has determined that the student can only be educated if s/he is removed from the regular to a special education classroom for instruction. Depending on the severity of the educational disability, a student may be removed for varying portions to an entire day. For these students, special education services may be provided in and out of the regular education classroom. When students are removed to a special education setting for instruction, they are taught by special education staff.

A small number of students have disabilities that require services that cannot be provided within the district.

These students usually attend specialized special education schools or programs that are so intensive or of such low incidence that it is more appropriate and cost effective for the district to pay tuition than to develop its own program.

The frequency and duration of any time a student receives special education services are defined in the IEP. In addition, any time the student is separated from the regular education setting a statement justifying the removal and describing its benefit must be written in the IEP.

On July 1, 2009, the Student Management System recorded 287 special needs students. This enrollment included 20 students placed in schools outside of Westport. The district has a legal obligation and moral commitment to providing services in the least restrictive environment and within the Westport community whenever possible.

The Macomber Primary School contains classrooms for preschool and kindergarten students. Students receive their initial educational experiences in a nurturing environment where they are taught to interact with other students and adults, to follow rules and work within a classroom setting, and to develop social skills through play and structured activities. A major focus of the curriculum is the development of language, with a particular emphasis on language processing skills, which are vital to all learning. All teachers are dually certified in regular and special education. This expertise allows staff to provide individualized interventions as needed within the general education setting while monitoring learning and progress based on developmental norms.

The Westport Elementary and Middle Schools provide special education services in small group and inclusion models in and out of the general education classrooms. Substantially separate classroom is available for severely disabled students. Students may take the advantage of exposure to the regular curriculum and peer socialization, interactions and relationships, while receiving individualized and specialized instruction or small group support according to their IEPs. Opportunities for integration are provided as students are able to meet mainstream expectations.

At Westport High School, special education students receive their instruction in inclusion or substantially separate settings. Substantially separate classes are available to more severely disabled students as determined by the student's IEP team. During the 2010 school year a school adjustment counselor was added to the high school staff to work with students in the PASS program, a substantially separate classroom for students with emotional disabilities or related behaviors. The district also contracted with a board certified child psychiatrist to support the PASS program. In 2010, the district partnered with the Landmark School to develop a regular education program for students with language-based learning difficulties. Some special education students with identified specific learning disabilities are included in these classes.

The Westport Special Needs Advisory Group (WePAC) plays an important role in providing informative programs on best practices and issues related to disabilities and special needs to parents and interested Westport residents. They also serve as an advisory group to the special education director and can be a source of family support. In January 2010, the group held a meeting for election of officers and there was no interest. However there was interest on the part of some parents in continuing to communicate with the special education department and participate in the annual training and other informational session that may occur.

In November 2009, the district received notice that the special education department had successfully met the requirements of the corrective action plan that resulted from the March 2009 audit.

Information Services
Elizabeth Lewis, Director of Technology
2009 – 2010

General Statement

As the first decade of the 21st century comes to an end, we, as educators, are very much aware that the students in our classrooms are a connected generation. The challenge facing our teachers today is to find new ways to use available technologies to connect with students and to prepare them for the workplace that is ahead of them--a place where technology skills and understanding are necessary for almost all jobs and for basic functioning in society. We see it as crucial to build and support what is colloquially referred to as "21st century skills" throughout all grade levels in the district. Therefore, providing students and faculty access to working and current technology and integrating technology skills into the curriculum continue to be the primary focus of the school system and are outlined in the district's technology plan.

School Programs and Facilities

Critical-thinking, communication, collaboration, and information literacy are the needed skills of the 21st century student. Technology is one tool that can be used to promote these skills; however, in order for these tools to be used, there must be access given to both teachers and students. Currently, the infrastructure is in place to provide high-speed network connectivity to every classroom and administrative office within the school district and between the schools. We also make use of wireless technology in our schools to expand the capabilities of our network. Attention to our Local and Wide Area Network infrastructure, through server upgrades and enhancements, remains a priority to help us to continue to provide a reliable and stable network to support classroom instruction and district productivity. Recognizing that not all information on the World Wide Web is appropriate for our students, the district has web filtering hardware and software in place to support the academic use of the internet and to be in compliance with the federally mandated Children's Internet Protection Act. Beyond the hardware and software safety measures taken, all students receive instruction related to the safe use of the internet, including lessons on ethical use topics such as cyberbullying.

The district's Technology department is staffed by the Technology Director, District Network Administrator, and Computer System Administrator and is essentially self-supporting in the repair and upkeep of technology equipment and related training of staff. The media centers at the high school and middle school are each staffed with a media director who works with faculty to provide guidance and resources for literacy and technology integration. This staffing helps guarantee adequate technical service for all users and to meet state guidelines for the ratio of technology support to number of users.

The purchase of up-to-date student workstations is a priority and, through the use of grant and budgeted funding, has remained a consistent goal within the technology plan. Each classroom has at least one multi-media computer that is connected to a mounted large screen monitor. The installation of these presentation units provides a valuable resource for technology-enhanced instruction. However, due to the age of these devices, replacement options are continuing to be explored.

The elementary, middle, and high schools all have at least one multi-media lab available for student use, and the high school has access to mobile labs, which have made a tremendous impact on the use of technology as a learning tool. Over the school year upgrades to student labs were made in each school. The DESE defines a type 'A' computer as one that has at least 1GB of RAM and a 2.0GHZ processor. At the end of the 2009-2010 school year the district had a student to 'A' computer ratio of 6.82

Curriculum and Instruction

Professional development is a critical part of providing teachers with strategies to integrate technology into content area classrooms. The technology office works cooperatively with the curriculum office in order to offer professional development that promotes both technology and content-area development, most frequently employing a "just-in-time" approach. Unit plans that are currently being developed in all of the schools contain integrated 21st century skills.

The Westport Community Schools continues to promote, through a conscious effort, the infusion of technology into every facet of our educational community. Additionally, we often look to technology to support our efforts in preserving the environment. Announcements that have been traditionally sent home on paper are now posted on the district's website as part of a "virtual bulletin board." The district also utilizes email, *One Call Now*, and Channel 16 to communicate with parent and community stakeholders to keep them apprised of

the happenings in the schools. Teachers continue to utilize electronic grade books to calculate and submit grades electronically. This accurately streamlines the process of providing feedback on academic progress to parents, students, and faculty. In addition, teachers use productivity software to create materials for their classes and rely on email as a communication tool. Technology continues to be utilized to help in the analysis of student test scores, which drives the district's decision making for curriculum enhancements and alignments with the standards. Over the past year, the district received a grant from the Department of Elementary and Secondary Education to align our student information system with the "Schools Interoperability Framework" (SIF). Although only in its infancy, this will eventually allow us to automatically electronically communicate with the state databases, allowing for the automatic exchange/updating of demographic and assessment data.

Summary Statement

The growth of technology continues to impact education and the way that our students learn each year. Infusing 21st century skills into our standards based curriculum is an essential component in the educational process. As a school district, we are committed to providing students and teachers with opportunities to strengthen these skills, which are critically necessary for success in the rapidly changing age of information technology.

Student Transportation Services
Michelle A. Rapoza, Student Services Coordinator
2009-2010

The Westport Community Schools' student transportation program provides three types of service: regular school bus transportation, specialized van transportation for students with special needs, in compliance with Massachusetts General Laws Chapter 71B, and individualized service plans for homeless students, in compliance with the federal McKinney-Vento Homeless Assistance Act.

Regular School Bus Transportation

The district offers school bus transportation to all students who are residents and live more than 1.5 miles from their schools. Transportation for students in grades K-8 is ***paid entirely*** by funds from the annual school budget. High school students purchase bus passes, entitling them to transportation to and from school for the entire school year. For students who rode the bus every day, the cost to them was less than \$2.65 per trip; bus pass fees helped make transportation costs manageable. High school bus passes for the 2009-2010 school year cost \$125 per student or a maximum of \$250 per family. Despite rising energy prices, bus pass fees ***have not increased for four years***. Fees are waived for students whose family incomes meet Federal guidelines set for the National School Lunch Program.

School bus transportation was provided by Tremblay's Bus Company of New Bedford, lowest bidders for the one-year contract advertised by the district. The company maintains a yard and dispatch office in the town and runs 17 bus routes in two tiers, carrying high school and middle school students from 6:30-7:30 a.m. and transporting elementary school and kindergarten students from 7:30-8:30 a.m. The system takes students home after school in the same way. Each bus carries a minimum of 77 passengers; the district provided school bus service to about 1,300 students, with average daily route ridership about 67 students. We are charged at a rate of 17 routes @ 201.63 X 180 days, plus performance bond of \$4,627.40, for a total Regular Education Transportation cost of \$621,615.20 (2ndnd year of a 2 year contract). Routes are designed for maximum fuel efficiency while ensuring that no route is more than one hour in length.

Special Needs Transportation

Massachusetts General Law Chapter 71B helps ensure that children with disabilities receive equal opportunities for education. The law requires towns to provide disabled school-age children with accessible transportation to and from local schools or special schools outside the town, where children can access special services and accommodations. The state reimburses the local school district for some of these special transportation costs. Special needs transportation in Westport was provided by Enos Bus Company. During the year, the district utilized eight specially-equipped vehicles as well as specially-trained drivers and monitors to transport **31** students to Westport schools and other public, private and collaborative schools in the region. Many special needs students attend classes year-round and on weekends.

Transportation For Homeless Students

The federal *No Child Left Behind* (NCLB) regulations require school districts to arrange transportation and cover or share coverage of the costs for homeless students who may no longer be able to live in the school district but still want to complete the school year in their community. Westport schools paid or shared the cost of transportation services for **2** homeless students in the 2009-2010 school year.

Transportation Financial Report Fiscal Year 2009-2010	
<i>Transportation Salaries and Support Services</i>	<i>\$49,219</i>
<i>Regular Education Transportation Expenditures</i>	<i>\$631,289</i>
Regular School Bus Transportation	621,615
Transportation for Homeless Students	9,308
Supplies and Safety Materials	366
<i>Special Education Transportation Expenditures</i>	<i>\$348,993</i>
Special Needs Transportation (provided by the district)	336,221
Special Needs Transportation (reimbursements to parents)	12,772
<i>Total</i>	<i>\$1,029,501</i>

Food Services
Michelle A. Rapoza, Student Services Coordinator
2009-2010

The Westport Community Schools' food services program is completely self-supporting, generating revenue

through meal, vending sales, reimbursements from the U.S. Department of Agriculture (USDA), and the Massachusetts Department of Education (DOE). Revenues fund all day-to-day operations, finance the replacement of aging equipment and cover the costs of implementing new technology in food service operations; including computerized point-of-sale systems at three schools.

All Westport schools participate in the National School Lunch Program, providing nutritionally balanced, low-cost or free lunches to Westport children during the year. School districts participating in the lunch program receive cash reimbursement and donated commodity foods from the USDA for each meal they serve. In return, schools must serve lunches that meet Federal nutrition requirements and they must offer free and reduced-price meals to eligible children.

Children with family incomes below 130 percent of the poverty level are eligible for free meals. Those between 130 and 185 percent of the poverty level are eligible for reduced-price meals. During the year, our schools served 38,124 free and 14,985 reduced-price lunches – an increase of 10% from last year, putting the percentage of Free and Reduced lunches at 24% of the total student enrollment. Applications for free or reduced-priced meals are available throughout the year. The privacy of students who receive these meals is protected; their participation is anonymous. Meal costs at Westport Schools are **lower** than state and national averages and **have not changed in over four years**: lunch at the high school and middle school is \$2.00 and \$1.75 at the elementary school and kindergarten. Reduced-price meals are \$0.40.

Although school lunches must meet Federal nutrition requirements, decisions about what specific foods to serve and how they are prepared are made by our local school food services staff. All meals meet the Dietary Guidelines for Americans. Each meal provides at least one-third of the recommended daily allowances for protein, Vitamin A, Vitamin C, iron, calcium and calories. Our schools actively support local growers through SEMAP's "Buy Fresh Buy Local" consortium, buying fresh and/or organic produce.

During the year, our 16-member staff served 201,372 meals. Staff members participated monthly in food and industrial safety training, and all food preparation facilities and recordkeeping procedures were inspected monthly by a private compliance contractor. Facilities were also inspected at least two times by the Board of Health. Most staff members are ServeSafe and CPR certified.

Vending sales at Westport Schools are confined to healthy, reduced-calorie snacks and beverages that meet the nutritional guidelines of our Wellness Policy. The school district is a partner with Pepsi Beverages Company, the exclusive provider of our bottled water, fruit and vegetable juices (our schools do not offer any soda products to students or products that contain splendor products at the Macomber, Elementary or Middle Schools). This is the 1st year of a 3 year contract.

Food Services Financial Report Fiscal Year 2009-2010

Beginning Balance	\$ 100,082
Revenues	679,103
Sales	499,665
State and Federal Reimbursement	179,438
Expenditures	(653,855)
Salaries	301,262
Food	276,510
